The Psychology of Suicide: From Research Understandings to Intervention and Treatment Yossi Levi-Belz, Yari Gvion, Alan Apter, 2019-07-11 Suicide is a highly complex and multifaceted phenomenon with many contributing and facilitating factors and variables However given its being one of the most severe human behaviors an obvious focus would be to identify the underlying psychological mechanisms and processes that may lead to suicidal ideation and behavior This eBook is dedicated to studies exploring various approaches to the psychology of suicidal behavior as well as of non suicidal self injury NSSI The purpose of this eBook is to shed light on in depth examinations of the current knowledge and empirical data regarding models theories and specific dimensions and variables that may help us increase the psychological understanding of suicidal phenomena The specific goal is to identify particular psychological characteristics that may be used to develop prevention and intervention methods and programs We believe that this eBook can contribute to the understanding of this behavior and help to develop specific tools therapeutic guidelines and programs that may help reduce the number of suicides occurring annually This eBook is dedicated to our dearest friend Dafni Assaf who was one of the greatest leaders of the suicide prevention program in Israel

The Life-Course of Serious and Violent Youth Grown Up Evan McCuish, Patrick Lussier, Raymond Corrado, 2021-06-30 The Life Course of Serious and Violent Youth Grown Up addresses significant gaps in the literature on youth involved in chronic serious and violent offending Through longitudinal research and a long follow up into adulthood it challenges common perceptions about offending outcomes Using theoretically grounded methodologically sophisticated and empirically driven research this book culminates 20 years of data emerging from the Incarcerated Serious and Violent Young Offender Study ISVYOS Initiated in 1998 to understand the origins of serious and violent youth offending it follows 1 719 formerly incarcerated youth through adulthood and offers a contemporary perspective to questions about chronic offending in adolescence and social and offending outcomes in adulthood The authors provide a theoretically framed examination of new

findings from the ISVYOS regarding participants justice system involvement from onset to persistence to desistance Most participants experienced continued involvement in the justice system in adulthood However contrary to past literature ISVYOS findings challenge static descriptions of chronic offending and notions of the youth super predator ISVYOS findings also challenge assertions that experiences and risk factors in childhood and adolescence are not informative of adult justice system involvement Together the findings call for a more humanistic approach that recognizes that the complex lives of individuals formerly incarcerated in adolescence implies that desistance does not happen by default This book will be of great interest to scholars researchers and students of forensic psychology developmental and life course criminology youth justice and violent crime
