Yearning To Breathe Free Thoughts On Immigration Islam And Freedom:

Yearning to Breathe Free? David Dykstra, 2006-07 It is about time a thoroughly biblical and Christian perspective on immigration is put in book form The author's views are not for the fainthearted but they are true and need to be carefully read by every serious minded person who thinks logically and rationally in this illogical and irrational world Earl M Blackburn Heritage Baptist Church Shreveport Louisiana Christian

Arguing the Just War in Islam John Kelsay, 2009-06-30 Jihad with its many terrifying associations is a term widely used today though its meaning is poorly grasped Few people understand the circumstances requiring a jihad or holy war or how Islamic militants justify their violent actions within the framework of the religious tradition of Islam How Islam with more than one billion followers interprets jihad and establishes its precepts has become a critical issue for both the Muslim and the non Muslim world John Kelsay's timely and important work focuses on jihad of the sword in Islamic thought history and culture Making use of original sources Kelsay delves into the tradition of shari'a Islamic jurisprudence and reasoning and shows how it defines jihad as the Islamic analogue of the Western just war He traces the arguments of thinkers over the centuries who have debated the legitimacy of war through appeals to shari'a reasoning He brings us up to the present and demonstrates how contemporary Muslims across the political spectrum continue this quest for a realistic ethics of war within the Islamic tradition *Arguing the Just War in Islam* provides a systematic account of how Islam's central texts interpret jihad guiding us through the historical precedents and Qur'anic sources upon which today's claims to doctrinal truth and legitimate authority are made In illuminating the broad spectrum of Islam's moral considerations of the just war Kelsay helps Muslims and non Muslims alike make sense of the possibilities for future war and peace

No Reason to Hide Erwin W. Lutzer, 2022-09-06 Will You Be Complicit Complacent or Courageous In a culture with an ever narrowing definition of tolerance Christians can no longer stay silent about the divide between the Bible's truth and the world's lies From bestselling author Dr Erwin W Lutzer *No Reason to Hide* examines the toxic roots behind the alarming symptoms of a nation in spiritual freefall and why your faith must empower you to engage rather than hide As you read you'll be equipped to defend your biblical beliefs with confidence and compassion You'll also identify how you can respond to the battleground issues of today including identity driven social justice ideologies that seek to divide rather than unite cultural attacks on the definitions of sex and gender that turn language into a war progressive pushes within the church that ultimately desecrate the Bible's teachings A call for believers to standing firm in today's oppressive world *No Reason to Hide* is a rallying reminder that will ready Christians everywhere to have the courage to proclaim Scripture's truth to a culture in desperate need of what only God can offer

The Free and the Virtuous Heather Dutton Dudley, 2020-10-28 What did liberty mean to the American founding fathers It was not just about limited government protecting rights and leaving people free to live their own definition of a good life It was to be a movement toward the highest of human flourishing A new genus of liberty had taken root here in the fresh American soil and there was a special

something a moral discipline that was inherent in the American character that would allow it to thrive Above all real liberty was dependent upon good character The new nation had barely gotten any traction however when the founders ideal of a liberty based upon virtue began to lose its luster Over time liberty gradually became more about rights and less about the responsibility to be good Character no longer matters and we don't seem to mourn the loss

We Are Doomed John Derbyshire,2010-10-05 To his fellow conservatives John Derbyshire makes a plea Don t be seduced by this nonsense about the politics of hope Skepticism pessimism and suspicion of happy talk are the true characteristics of an authentically conservative temperament And from Hobbes and Burke through Lord Salisbury and Calvin Coolidge up to Pat Buchanan and Mark Steyn in our own time these beliefs have kept the human race from blindly chasing its utopian dreams right off a cliff Recently though various comforting yet fundamentally idiotic notions of political correctness and wishful thinking have taken root beyond the Kumbaya singing we re all one crowd These ideas have now infected conservatives the very people who really should know better The Republican Party has been derailed by legions of fools and poseurs wearing smiley face masks Think rescuing the economy by condemning our descendents to lives of spirit crushing debt Think nation building abroad while we slowly disintegrate at home Think education and No Child Left Behind But don t think about it too much because if you do you ll quickly come to the logical conclusion We are doomed Need more convincing Dwell on the cheerful promises of the diversity cult and the undeniable reality of the oncoming demographic disaster Contemplate the feminization of everything or take a good look at what passes for art these days Witness the rise of culturism and the death of religion Bow down before your new master the federal apparatchik Finally ask yourself How certain am I that the United States of America will survive in any recognizable form until say 2022 A scathing mordantly funny romp through today s dismal and dimaler political and cultural scene We Are Doomed provides a long overdue dose of reality revealing just how the GOP has been led astray in recent years and showing that had conservatives held on to their fittingly pessimistic outlook America s future would be far brighter Ladies and gentlemen it s time to embrace the Audacity of Hopelessness
