The Gender Communication Connection Teri Kwal Gamble, Michael W. Gamble, 2020-11-09 The third edition of this classic text helps readers consider the myriad ways gendered attitudes and practices influence communication in our personal and professional interactions. Written in an engaging style with a wide array of exercises designed to challenge and interest readers in applying what they learn, the book integrates research with examples from contemporary life related to gender and culture, race, class, and media. Among new topics covered in this edition are multiple genders, gender activism, and the MeToo movement and challenges of twenty-first century masculinities and femininities, including expanded coverage of contemporary male issues. Fresh coverage is also afforded to each communication context, particularly gender at work, the legal and political spheres, global cultures, and the digital world, including social media. The book is ideally suited for undergraduate courses in gender and communication within communication studies, sociology, and business departments. Online resources include lecture slides and an instructor's manual.

Purple Passionflower Roddie Lee Kingsfield, M.Ed., 2018-10-22 *Purple Passionflower* By Roddie Lee Kingsfield. Author Roddie Lee Kingsfield M.Ed. a trans woman has struggled with abuse, harassment, and discrimination for most of her life. In her book *Purple Passionflower: The Path to Becoming a Powerful Trans Peace Warrior*, we see great examples of transgender empowerment through the eyes of her own life. The book covers a number of issues important to all trans people and the trans community. We, readers, can understand that more and more the LGBTQ community and straight men and women the world over are rapidly expanding their respect and support for trans men, women, and children.

Care of Adults with Chronic Childhood Conditions Alice A. Kuo, Mariecel Pilapil, David E. DeLaet, Cynthia Peacock, Niraj Sharma, 2024-07-18 This book addresses the unique healthcare needs of adults with chronic childhood illnesses. It presents a model of primary and secondary prevention for emerging adulthood: primary prevention in which all young adults are screened for high-risk behaviors and health needs, and secondary prevention in which young adults with chronic childhood conditions are optimized through coordinated care, connections to community resources, and social/family support. Now in its revised and expanded second edition, this book is organized in seven parts. Part I provides a detailed overview of the health care transition from pediatrics to adult medicine from both a policy and practice perspective. New topics in this section include telemedicine as a tool to optimize transition care and systems of care, models of care that include practical steps on how to get transition transfer done or care for these patients in the appropriate setting. In Part II, the concept of emerging adulthood as a developmental period is explored, and strategies for providing improved comprehensive care for this age group are discussed. A section on addressing health maintenance has been added to this edition. Part III reviews specific chronic childhood conditions such as attention deficit hyperactivity disorder, autism, cystic fibrosis, and diabetes mellitus, and offers clinical cases and summary reports that can be used as quick guides to each condition. Several new conditions have been added to this section, including metabolic issues, conditions, eating disorders, transgender medicine, and childhood endocrine conditions.

Section IV is a completely new section that focuses on hospital medicine Chapters within this section include pre op clearance maintaining safety neurodiversity considerations ER issues and triaging emergencies contact with PCP adult issues not addressed pediatric issues often overlooked inpatient transition policies procedures Med Peds Transition palliative care hospice and unique inpatient cases In Part V additional clinical considerations that are not necessarily condition specific but are highly relevant to the care of young adults with chronic childhood conditions are examined Part VI describes the socio legal issues involved in caring for this population Finally part VII is another completely new section that focuses on public health and population considerations Chapters in this section include telemedicine disaster preparedness quality improvement health care services mental health psychiatry neurodiversity and addressing equity and racism Written by experts in the field Care of Adults with Chronic Childhood Conditions 2e provides primary care providers with a new framework for the care of young adults and identifies opportunities to influence patient health outcomes over a life trajectory
