into a book that preserves this legacy for generations to come Let My Legacy Be Love Christina Beauchemin,2021-10-05

Let My Legacy Be Love is an intimate exploration of one woman's experiences as she digs in to understand the events that shaped her. Marrying her love of storytelling and her passion for NeuroLinguistics Programming NLP Beauchemin demonstrates the remarkable power of examining old stories as a path to reveal a new perspective and greater truth. By identifying and turning around feelings of inadequacy that were deeply and unconsciously rooted in her past, she gained insights that changed her life. Digging into a long-loved memory of bending over a cluster of yellow flowers allowed her to pinpoint the exact moment of deciding to see only the good in other people. Revisiting her first communion brought clarity on her life-long distrust of organized religion. Each discovery shared is insightful, uplifting, and offered as a preparation for you to begin unraveling the source of your own inner critic. Beauchemin's honestly and authentically told stories range from laugh-out-loud funny to heartbreakingly sad. The included workbook offers a roadmap to life-changing self-love **Creating A Business and Personal Legacy** J. Mark Munoz,2020-08-06

In a world where racism, violence, illness, and poverty can feel so overwhelming that we often close our eyes and our hearts to the suffering around us, we may not believe we have the power to change things. As Barbara Greenspan Shaiman shows us in *Live Your Legacy Now*, this simply isn't so. This part memoir and part how-to guide provides the tools and strategies to help you create meaningful change in your own life as well as in the lives of others. The daughter of Holocaust survivors, Shaiman shares stories from her family history and over thirty years of her own life experience as a successful educator, business woman, and social entrepreneur to inspire and guide you to create a vision and plan for initiating a personal legacy. Shaiman details her effective ten-step approach by helping you identify your core values, interests, and skills. Reflect on how you can use these assets to create meaningful projects that make a difference locally or globally. Share these experiences with family, colleagues, and friends to create cultures of caring at home, at work, and in your community. *Live Your Legacy Now* provides a simple formula to help people of all ages and backgrounds live richer, more meaningful lives by creating projects for personal growth and social change Capture Your Legacy Dr. Ken Canfield, Emily Hibard, MPA,2020-08-10

We are the architects of our own heritage. The positive words and memories we share will have a lasting impact on our grandchildren and on us as well. Can we do this perfectly? No, but we can do it better. And the positive aspects of our heritage can become solid building blocks for our grandchildren Leaving a Legacy Dan T. Garrett, Tim

Woodroof,2014-02-11 A sobering statistic For centuries 70 percent of family wealth has dissipated by the second generation and 90 percent is lost by the third generation It has nothing to do with taxes economies or cultures It is the failure of families to transfer leadership and values to succeeding generations The most important inheritance your children receive from you comes while you are still alive It is embedded in your everyday life It is made up of the values you prize and the priorities you practice This is an inheritance you live and model to your family friends and the people who make up your world If your priorities during life are your faith your relationships and your values you should maintain those priorities as you develop your legacy That means making sure the financial inheritance you leave will be regarded as a tool and a resource to support the real inheritance of values your children have already received This book will help you put family and faith before fortune as you plan for the future Doing that increases the chances that your family can thrive in its relationships and still prosper materially for generations Families who follow the process described in this book will come to a better understanding of their relationship to each other their community and to money Families will learn to communicate more clearly and more honestly about the joys of hard work shared goals philanthropy and finances They will learn how to communicate listen to the opinions of others set family goals develop family unity reward individual achievement and how to make money a tool for achieving family goals for themselves and the kingdom of God
