Dear Parents and Guardians,

Welcome to the Elementary Progress Report Card for your child. The purpose of this report card is to communicate the progress your child has been making since the beginning of the school year. The progress report also indicates how well your child is demonstrating the various learning skills and work habits and identifies areas where you may be able to support your child in achieving success this year. This report is not an evaluation or a record of achievement levels. It reflects preliminary observations of your child's learning to date. It is our hope that this report will serve as a central part of rich discussions between home and school.

This report card informs you of the progress your child is making in each subject. Progress is described as follows:

- Progressing with **Difficulty**: The student is currently demonstrating **some learning** in relation to the curriculum expectations and **may not achieve** the learning goals of the term. The student is being supported in achieving the learning goals.
- Progressing **Well**: The student is currently demonstrating **sufficient learning** in relation to the curriculum expectations and **is likely to achieve** the learning goals of the term.
- Progressing **Very Well**: The student is currently demonstrating **significant learning** in relation to the curriculum expectations and **is expected to achieve** the learning goals of the term.
