 1953 the Fathers of the Church series published selected sermons of St Peter Chrysologus ca 406 50 Archbishop of Ravenna
 and Doctor of the Church thereby making thirty percent of his authentic sermons available to an English speaking audience
 With the publication of this volume all of Chrysologus s authentic sermons up to number 72 are now available in English The
 sermons offer readers a glimpse into the daily life religious debates political milieu and Christian belief and practice in the
 second quarter of fifth century Ravenna Chrysologus preached and served as bishop at a time when the seat of the western
 Roman Empire was located in Ravenna North Africa and the early years of Pope Leo the Great s pontificate in Rome His
 sermons attest to his relations with the ruler of the state the Empress Galla Placidia as well as his familiarity with some of the
 significant theological controversies of the day His chief importance however was not as an outstanding theologian but as a
 shepherd who ruled his flock and preached well to its members Loyally orthodox he urged them to practice Christian virtues
 He was concerned with their moral rectitude and spiritual growth their understanding of the basic tenets of the Christian
 faith their reverence and love for God and their immersion in the Scriptures Chrysologus s sermons are relatively brief in
 length at least according to patristic standards and he combines colloquial speech with a highly rhetorical flourish of his
 congregation how enamored he was of the beauty of the countryside or seashore and how thoroughly imbued he was with the
 letter and the spirit of the Scriptures *The Dial* ,1916 Transactions of the American Dental Association at Its ... Annual
