Lizbeth Goodman, Jane de Gay

Wages For Housework In The Decade Of Womens Liberation:

Wages for Housework in the Decade of Women's Liberation Elizabeth Homans,2008 **Feminists Who Changed America, 1963-1975** Barbara J. Love,2006-09-22 Documents the key feminists who ignited the second wave women s movement This work tells the stories of more than two thousand individual women and a few notable men who together reignited the women s movement and made permanent changes to entrenched customs and laws **Wages for Housework** Louise Toupin,2018-09-20 Revolutionary feminism is resurging across the world But what were its origins In the early 1970s the International Feminist Collective began to organise around the call for recognition of the different forms of labour performed by women They paved the way for the influential and controversial feminist campaign Wages for Housework which made great strides towards driving debates in social reproduction and the gendered aspects of labour Drawing on extensive archival research Louise Toupin looks at the history of this movement between 1972 and 1977 featuring unpublished conversations with some of its founders including Silvia Federici and Mariarosa Dalla Costa as well as activists from Italy Germany Switzerland the United States and Canada Encompassing rich theoretical traditions including autonomism anti colonialism and feminism whilst challenging both classical Marxism and the mainstream women s movement the book highlights the power and originality of the campaign Among their many innovations these pathbreaking activists approached gender sexuality race and class together in a way that anticipated intersectionality and had a radical new understanding of sex work **Historicising the Women's Liberation Movement in the Western World** Laurel Forster,Sue Bruley,2019-07-09 The Women s Liberation Movement WLM of the late 1960s 1970s and 1980s emerged out of a particular set of economic and social circumstances in which women were unequally treated in the home the workplace and in culture and wider society As part of the WLM women collected together in disparate groups and contexts to express their dissatisfaction with their role and position in society making their concerns apparent through consciousness raising and activism This important time in women s history is revisited in this collection which looks afresh at the diversity of the movement and the ways in which feminism of the time might be reconsidered and historicised The contributions here cover a range of important issues including feminist art local activism class distinction racial politics perceptions of motherhood girls education feminist print cultures the recovery of feminist histories and feminist heritage and they span personal and political concerns in Britain Canada and the United States Each contributor considers the impact of the WLM in a different context reflecting the variety of issues faced by women and helping us to understand the problems of the second wave This book broadens our understanding of the impact and the implication of the WLM explores the dynamism of women s activism and radicalism and acknowledges the significance of this movement to ongoing contemporary feminisms The chapters in this book were originally published as a special issue of Women s History Review **The Routledge Reader in Gender and Performance** Lizbeth Goodman,Jane de Gay,2002-01-31 The first reader in this field Contributions from many of the top

academics in the field Extremely broad in its coverage Organized with the beginning student in mind *Faces Of Feminism* Sheila Tobias,2018-02-26 As one of the main players in the second wave of feminism Sheila Tobias returns to Kate Millets central tenet sexual politics and argues that it can still unite progressive men and women around a common set of goals Providing a map of a complex terrain Tobias details generations of issues each more radical and therefore harder to tackle than the ones before She sets the story in two contexts feminisms own evolving strategies and Americas political landscape Even though her passion for feminism remains she is not unwilling to critique the sisterhood and herself for failing to see for example that not every woman would be a feminist nor every man an enemy In the heady first years feminists forgot that deeper even than gender is the liberal conservative divide in American politics As one of the main players in the second wave of feminism Sheila Tobias returns to Kate Millets central tenet sexual politics and argues that it can still unite progressive men and women around a common set of goals Providing a map of a complex terrain Tobias details generations of issues each more radical and therefore harder to tackle than the ones before She sets the story in two contexts feminisms own evolving strategies and Americas political landscape Even though her passion for feminism remains she is not unwilling to critique the sisterhood and herself for failing to see for example that not every woman would be a feminist nor every man an enemy In the heady first years feminists forgot that deeper even than gender is the liberal conservative divide in American politics From the origins of the movement through feminist theory and new scholarship on women Tobias traces the political history of the second wave and its comeuppance at the hands of Phyllis Schlaflys StopERAcidental with the nations careering toward the Right Somehow feminism survived the 1980s but by having to fight brush fires throughout the Reagan Bush presidencies the movement lost some of its breadth and much of its taste for the mainstream Because of her activism and her feeling for the period she chronicles Tobias is at once inside and outside the issues of sexual preference pornography the draft the Mommy Track comparable worth affirmative action reproductive rights and the challenges of equality versus difference *Encyclopedia of U.S. Labor and Working-Class History* Eric Arnesen,2006-11-16 A RUSA 2007 Outstanding Reference Title The Encyclopedia of US Labor and Working Class History provides sweeping coverage of US labor history Containing over 650 entries the Encyclopedia encompasses labor history from the colonial era to the present Articles focus on states regions periods economic sectors and occupations race relations ethnicity and religion concepts and developments in labor economics environmentalism globalization legal history trade unions strikes organizations individuals management relations and government agencies and commissions Articles cover such issues as immigration and migratory labor women and labor labor in every war effort slavery and the slave trade union resistance by corporations such as Wal Mart and the history of cronyism and corruption and the mafia within elements of labor history Labor history is also considered in its representation in film music literature and education Important articles cover the perception of working class culture such as the surge in sympathy for the working class following September 11 2001 Written as an objective social history the

