Presidential Policy Making Steven A. Shull,1979 **Prioritizer-in-chief** Rebecca Michelle Eissler,2018 This dissertation sets out a fresh approach to understanding presidential decision making by connecting the presidency to information processing theories This approach to behavioral choice highlights how the structure of the presidency creates a decision making process that relies on the cognitive and emotional capacities of the individuals in the office while the political and policy environment put pressures on their choices Once presidents have decided to get involved in policy making they have to process information about the responsibilities of the office the policy and political environment as well as their own political strength to make decisions about what policy areas to prioritize and what strategies they should use to pursue those policy goals To examine those decisions and understand the forces that shape them I analyze ten datasets of presidential actions seven of which are original to this project presidential press conferences budget messages State of the Union addresses major televised addresses addresses to a joint session of Congress proclamations memoranda signing statements executive orders and veto threats By examining these datasets of presidential policy action from Ronald Reagan 1981 to Barack Obama 2014 we gain a clearer insight into the decisions that presidents make about the policy process their strategies and the factors that affect their abilities to make trade offs between their policy priorities and strategies This dissertation makes a contribution to the presidency and policy process literatures by moving towards a empirically grounded study of the presidency one which relies on the combination of theory and data to better understand the decisions that presidents make and the factors that shape those decisions **Presidential Decision Making** Roger B. Porter,1982-12-30 This inside account of decision making in the White House describes the organizational challenges the President faces The Economic Policy Board was one of the most systematic and sustained attempts to organize advice for the President in recent decades The author examines the Board s deliberations over three controversial policy issues drawing on scores of interviews with cabinet officials and career civil servants **Great Presidential Decisions** Richard Brandon Morris,Jeffrey Brandon Morris,1988 State papers that changed the course of history from Washington to Reagan Great Presidential Decisions Richard Brandon Morris,1900 **Great Presidential Decisions** Richard Brandon Morris,1960 **The Context of Choice** Rebecca C.
