

Poetry: The Power of Imagery. Unit 1. Phase 1.

Texts Explored: City Jungle (Pie Corbett), The Great Water Giant (Ian Souter), The Fog (Carl Sandburg), The Magic Box (Jill Wright)

Soundbites - Soundbites of Broken Dreams (personification), Hip Hop is Dead - Not (personification), Nicki Minaj - Super Bass (simile & personification), Like a G6 (simile) - (MOB)

Objectives	OMS & Main Teaching	Group Activities	Plenary
Select and read several poems that exemplify inanimate objects, scenes or events being imaginatively personified. As a class and in groups, children read and discuss these, text marking to highlight the aspects of personification and evaluate their effectiveness and impact on the reader. Ask: What is the personification used to express? As a whole class, model a writing process.	OMS: Pass the poem. In groups, pass a poem around the table. Quickly and randomly add on the next part without speaking. Bonus points for any use of figurative language - similes (refresh previous learning.) Play music! L.O. We will begin to write poetry using personification. Split class into groups. Have an enlarged poem at each table. Give the children time to read through the poems, ask 'what do you notice?' Introduce the key word, 'personification' and explain what this means. City Jungle (Pie Corbett), The Great Water Giant (Ian Souter), The Fog (Carl Sandburg)... Show examples of personification on the IWB and ask the children to identify (mix them with metaphor and similes - revisit Y5 learning.) The children can SCOOT out or CLAP when they see an example of personification. Get each table to pick an object from a selection of cards - volcano, tornado, sky, night...or bring a bag of inanimate objects to personify (could be humorous!) tooth brush, breadnick, pooper-scooper, cob...!	Give the children time to write a number of sentences which personify their given item. Differentiate by outcome. LA: at least 10, MA: at least 15, HA: at least 20 sentences. Tickled Pink: get the children to red through each other's work and tickle 'great personification' pink. E.g The toothbrush wakes up with a roar and begins to dance across your teeth. It wiggles and skips from molar to canine with a giggle. Or Standing tall and peering down, the breadnick surveys the enemy. It's smooth, bald head glistening under the kitchen's fluorescent light. 'I'm here, I'm delicious' he screams to Auntie Julie as the spoon another serving of Mum's potato salad.	Listen to a selection of pop songs and get the children to clap/signal when they hear personification. Write a one sentence definition of personification in their Literacy books. Homework: Bring in a small box (e.g shoe box)

Shelley's Music Professor Paul A Vatalaro, 2013-04-28. *Shelley's Music* Fantasy Authority and the Object Voice regards music images and allusions to music in Shelley's writing as evidence that Shelley sought to infuse the masculine word with the music of feminine expression. Set within his configuration of hetero erotic relationships this agenda reveals Shelley's desire to remain eternally present in his poetry. In the end Shelley fails to achieve this goal because he failed to overcome an even stronger desire to preserve male authority. Shelley's *Music* demonstrates that the main body of Shelley's writing consists of a fantasy aimed at unifying the word traditionally associated with masculine power and authority with voice and music traditionally associated with the power and mystery of feminine expression. This particular fantasy extends an even more fundamental desire to integrate the object voice with one's own subjectivity. Structured along the lines of sexual difference and providing the coordinates for Shelley's construction of heterosexual and hetero erotic correspondence this phantasmic movement reveals Shelley's desire to make his voice eternally present in the written word. As Žižek reminds us however all fantasy inevitably exposes the very horror it means to conceal. For Shelley what plagues the desire to merge word voice and music is the prospect of losing both the poet's authority and the subjectivity upon which it relies. Recycling throughout his writing Shelley's fantasy then generates deadlock and instability each time it finds renewed expression. Shelley's *Music* argues that this division paradoxically becomes Shelley's ultimate goal because it maintains desire by creating a steady state of suspension that finally preserves for Shelley his authority and his humanity.

Playing Hesiod Helen Van Noorden,2015 This book analyzes important ancient responses to Hesiod s five part narrative of human history as keys to their broader revisions of Hesiod *The Art of Meditation and the French Renaissance Love Lyric* Michael Giordano,2010-01-01 The Art of Meditation and the French Renaissance Love Lyric examines the poetics of meditation in the French love lyric at the height of the Lyonnais Renaissance as illustrated by one of the country s most prominent writers Maurice Scève s *D lie* is the first French sequence of poems devoted to a single woman in the manner of Petrarch s *Rime* It is also the first Renaissance work to use emblems in a sustained work on love At their core most amatory lyrics involve a triple relation among lover beloved and the meaning of love Whether the poet lover is a man or woman poetic discourse generally takes the form of an interior monologue frequently intermingled with direct and indirect address to the beloved Though the dominant quality of this lyric is personal introspection Michael Giordano finds *D lie* to be consistent with traditions of Christian meditation He argues that the amatory lyric served as a vehicle for contests of value and paradigm change not only because it was conditioned both by sacred and profane sources but also because it occurred at a time of religious upheaval and scientific revolution **Sacred**

Music as Public Image for Holy Roman Emperor Ferdinand III Andrew H. Weaver,2016-04-08 Ferdinand III played a crucial role both in helping to end the Thirty Years War and in re-establishing Habsburg sovereignty within his hereditary lands and yet he remains one of the most neglected of all Habsburg emperors The underlying premise of *Sacred Music as Public Image for Holy Roman Emperor Ferdinand III* is that Ferdinand s accomplishments came not through diplomacy or strong leadership but primarily through a skillful manipulation of the arts through which he communicated important messages to his subjects and secured their allegiance to the Catholic Church An important locus for cultural activity at court especially as related to the Habsburgs political power was the Emperor s public image Ferdinand III offers a fascinating case study in monarchical representation for the war necessitated that he revise the image he had cultivated at the beginning of his reign that of a powerful victorious warrior Weaver argues that by focusing on the patronage of sacred music rather than

the more traditional visual and theatrical means of representation Ferdinand III was able to uphold his reputation as a pious Catholic reformer and subtly revise his triumphant martial image without sacrificing his power while also achieving his Counter Reformation goal of unifying his hereditary lands under the Catholic church Drawing upon recent methodological approaches to the representation of other early modern monarchs as well as upon the theory of confessionalization this book places the sacred vocal music composed by imperial musicians into the rich cultural political and religious contexts of mid seventeenth century Central Europe The book incorporates dramatic productions such as opera oratorio and Jesuit drama as well as works in other media but the primary focus is the more numerous and more frequently performed Latin texted paraliturgical genre of the motet which has generally not been considered by scholars as a vehicle for monarchical representation By examining the representation of this little studied emperor during a crucial time in European history this book opens a window into the unique world view of the Habsburgs allowing for a previously untold narrative of the end of the Thirty Years War as seen through the eyes of this important ruling family
