Yeats Reader S Guide:

A Reader's Guide to William Butler Yeats John Unterecker, 1983 **A Reader's Guide to Yeats's A Vision** Neil Mann, 2018-12-31 W B Yeats is one of the most important writers in English of the twentieth century and the system of A Vision is generally recognized as fundamental to the power and achievement of his later poetry Yet this strange mixture of esoteric geometry lunar symbolism and sweeping generalization has proven frustrating to generations of readers who have found it obscure in both matter and presentation This book helps readers to approach and understand the origins structure and implications of the system Concentrating on the 1937 revised edition of A Vision the treatment is divided into major topic areas with several levels a general introduction to each topic a fuller and deeper examination of that topic drawing on A Vision s two versions and the manuscript background and forming the bulk of each chapter an examination of how the topic manifests in Yeats s literary work full notes to explore conceptual and textual problems The first three chapters examine the background and origins of A Vision the central seven chapters look at the major elements involved in the system the following four at the major processes of life and history The main treatment ends with a summary and conclusion and is supplemented by a glossary of terms and appendices *A Reader's Guide to William Butler Yeats* John Eugene Unterecker, 1964 **Yeats's Poetic Codes** Nicholas Grene, 2008-06-12 Nicholas Grene explores Yeats s poetic codes of practice the key words and habits of speech that shape the reading experience of his poetry Where previous studies have sought to decode his work expounding its symbolic meanings by references to Yeats s occult beliefs philosophical ideas or political ideology the focus here is on his poetic technique its typical forms and their implications for the understanding of the poems Grene is concerned with the distinctive stylistic signatures of the Collected Poems the use of dates and place names within individual poems the handling of demonstratives and of grammatical tense and mood certain nodal Yeatsian words dream bitter sweet and images birds and beasts dialogue and monologue as the voices of his dramatic lyrics The aim throughout is to illustrate the shifting and unstable movement between lived reality and transcendental thought in Yeats the embodied quality of his poetry between a phenomenal world of sight and an imagined world of vision **Yeats's Worlds** David Pierce, 1995-01-01 *A Reader's Guide to Wallace Stevens* Eleanor Cook, 2009-03-09 Wallace Stevens is one of the major poets of the twentieth century and also among the most challenging His poems can be dazzling in their verbal brilliance They are often shot through with lavish imagery and wit informed by a lawyer s logic and disarmingly unexpected a singing jackrabbit the seductive Nanzia Nunzio They also spoke and still speak to contemporary concerns Though his work is popular and his readership continues to grow many readers encountering it are baffled by such rich and strange poetry Eleanor Cook a leading critic of poetry and expert on Stevens gives us here the essential reader s guide to this important American poet Cook goes through each of Stevens s poems in his six major collections as well as his later lyrics in chronological order For each poem she provides an introductory head note and a series of annotations on difficult phrases

and references illuminating for us just why and how Stevens was a master at his art Her annotations which include both previously unpublished scholarship and interpretive remarks will benefit beginners and specialists alike Cook also provides a brief biography of Stevens and offers a detailed appendix on how to read modern poetry A Reader's Guide to Wallace Stevens is an indispensable resource and the perfect companion to The Collected Poems of Wallace Stevens first published in 1954 in honor of Stevens's seventy-fifth birthday as well as to the 1997 collection Wallace Stevens Collected Poetry and Prose

A Reader's Guide to William Butler Yeats John Unterecker, 1959 *The Oxford Handbook of W. B. Yeats* Lauren Arrington, Matthew Campbell, 2023 A Handbook devoted to the poet W B Yeats 1865-1939 that examines how his work as a poet playwright critic and public figure in the late 19th through the mid 20th century continues to influence writing in English Irish and worldwide Anglophone literatures *A Reader's Guide to the Plays of W. B. Yeats* Richard H Taylor, 1984-02-23 **A Reader's Guide to the Plays of W.B. Yeats** Richard Taylor, 1984 Readers' Guide, 1912 **A Guide to the Choice of Books for Students & General Readers** Arthur Herbert Dyke Acland, 1891 Irish Essays Denis Donoghue, 2011-04-14 Denis Donoghue has been a key figure in Irish studies and an important public intellectual in Ireland the UK and US throughout his career These essays represent the best of his writing and operate in conversation with one another He probes the questions of Irish national and cultural identity that underlie the finest achievements of Irish writing in all genres Together the essays form an unusually lively and far reaching study of three crucial Irish writers Swift Yeats and Joyce together with other voices including Mangan Beckett Trevor McGahern and Doyle Donoghue's forceful arguments deep engagement with the critical tradition buoyant prose and extensive learning are all exemplified in this collection This book is essential reading for all those interested in Irish literature and culture and its far reaching effects on the world

Readers' Guide to Periodical Literature Anna Lorraine Guthrie, Bertha Tannehill, Neltje Marie Tannehill Shimer, 1925 An author subject index to selected general interest periodicals of reference value in libraries **A guide to the choice of books for students and general readers, ed. by A.H.D. Acland** Guide, 1891 **A Reader's Guide to the Narrative and Lyric Poetry of Thomas Lovell Beddoes** Rodney Edgecombe, 2015-10-05 Beddoes poses a peculiar problem for critics and scholars who wish to redress the marginal position that he occupies in the Romantic canon a problem seemingly unique to him and created in part by his misconception of his own strengths as a writer An extremely good poet who had things turned out differently might have functioned as a missing link between Keats and Tennyson he fatally divided his attention between verse and medicine a discipline that by his own admission made in the poem composed for Zo King served to wither his creative gift This fission of energy was bad enough but more damaging still was his misconception of metier for whatever mental resources remained to Beddoes after gruelling days in the classroom he invested in writing an unstageable drama instead of in his primary gift for lyric verse Whereas the Beddoes revival that has been gathering momentum in recent years has centred on Death's Jest Book the play onto which the poet directed some might say misdirected so much of his creative

energy this study focuses wholly on his lyric and narrative verse much of which has received short critical shrift It follows the sequence of poems set out in the Donner edition and focuses on their verbal richness and inventiveness as they unspool upon the page

A reader's guide to William Butler Yeats New York, Noonday Press John Unterecker, **The Bedford Guide for College Writers with Reader, Research Manual, and Handbook with 2009 MLA and 2010 APA Updates** X. J. Kennedy, Dorothy M. Kennedy, Marcia F. Muth, 2010-04 When it was first published twenty years ago The Bedford Guide for College Writers brought a lively and innovative new approach to the teaching of writing Since that time authors X J and Dorothy M Kennedy have won praise for their friendly tone and their view apparent on every page of the text that writing is the usually surprising often rewarding art of thinking while working with language More recently experienced teacher and writer Marcia F Muth joined the author team adding more practical advice to help all students even those underprepared for college work become successful academic writers While retaining the highly praised Kennedy touch The Bedford Guide continues to evolve to meet classroom needs The new edition does even more to build essential academic writing skills with expanded coverage of audience analysis source based writing argumentation and reasoning and more
