Curriculum & Development Commission, 198? *Journalism (newspaper/yearbook)* Kansas City, Kansas Public Schools, 1975 Resources in Education, 1999-04 *Curriculum, Schooling and Society in Hong Kong* Paul Morris, Bob Adamson, 2010-11-01 Hong Kong is a fascinating place for the study of curriculum Its schooling system is influenced by the legacies of a Chinese tradition and British colonialism and was developed at a time when around the world that state was taking more responsibility for the education of young people and educational policies were increasingly influenced by the impact of globalization To this we can add the complexities of Hong Kong as a society one that has witnessed major political and economic changes over the past 150 years or so and particularly since the late 1970s The dynamics produce an intricate interplay of innovation and conservatism globalization and localization liberalism and authoritarianism devolution and centralization and many other tensions This book provides a comprehensive introduction to curriculum as a field of study in a way which highlights its inherent dilemmas and complexities by illustrating the diverse ways in which a curriculum can be developed and analyzed It also presents a specific analysis of the Hong Kong school curriculum and highlights the ways in which the curriculum both reflects and changes in response to broader socio political shifts Publisher's website *Creating a Curriculum for Adolescent Youth* National Education Association of the United States. Research Division, 1928 Social Reconstruction Karen L. Riley, 2006-05-01 Social Reconstruction as a philosophy stream of thought or official program is often synonymous with Depression era Progressivism But Social Reconstruction unlike progressivism enjoyed political stardom The spirit of progressivism at least in terms of education found a home in those enthusiasts who supported a child centered perspective of education Others such as the essentialists viewed their progressive role as one that advanced the view of essential or basic education as the most sound approach to curriculum and teaching Still others more radical in their outlook believed that progress should be framed with questions about social justice and equity Proponents of social reconstruction included Harold Rugg and George Counts although the movement was rich with supporters To date social reconstruction is only a by word in most texts that deal with the Progressive Era or progressive education perhaps because Rugg and Counts the two most visible proponents sought and received the political limelight no matter how glaring In any event the depths of social reconstruction have yet to be plumbed Hence the first book in this series will offer a comprehensive treatment of Social Reconstruction which include chapters that examine its proponents political nature and social justice programs born of and within the tumultuous context of progressive politics *State of Louisiana Official Publications*, 1985 **State of Louisiana Official Publications** Louisiana State Library, 1985 NEA Research Bulletin, 1928 *Research bulletin*, 1925 **Official Publications**, 1980 **Research in Education**, 1974 **Monthly Checklist of State Publications** Library of Congress.