Encyclopedia encapsulates the rise and decline and continuous change of US labor history into the twenty first century

Women and Community Action Lena Dominelli, 2019-05-22 Historically women and men have been assigned to different spaces in their communities Although several decades of feminist social action have made significant progress to the social economic and political condition of many women change has been uneven and there remain considerable advancements to be made globally This valuable third edition considers women s changing position in the world today updating some of the perennial challenges that women face and examining new and emerging issues including digital exclusion sustainable community development and environmental justice Published in association with the British Association of Social Workers this book is an invaluable resource for students and practitioners of social work community work sociology and social policy

Marxism and the Oppression of Women Lise Vogel, 2013-06-03 Nearly thirty years after its initial publication Marxism and the Oppression of Women remains an essential contribution to the development of an integrative theory of gender oppression under capitalism Lise Vogel revisits classical Marxian texts tracking analyses of the woman question in socialist theory and drawing on central theoretical categories of Marx s Capital to open up an original theorisation of gender and the social production and reproduction of material life Included in this edition are Vogel s article Domestic Labor Revisited originally published in Science Society in 2000 which extends and clarifies her main theoretical innovations and a new Introduction by Susan Ferguson and David McNally situating Vogel s work in the trajectory of Marxist feminist thought over the past forty years

Photography, A Feminist History Emma Lewis, 2021-10-26 This feminist retelling of the history of photography puts women in the picture and more importantly behind the camera In ten thematic chronological sections Tate Modern curator Emma Lewis explores the vital role women artists have played in shaping the ever evolving medium of photography Lewis has compiled work from more than 200 different women and nonbinary photographers along with short essays on 75 different artists many informed by her interviews with the subjects From the studio portraiture of the late nineteenth century to the photojournalism of Dorothea Lange and Lee Miller in the early twentieth and from second wave feminist critiques of gender roles to contemporary selfies and social media personae this volume examines different genres styles and approaches to photography from the 1800s to the present UNPARALLELED IN SCOPE International inclusive and intersectional this comprehensive volume tells the story of a versatile and innovative medium From early twentieth century self portraits responding to modernity and changing notions of womanhood to photojournalistic images documenting the climate crisis the photographs in this book demonstrate the varied ways that women respond to and shape the global cultural landscape The artists profiled here include Sheila Pree Bright Imogen Cunningham Paz Err zuriz Nan Goldin Kati Horna Mari Katayama Dora Maar Lee Miller Tina Modotti Zanele Muholi Shirin Neshat Cindy Sherman Lieko Shiga Lorna Simpson Amalia Ulman And more INSIGHTFULLY ORGANIZED The thematic chapters of this project showcase photography s changing role in society and art They allow the author to explore and contextualize how this role has or hasn t made space

for women and people of marginalized genders and how the work done on the margins of the medium pushes the boundaries of technology and creative expression This is not simply a collection of women photographers it s a book about how and why women and nonbinary artists have used photography to respond to and shape their own realities Perfect for Photographers artists and students and art lovers Anyone interested in the history of photography Intersectional feminists Trailblazing women and the people who love and support them
