The Gaithers and Southern Gospel Ryan P. Harper, 2017-04-26 In *The Gaithers and Southern Gospel* Ryan P. Harper examines songwriters Bill and Gloria Gaither's Homecoming video and concert series a gospel music franchise that since its beginning in 1991 has outperformed all Christian and much secular popular music on the American music market The Homecomings represent southern gospel Typically that means a musical style popular among white evangelical Christians in the American South and Midwest and it sometimes overlaps in style theme and audience with country music The Homecomings nostalgic orientation their celebration of traditional kinds of American Christian life harmonize well with southern gospel music past and present But amidst the backward gazes the Homecomings also portend and manifest change The Gaithers deliberate racial integration of their stages their careful articulation of a relatively inclusive evangelical theology and their experiments with an array of musical forms demonstrate that the Homecoming is neither simplistically nostalgic nor solely southern Harper reveals how the Gaithers negotiate a tension between traditional and changing community norms as they seek simultaneously to maintain and expand their audience as well as to initiate and respond to shifts within their fan base Pulling from his field work at Homecoming concerts behind the scenes with the Gaithers and with numerous Homecoming fans Harper reveals the Homecoming world to be a dynamic complicated constellation in the formation of American religious identity

Break, Blow, Burn, and Make E. Lily Yu, 2024-06-11 From the award winning author of *On Fragile Waves* comes an inspirational surprising guide to creation and creativity and how both bring us closer to God Centuries ago sound theology and good fiction were friends and not strangers Decades ago authors strove not for self expression and self disclosure but for a mastery of craft and language and books that transformed the reader with wisdom and love In more recent years the old ideals have been exchanged for lesser ones Few guides to writing which tend to focus on mechanics point of view and plot address the more important matters of meaning

depth and heart But it is the latter qualities that make a book a blessing and gift to both writer and reader Like Christ's invitation to follow they demand a risk and sacrifice of the self and all it holds dear Writers from George MacDonald to James Baldwin understood this but in recent years this understanding has been lost Making old things new this book proposes an ethics of reading writing and living based on truth and love Break Blow Burn Make returns the literary conversation to the practices of co creation with God Part bugle call part compass for writing and for life and part love song to the books that set us on fire it offers those who are willing to receive it the courage to live read and write more deeply and honestly
