Walt Whitman & Odysseus Elytis Katerina Andriotis, 2010-03 Walt Whitman and Odysseus Elytis Beyond Being and Time is an analysis and interpretation of Walt Whitman and Odysseus Elytis's body of work in general And The Axion Esti and Song of Myself in particular Through the use of extensive research The work suggests that there is a common ground that Whitman and Elytis share that is to say their philosophy on language and poetry The study also examines and defines Americanness and Greekness and what they mean to each poet Since their country of origin is much more than a birthright identity and a sense of belonging are pertinent to both poets work it further argues through the use of Gilles Deleuze and Felix Guattari's paradigm that Elytis and Whitman are major poets who write in a minor language Additionally existentialism metaphysics authenticity and truth have been of great importance to both poets As a result Transcendentalist and Surrealist ideals The role And The importance of the poet in society help to illuminate and formulate a new interpretation of the Axion Esti and Song of Myself *Walt Whitman of Mickle Street* Geoffrey M. Acrobatic Modernism from the Avant-Garde to Prehistory Jed Rasula, 2020-02-27 This is a book about artistic modernism contending with the historical transfigurations of modernity As a conscientious engagement with modernity's restructuring of the lifeworld the modernist avant garde raised the stakes of this engagement to programmatic explicitness But even beyond the vanguard the global phenomenon of jazz combined somatic assault with sensory tutelage Jazz like the new technologies of modernity re calibrated sensory ratios The criterion of the new as self making also extended to names pseudonyms and heteronyms The protocols of modernism solicited a pragmatic arousal of bodily sensation as artistic resource validating an acrobatic sensibility ranging from slapstick and laughter to the pathos of bereavement Expressivity trumped representation The artwork was a diagram of perception not a mimetic rendering For artists the historical pressures of altered perception provoked new models and Ezra Pound's slogan Make It New became the generic rallying cry of renovation The paradigmatic stance of the avant garde was established by Futurism but the discovery of prehistoric art added another provocation to artists Paleolithic caves validated the spirit of all over composition unframed and dynamic Geometric abstraction Constructivism and Purism and Surrealism were all in quest of a new mythology Making it new yielded a new pathos in the sensation of radical discrepancy between futurist striving and remotest antiquity The Paleolithic cave and the USSR emitted comparable siren calls on behalf of the remote past and the desired future As such the present was suffused with the pathos of being neither but subject to both
