You Feel So Mortal Essays On The Body:

You Feel So Mortal Peggy Shinner, 2022-12-22 A smart witty bittersweet book of writings about her own body the author examines the journey of life inside that most imperfect of vessels Chicago Tribune Feet bras autopsies hair Peggy Shinner takes an honest unflinching look at all of them in this collection of searing and witty essays about the body her own body female and Jewish those of her parents the bodies she came from and the collective body with all its historical social and political implications What she asks does this whole mess of bones muscles organs and soul mean Searching for answers she turns her keen narrative sense to body image gender ethnic history and familial legacy exploring what it means to live in our bodies and to leave them behind Over the course of twelve essays Shinner holds a mirror up to the complex desires fears confusions and mysteries that shape our bodily perceptions Driven by the collision between herself and the larger world she examines her feet through the often skewed lens of history to understand what makes them in the eyes of some decidedly Jewish considers bras breasts and the storied skills of the bra fitter asks from the perspective of a confused and grieving daughter what it means to cut the body open and takes a reeling time trip through myth culture and history to look at women's hair in ancient Rome Laos France Syria Cuba India and her own past Some pieces investigate the body under emotional or physical duress while others use the body to consider personal heritage and legacy Throughout Shinner writes with elegance and assurance weaving her wide ranging thoughts into a firm and fascinating fabric Stand Up Straight! Sander L. Gilman, 2018-02-15 Our bodies are not fixed They expand and contract with variations in diet exercise and illness They also alter as we age changing over time to be markedly different at the end of our lives from what they were at birth In a similar way our attitudes to bodies and especially posture how people hold themselves how they move are fluid We interpret stance and gait as healthy or ill able or disabled elegant or slovenly beautiful or ugly In *Stand Up Straight* Sander L. Gilman probes these shifting concepts of posture to explore how society's response to our bodies appearance can illuminate how society views who we are and what we are able to do The first comprehensive history of the upright body at rest and in movement *Stand Up Straight* stretches from Neanderthals to modern humans to show how we have used our understanding of posture to define who we are and who we are not Gilman traverses theology and anthropology medicine and politics discarded ideas of race and the most modern ideas of disability theories of dance and concepts of national identity in his quest to set straight the meaning of bearing Fully illustrated with an array of striking images from medical historical and cultural sources *Stand Up Straight* interweaves our developing knowledge of anatomy and a cultural history of posture to provide a highly original account of our changing attitudes toward stiff spines square shoulders and flat tummies through time *The gift of the Spirit, a selection from the essays of P. Mulford. With an intr. by A.E. Waite* Prentice Mulford, 1898 **The Complete Short Stories and Famous Essays of Mark Twain** Mark Twain, 1928 *Joseph Mazzini. A memoir by E.A.V. Taylor Emilie Ashurst Venturi,1885 **God the Mother, and Other Theological Essays** Janice Merrill Allred,1997 Like street philosopher Eric Hoffer whose years as a longshoreman informed his keen observations of life and society Janice Allred interprets Mormon theology from her perspective as a housewife and mother of nine But for writing about the traditional though recently controversial LDS belief in a Mother in Heaven she was excommunicated just after Mother s Day 1995 and thereby catapulted into the public spotlight Jesus taught us to pray to the Father Allred writes not to set up barriers between us and God but to remove them God is also our Mother a Mother who knows our needs before we can express them a Mother who is here before we called out to her LDS church leaders forbid speculation about or praying to the Goddess but they have stopped short of repudiating her outright Whether or not one agrees with the author s views one has to acknowledge her skill in stimulating thought provoking possibilities that empower women which is what she intended
