Superman and Son Ralph Schoenstein, 1995 To Ralph Schoenstein his father was the New York version of Superman Not a mild mannered reporter who put on a cape in a telephone booth but a commanding editor who could use a telephone booth to get tickets to any sold out Broadway show Father Paul was city editor of Hearst's New York Journal American the U S's biggest evening paper through the 40s and 50s This affectionate memoir evokes a giant of great animal magnetism a filial funny book that Superman would have loved and that anyone might admire Time Magazine Enjoy a sneaking look back at the days when newspapering was a game as well as a trade when the world paraded through a newspaper's door without security passes when scoop hungry city editors not only breathed fire they inhaled Schoenstein's gem of a memoir brings it all back in a rush of wit and longing Columbia Journalism Review Father and son literature goes back to the Bible but I doubt whether there has ever been anything quite like Schoenstein's memoir Certainly nothing as funny warm and poignant all at once Los Angeles Times Publisher's Note This book was previously titled Citizen Paul The Story of Father and Son published in 1978 and out of print

King's Road to Pleasant Street (And Other Poems to Nowhere) Jace Paul, 2020-03-07 In his second volume of poetry Jace Paul takes a retrospective look at the works of his early years Roughly divided into two eras the King s Road years of his childhood and the time spent in a Pleasant Street apartment during college the poems are deeply confessional and richly textured with strong and often conflicting emotions From the award winning Breakfast and The Serpent to poignant set pieces like Bill and L Americain Paul consistently employs colorful straightforward language to capture his subjects and experiences Though poetry has lost much of its appeal and value in the twenty first century Paul charges it with new energy by making it more about stories than images more compassionate than abstract

The Cognition of Basic Musical Structures David Temperley, 2004-08-20 In this book David Temperley addresses a fundamental question about music cognition how do we extract basic kinds of musical information such as meter phrase structure counterpoint pitch spelling harmony and key from music as we hear it Taking a computational approach Temperley develops models for generating these aspects of musical structure The models he proposes are based on preference rules which are criteria for evaluating a possible structural analysis of a piece of music A preference rule system evaluates many possible interpretations and chooses the one that best satisfies the rules After an introductory chapter Temperley presents preference rule systems for generating six basic kinds of musical structure meter phrase structure contrapuntal structure harmony and key as well as pitch spelling the labeling of pitch events with spellings such as A flat or G sharp He suggests that preference rule systems not only show how musical structures are inferred but also shed light on other aspects of music He substantiates this claim with discussions of musical ambiguity retrospective revision expectation and music outside the Western canon rock and traditional African music He proposes a framework for the description of musical styles based on

preference rule systems and explores the relevance of preference rule systems to higher level aspects of music such as musical schemata narrative and drama and musical tension Billboard Music Week ,1907 *Catalog of Copyright Entries*
