Hiking and Cycling in the Black Forest Kat Morgenstern,2019-03-15 15 day walks 3 multi stage treks and 5 cycle routes are described covering the north central and southern areas of Germany's Black Forest The walks and cycle routes are evenly distributed across all three areas and comprise both long distance routes and day walks although each stage of every long distance walk can also be done as individual day tour The chosen routes include the main Black Forest destinations such as Feldberg Belchen Schauinsland

Hornisgrinde and Mummelsee as well as Allerheiligen Abbey and waterfalls and the source of the Danube to name but a few. Two of the three long distance routes are certified quality trails: Schluchtensteig 120km which means gorge trail traverses the Wutachschlucht one of the last untamed river systems in Germany and Zweitersteig 108km a highly diverse circular route which leads through some of the most beautiful and contrasting parts of the Central Black Forest. Seensteig 71km partially follows the central ridge of the Black Forest mountain range offering unsurpassed views along the way. The cycle routes 4 day rides and the 242km Southern Black Forest Cycle Route are mostly easy and scenic and utilise the extensive and well maintained bicycle trail system that criss crosses the entire region. The walks and rides are described in detail and basic maps are provided for orientation.

Walking in Norfolk Laurence Mitchell, 2017-03-31. This guidebook describes 40 circular walks in Norfolk including walks along the coast and walks exploring the Fens and the Broads. From 4 to 12 miles these mostly flat walks use footpaths, bridleways and quiet country lanes and some involve parts of long distance paths including the Peddars Way, Norfolk Coast Path, Boudica's Way and Weavers Way. The walks are divided into five sections: walks on the northeast coast and the Broads walks in south Norfolk, the Yare and Waveney walks in North Norfolk and the Coast walks in Central Norfolk and Breckland and walks in West Norfolk and the Fens. All routes are easy to moderate and can be done by anyone of reasonable fitness and enjoyed all year round. Each route is described step by step, illustrated with 1:40K OS map extracts and packed with historical, geological and other information about the landscape the route passes through. The Fenland region of Norfolk's far west is flat and low lying as are the marshes and waterways of the Broads in the east but between these two extremes there is a great deal of topography going on. The county is far more varied than most outsiders imagine with several distinct and unique landscapes. As well as Broads and the Fens it has the sandy Brecks, rolling farmland, ancient woodland, meandering rivers and the gorgeous North Norfolk coast with its beaches, shingle banks, salt marshes and tidal mud flats.
