Walking The Boundaries:

Walking The Boundaries Jackie French, 2016-04-01 French knows how to conjure an imagined past full of detail about how people lived during particular periods and within particular cultures Viewpoint Martin lives in the city with his mum He s come to walk the boundaries of the farm that s been in his family for generations It sounds easy especially as he ll own the land when he gets back Martin s great grandfather Ted doesn t even want him to walk around the farm s fences just up the gorge and along the hills But up in the gorge Martin meets Meg from almost a century ago and Wullamudulla from thousands of years in the past Despite their differences they discover that they re all on the same journey and that walking the boundaries means more than following lines on a map PRAISE FOR NANBERRY BLACK BROTHER WHITE For really really good Australian young adult and middle grade historical fiction Jackie French has always been a winner With Nanberry Black Brother White she delivers an excellent fictionalised account of the First Fleet s settlement at Sydney Cove a powerful novel Australian Bookseller Publisher 5 stars She is one of few masters who can embed historic characters in rattling good tales and her meticulous research is seamlessly inserted so that you live the detail rather than learn it Even if you are not into history Nanberry will hook you in Irresistible for history buffs of any age Good Reading Magazine 5 stars I ve been telling all my friends to read this book and to give it to their kids to read It s absolutely engrossing Herald Sun *The Fiction Gateway* Suzanne Eberlé, Noelle Williamson, 2009 In this guide two experienced school librarians provide a selection of books for librarians teachers and parents The Fiction Gateway is an essential resource that supports individual group and social reading program and provides an instant guide to matching children s interests with suitable reading material **Mapping Indigenous Land** Ana Pulido Rull, 2020-05-28 Between 1536 and 1601 at the request of the colonial administration of New Spain indigenous artists crafted more than two hundred maps to be used as evidence in litigation over the allocation of land These land grant maps or mapas de mercedes de tierras recorded the boundaries of cities provinces towns and places they made note of markers and ownership and at times the extent and measurement of each field in a territory along with the names of those who worked it With their corresponding case files these maps tell the stories of hundreds of natives and Spaniards who engaged in legal proceedings either to request land to oppose a petition or to negotiate its terms Mapping Indigenous Land explores how as persuasive and rhetorical images these maps did more than simply record the disputed territories for lawsuits They also enabled indigenous communities and sometimes Spanish petitioners to translate their ideas about contested spaces into visual form offered arguments for the defense of these spaces and in some cases even helped protect indigenous land against harmful requests Drawing on her own paleography and transcription of case files author Ana Pulido Rull shows how much these maps can tell us about the artists who participated in the lawsuits and about indigenous views of the contested lands Considering the mapas de mercedes de tierras as sites of cross cultural communication between natives and Spaniards Pulido Rull also offers an analysis of medieval and modern Castilian law its application in colonial New

Spain and the possibilities for empowerment it opened for the native population An important contribution to the literature on Mexico s indigenous cartography and colonial art Pulido Rull s work suggests new ways of understanding how colonial space itself was contested negotiated and defined
