

Revo Uninstaller - User's Guide

In the middle part of the main window is shown the active tool. There could be only one active and visible tool at a given moment.

3. Uninstaller

When Revo Uninstaller is started, its main window fills with the programs installed on your computer. Depending on your options, other items such as system updates or system components may also be listed. Depending on the view option, programs are shown as Icons, List, and with Details such as Name, Size, Version, Installation Date, Company, Comment, Uninstall String, Registry Key and Website.

From the uninstaller toolbar you can change the way that the list of applications may be viewed. A fast and simple way to change that view is to click on the View button. Alternatively, you can use the drop-down button and click on the little arrow on its right side. This will show you the menu with all view options - Icon, List and Details.
