A Personal Walk With God
Steven Vincent Price, 2016-03-11
This book focuses upon the individual and his or her relationship and walk with God in their daily lives. The book is based upon my own personal life and walk with God outlined in a packet I put together for myself and to share with others. The principles and practices outlined within reflect the truth and knowledge that God assimilated into my own daily life behind these prison walls. They most assuredly can be and should be assimilated into your lives out there in the real world. This book is a practical theological guide to enable you, the reader, to learn, develop, and apply fundamental spiritual and physical disciplines in the Christian faith to your own personal lives. I hope and pray that you will apply these truths continuously through repetition to develop long-lasting patterns that will influence and effect every area of your lives. There is no age limit to beginning this personal walk, and no end to the glory, understanding, and benefits you will experience from simply applying these truths on a daily basis. Thank you, and God bless you. Amen.

Perrin,2015-08-19 Among the predominantly Hebrew collection of the Dead Sea Scrolls are twenty nine compositions penned in Aramaic While such Aramaic writings were received at Qumran these materials likely originated in times before and locales beyond the Qumran community In view of their unknown past and provenance this volume contributes to the ongoing debate over whether the Aramaic texts are a cohesive corpus or accidental anthology

Paramount among the literary topoi that hint at an inherent unity in the group is the pervasive usage of the dream vision in a constellation of at least twenty writings Andrew B Perrin demonstrates that the literary convention of the dream vision was deployed using a shared linguistic stock to introduce a closely defined set of concerns Part One maps out the major compositional patterns of dream vision episodes across the collection Special attention is paid to recurring literary philological features e g motifs images phrases and idioms which suggest that pairs or clusters of texts are affiliated intertextually tradition historically or originated in closely related scribal circles Part Two articulates three predominant concerns advanced or addressed by dream vision revelation The authors of the Aramaic texts strategically employed dream visions i for scriptural exegesis of the antediluvian patriarchal traditions ii to endorse particular understandings of the origins and functions of the priesthood and iii as an ex eventu historiographical mechanism for revealing aspects or all of world history These findings are shown to give fresh perspective on issues of revelatory discourses in Second Temple Judaism the origins and evolution of apocalyptic literature the ancient context of the book of Daniel and the social location of the Aramaic Dead Sea Scrolls
