Yuri Bezmenov:

Yuri Bezmenov Charles River,2020-12-12 Includes pictures Includes a bibliography for further reading The main emphasis of the KGB is not in the area of intelligence at all Only about 15% of time money and manpower is spent on espionage and such The other 85% is a slow process which we call either ideological subversion or active measures or psychological warfare Yuri Bezmenov The KGB is one of the most famous abbreviations of the 20th century and it has become synonymous with the shadowy and often violent actions of the Soviet Union s secret police and internal security agencies In fact it is often used to refer to the Soviet state security agencies throughout its history from the inception of the Cheka Extraordinary Commission in 1917 to the official elimination of the KGB in 1992 Whether it s associated with the Russian Civil War s excesses Stalin s purges and even Vladimir Putin the KGB has long been viewed as the West s biggest bogeyman during the second half of the 20th century Inevitably some of the Cold War s most shadowy actions involved trying to turn Soviet assets whether for propaganda or intelligence purposes but the Soviet system constantly had to worry about defections as evidenced by the construction of the Berlin Wall in the early 1960s That said while the whistleblowers may be celebrated if they damage the public relations of an adversary they can be controversial if they damage one s own country as evidenced by the polarizing reputations of individuals like Edward Snowden and Julian Assange Yuri Bezmenov was among the first Soviet whistleblowers to attract attention on a global scale and interest in his story has recently been revived thanks to his surprising cameo in the teaser trailer for Call of Duty Black Ops Cold War in August 2020 This came despite the fact he was far from the first ex KGB agent or Russian to pull back the curtains on the Russian government and reveal the harrowing truths they were once sworn to harbor as well as the disconcerting covert operations of which they once allegedly partook In fact the history of Russian defectors who later emerged as informants in the name of public interest stretches back to the 16th century when Andrey Kurbsky a former boyar high ranking military commander and trusted adviser to Tsar Ivan the Terrible decamped to Lithuania on April 30 1564 Nonetheless Bezmenov remains known for his works after becoming disillusioned with the Soviet system in middle age his interest in India and his ultimate defection to Canada which led to him railing against Soviet communism in various lectures and works throughout the 1980s Yuri Bezmenov The Life and Legacy of the Influential KGB Informant Who Defected to the West chronicles how Bezmenov went from the KGB to a thunderous anti Soviet activist in America in the 1980s Along with pictures of important people and places you will learn about Bezmenov like never before [Love Letter To America](#) Tomas Schuman,2021-04-12 Yuri Alexandrovich Bezmenov was a former KGB officer and journalist who worked for the Novosti Press Agency and who ultimately defected from the Soviet Union to Canada Yuri chose freedom Writing as Tomas Schuman in Love Letter to America Yuri describes Soviet genocidal Communism and explains how good it is to be free **Don't Believe the Hype!! (First Revision)** C. Brian Madden,2017-05-11 Ever ask the question Why today s Millennials in America s Black Community seem so mad at the world and don t care whether they live

or die these days There is a reason for it and it is being done on purpose to destroy this country It s called Communism And it is Real Don t Believe the Hype First Revision is an explosive book which investigates how and why Communist Subversion Perversion has taken over the African American Community with the sole intent to use and destroy them while simultaneously destroying the rest of United States of America from within Using Historical Facts from the Mid 19th Century to the present era Don t Believe the Hype will surely spark Geo political conversations between people of all races genders and back grounds

decades of firsthand experience navigating the evolving landscape of the United States Through a blend of personal observation and rigorous analysis Fiero offers a unique and urgent perspective on the existential challenges facing the nation driven by a deep conviction to reclaim the promise of America What happens when a nation forgets what it stands for The Death of The USA We Love is not just a book it s a warning In this piercing and personal account the author dissects the slow motion collapse of the American republic through corrupt policy cultural decay and ideological subversion The death isn t coming it s already underway But the battle for rebirth starts here **Russian Active Measures** Olga Bertelsen,2021-03-30 The contributions gathered in this fascinating collection in which scholars from a diverse range of disciplines share their perspectives on Russian covert activities known as Russian active measures help readers observe the profound influence of Russian covert action on foreign states policies cultures people s mentality and social institutions past and present Disinformation forgeries major show trials cooptation of Western academia memory and cyber wars and changes in national and regional security doctrines of states targeted by Russia constitute an incomplete list of topics discussed in this volume Most importantly through a nexus of perspectives and through the prism of new documents discovered in the former KGB archives the texts highlight the enormous scale and the legacies of Soviet Russian covert action Because of Russia s annexation of Crimea in 2014 and its on going war in Ukraine s Donbas Ukraine lately gained international recognition as the epicenter of Russian disinformation campaigns invigorating popular and scholarly interest in conventional and non conventional warfare The studies included in this collection illuminate the objectives and implications of Russia s attempts to ideologically subvert Ukraine as well as other nations Examining them through historical lenses reveals a cultural clash between Russia and the West in general *Dialectical Leftism's Assault on Canada* Mavros Whissell,2024-09-16 Canada is battleground to a Western culture war The seeds for that contest were sown after Karl Marx published the Manifesto of the Communist Party in 1848 It took just thirty years for that radicalism to cross the Atlantic and invade the New World Dialectical leftism s assault on Canada spread like a slow but deadly virus Before it could be successfully treated it mutated under subsequent waves of radical ideology Under its increasing influence the Canadian state began to realign during the Pierre Elliot Trudeau years This ideological trajectory was forcefully reinvigorated through Pierre s eldest son Justin Dialectical leftism s current targets face Neo Marxist postmodern accusations of systemic racism and White supremacy This woke ideology the most recent iteration of dialectical leftism threatens to tear the West apart How exactly did Canada get to this point What can we do about it Find out in the very book you hold **Big Intel** J. Michael Waller,2024-01-16 Big Intel recounts the dramatic story of the rise and Cold War heroics of the CIA and the American intelligence apparatus followed by its unfortunate slide into Marxist influenced Deep State dysfunction as BIG INTEL became BAD INTEL How the Left Subverted the CIA and FBI Once upon a time the FBI and the CIA fought America s enemies at home and abroad Now they are tools of a growing police state attacking the left s political enemies and spying on ordinary American citizens even

parents who push back against radical public schools How did we get here In this revealing and thoroughly documented book a former CIA operative traces the origins of Big Intel to a loose network of Marxist academic agitators known as the Frankfurt School Their ideology appealed to the Ivy League elites populating the CIA but the subversion of the FBI took longer impeded for a time by the bureau's staunchly anti Communist director J Edgar Hoover Eventually both institutions succumbed and today Big Intel is controlled by the cultural Marxists Chronicling the parasitic infiltration of the CIA and FBI Big Intel shows how normal intelligence functions have given way to political correctness and never ending pride propaganda trapping agents in the diversity equity and inclusion house of mirrors Most chilling of all is the emergence of the leftist security state Big Intel has become Bad Intel There are hard times ahead but if Americans remember what freedom once was we can still defang Big Intel and return our intelligence services to the service of democracy **Ideological Subversion**
