Dietz, 2008 *The Lost Mother* is the memoir of Iltang an acclaimed Korean Japan painter who was born in 1922 His Korean mother Ilyeop was a well known feminist poet who after his birth renounced the world to enter into Buddhist monastic life Iltang's father was the scion of an aristocratic Japanese family Their relationship was romantic but ultimately doomed In a life marked by war and disruption Iltang finally attained both the artistic success he craved and the spiritual enlightenment he sought in later life The longing for his real mother never left him however and it provided him the psychological impetus to succeed in both the worldly and spiritual realms Iltang's dramatic life story is made even more vibrant by the chaotic historical

context in which he was born. It is an interesting portrayal of a unique time and place and an inspiring look at one man's incredible ability to overcome adversity. **Studying and Teaching W.C. Faulkner, William Faulkner, and Digital Literacy** Koichi Fujino, 2017-11-22. This book explores the ways to teach the literary works of William Clark Faulkner and William Faulkner to ESL English as a Second Language students in today's digital environment. William Faulkner's great grandfather William Clark Faulkner wrote romantic literary works and William Faulkner critically uses the motifs of his great grandfather's works to establish his literary world. Applying Mikhail Bakhtin's dialogical theory, this book theoretically explains how these two authors imagine the social formations of the American South differently in their literary works. The coined term social combination, which is defined as the individuals' mutual effort to have equal relationships for a certain time, is used as a key term to examine how these two authors depict the characters' personal relationships. William Faulkner employs his characters' social combination as a resistance against the American South's romantic illusions that are represented by William Clark Faulkner's literary works. William Faulkner's historical perspective is beneficial for today's ESL students who explore their new egalitarian formations in their digitally expanded world. The last part of this study outlines how an American literary teacher can connect the works of William Clark Faulkner and William Faulkner when teaching ESL students by using today's digital environment. Using three digital platforms: Moodle, WordPress, and Google Drive, a teacher composes egalitarian relationships among class members and inspires students' autonomous discussion on these two authors' works. Through these activities, ESL students are expected to comprehend that the literature of the American South is not only the historical development of the foreign region but the phenomenon that is connected to their own social formations.

If Ever I See E. C. B., 1853. *Windblow* Jon Beattie, 2009-10-29. Essential neighbourly help during times of crisis in a small community can minimise trauma, alleviate tragedy, and bring happiness back to lives shattered by events outside their control. As a massive autumn gale sweeps towards a village in Surrey, the relationships and friendships between some individuals will become tested to extremes beyond their imaginations. **Never Forget Your Name** Alwin Meyer, 2022-01-11. The children of Auschwitz: this is the darkest spot in the ocean of suffering that was the Holocaust. They were deported to the concentration camp with their families, with most being murdered in the gas chambers upon their arrival or were born there under unimaginable circumstances. While 232,000 children and juveniles were deported to Auschwitz, only 750 were liberated in the death camp at the end of January 1945. Most of them were under 15 years of age. Alwin Meyer's masterwork is the culmination of decades of research and interviews with the children and their descendants sensitively reconstructing their stories before, during, and after Auschwitz. The camp would remain with them throughout their lives on their forearms as a tattooed number and in their minds in the memory of heart-rending separation from parents and siblings, medical experiments, abject confusion, ceaseless hunger, and a perpetual longing for home and security. Once the purported liberation came, there was no blueprint for piecing together personal biographies after the unthinkable had

happened Many of the children often orphaned had forgotten their names or ages and had only fragmented understandings of where they came from While some struggled to reconnect to the parents from whom they had been separated others had known nothing other than the camp Some children grew up without the ability to trust and to play Survival is not yet life it is an in between stage which requires individuals to learn how to live The liberated children had to learn how to be young again in order to grow into adults like others did This remarkable book tells the stories of the most vulnerable victims of the Nazis systematic attempt to extinguish innocent lives and rescues their voices from historical oblivion It is a unique testimony to the horrific suffering endured by millions in humanity s darkest hour
