

A serene sunset over the ocean. The sky is a warm, golden-orange color, transitioning into a darker blue as it meets the horizon. The ocean is calm, with gentle waves lapping at the shore. In the foreground, dark, jagged rocks are visible, partially submerged in the water. The overall mood is peaceful and contemplative.

Your mind can make you sick,
and your mind can heal you.

Your Mind Can Heal You:

Your Mind Can Heal You Frederick W. Bailes, 2013-10 This is a new release of the original 1941 edition **Your Mind Can Heal You** Frederick Bailes, 1985-12 YOUR MIND CAN HEAL YOU A New Thought Healing Classic A Clear and Concise Introduction to the Technique of Mental and Spiritual Healing Through advanced research the medical community now has a wide array of techniques state of the art tools and knowledge that greatly enhance their ability to diagnose and treat illness Despite these advances the root cause of illness continues to mystify and challenge individuals in one form or another While stricken with a life threatening illness Dr Frederick Bailes observed unhealthy emotional traits in himself and others that were deeply seeded not in the physical symptoms but in the harmful emotions created by the human mind Whatever the basic fear pattern the fact remains that the real illness is not so much the outward physical manifestation as the underlying mental state says Bailes It follows that any remedial action directed only at the physical form will leave the fundamental cause untouched the health seeker must now learn how to erase the destructive thought pattern before they can hope to eradicate the physical illness The logic is simple If the mind can create certain thought patterns that result in illness the mind can therefore also create certain thought patterns that can lead to and maintain wellness The words of Dr Frederick Bailes have been studied for generations by countless New Thought followers around the world but the impact of his work is now being re discovered as medical professionals researchers and mainstream media echo his sentiments and awaken to this healing philosophy **How Your Mind Can Heal Your Body** David R. Heal Yourself P.K. Nesbit, 2011-02-15 We think that on one hand there is our mind and on the other hand there is what seems separate from the mind physical body and the world Taking for granted that our perception is an objective tool for examining the outside reality we end up in conflict with everything around us and with ourselves Our sickness and unhappiness is the proof that our mind is at war yet we are doing this onto ourselves When we realize that we are always in control we can disregard our false interpretation the senses are reporting us We will then realize what is of valuable and let go of valueless We need to question our habitual responses based on fears from the past and start fresh and learn to make new decisions based on the desire for inner peace and equality with everyone Everyone is aware of the same I as I am I is not divided All Power in it is the same and maximal it is one There is no other Power than this It has no parts It is perfectly united and at our disposal It is our daily bread Yet because we rather focus our attention on the outside body and the world we perceive ourselves split instead of united with all Creation When we change our focus and look at each fragment of conflict we chose to perceive and decide to let the division go and become aware of Oneness of I instead This is the decision for healing In the book I have described fragmentation of our thinking in many practical situations and how I dealt with them This process of undoing will heal the mind that will also reflect upon the body At first it was easier for me to practice undoing with children rather than adults I ran my own gymnastic school for twenty three years and by deciding to let it be a place of fun it became our mutual learning ground The school was completely transformed and provided many programs for joyous socializing In an open structure and noncompetitive environment the children learn the best The teacher can choose to be neutral peaceful and let children learn how to make their own decisions In the forgiveness process of letting go everyone needs be included because everyone is innocent The book does concentrate on clarifying the two thought systems that govern our thinking The choice is always ours In order to focus on the fundamental distinction between them I repeat the concepts illustrate them in practical situations and summarize the approach of changing of mind By completing the manuscript I have realized that all information I need is now at my disposal and I will receive more as I apply it more It is only the application that opens the door to understanding of what is the next step to take The purpose of all situations is our healing The sooner we respond to them in the peaceful way the faster our mind heals Yet we can take as long as we want to take The basic premise is that Power of God is within and how I feel is the direct result of what I think If I have problems I do not need to change the world in order to have Peace but to change what I think This is done through relationships People that are assigned to learn with us are constantly appearing in our lives I can assure you that you would not choose them

yourself However you called them and they responded You are ready for them They present rather than an illusion of love They will bring more harmony and joy to your life than you could ever imagine Forgive them and you will see them truly Opening the door to everyone is the key to restoration of your true Self Welcome on board
