

To:

Now that the year is over,
I really hope you know
how much you have meant to me
and that I will miss you so.

Remember all that we have learned.
But most importantly,
remember that you are so loved
by your favorite teacher, ME!

Have a wonderful Summer!

Love,

Motivation, Emotion, and Cognition David Yun Dai,Robert J. Sternberg,2004-07-13 The central argument of this book is that cognition is not the whole story in understanding intellectual

functioning and development To account for inter individual intra individual and developmental variability in actual intellectual performance it is necessary to treat cognition emotion and motivation as inextricably related Motivation Emotion and Cognition Integrative Perspectives on Intellectual Functioning and Development represents a new direction in theory and research on intellectual functioning and development portrays human intelligence as fundamentally constrained by biology and adaptive needs but modulated by social and cultural forces and encompasses and integrates a broad range of scientific findings and advances from cognitive and affective neurosciences to cultural psychology addressing fundamental issues of individual differences developmental variability and cross cultural differences with respect to intellectual functioning and development By presenting current knowledge regarding integrated understanding of intellectual functioning and development this volume promotes exchanges among researchers concerned with provoking new ideas for research and provides educators and other practitioners with a framework that will enrich understanding and guide practice
