Embody Toni Bergins, M.Ed.,2024-10-29 A new paradigm for embodied healing in a unique experiential therapeutic process in which expressive movement guided imagery ritual music and creative expression work together In *Embody* Toni Bergins the founder and creator of JourneyDance an internationally renowned dance movement program shares with readers a powerful way to address trauma mindfully so people can confront it heal and grow to love themselves unconditionally just as they are *Embody* is a dynamic conscious practice that can help people release what no longer serves them and shows them how to stop stuffing numbing the pain and start feeling stop over thinking limiting and get moving Embodiment is the new buzzword in personal transformation but most often it is connected to static practices like breathwork and meditation For Toni Bergins embodiment is best achieved through active movement and has created a practice where people literally get out of their heads and into their bodies Her program is a trauma informed one that offers a new promise leading readers through deep personal work but making it feel like play In this book she turns the heaviness of processing pain and past trauma into an expressive art aligned with the most recent research Specifically trauma expert Bessel van der Kolk writes in his bestselling *The Body Keeps the Score* In order to overcome trauma people need to feel safe enough to open up their hearts and minds to others and become engaged with new possibilities This can be done if trauma survivors are helped to confront and confess the reality of what has happened and are helped to feel safe again In many cultures this involves communal rhythmical activities such as dancing And that is Toni Bergins mission and method to help readers move into a new story for their lives *Embody* features Toni s prescription for a comprehensive healing journey comprised of five core elements Music to open the doorways of impulse imagination creativity and healing to change mood and awareness Movement to enhance presence and confidence and release old patterns and traumas Mystical Inquiry where imagery and creative visualization exercises are used to guide readers into an alchemic and shamanic state to investigate past hurts and learn to trust their instincts Prayers and Invocations to raise energetic vibrations to a positive place with powerful affirmations and Journaling with writing prompts to process inner self awareness learned on the dance floor or through any of the other *Embody* elements

Face to Face, Volume One Marty Folsom,2013-07-29 *Face to Face* is about personal relationships Everyone talks as though they want one but most of us are missing the strategies to live with this intimacy especially with God This book is an invitation to explore the ah ha moments of a theologian who believes that theology should be practical and speak to where we live Drawing from years of study in theology biblical studies counseling and addiction therapy this book is a creative conversation about what is missing in our most important element in life our relationships Its simplicity does not diminish its depth in penetrating some of the most complex questions of our age *Rogues and vagabonds* Compton

MacKenzie,2025-03-02 In *Rogues and Vagabonds* Compton MacKenzie presents a captivating exploration of the underbelly of society infusing his narrative with rich characterizations and a distinctively humorous prose style Set against the backdrop of

early 20th century Britain the novel intricately weaves together tales of the marginalized and the misfits revealing their struggles and triumphs The literary context of this work is marked by the burgeoning interest in social realism and a critical examination of class disparities making it a significant contribution to the literature of its time Compton MacKenzie a Scottish author and playwright was deeply influenced by his own experiences and the cultural shifts of his era His background in the privileged upper class contrasted with an acute awareness of the downtrodden provided him the perspective needed to illuminate the pathos of his characters His earlier works often grappled with themes of identity and societal norms and Rogues and Vagabonds serves as a culmination of these interests underscoring the complexities of human experience I highly recommend Rogues and Vagabonds to readers interested in rich character driven tales that dissect social hierarchies with sharp wit and empathy It is a remarkable study of human resilience and eccentricity inviting readers to engage with the overlooked narratives that shape our world **Psychoanalytic Practice Today** Antonino Ferro, 2019-06-21

Psychoanalytic Practice Today offers the reader a good understanding of the school of thought inspired by the late work of Wilfred R Bion The contributors share a belief in the curative power of the analytic encounter and in the capacity of the human mind to develop from the encounter with a mind capable of reverie dreaming and thinking The multitude of vignettes presented emphasise the necessity of the emotional involvement of the analyst with his or her patients for improvement to take place The book is divided in two parts Psychopathology and Emotions and Feelings The first part adapts a more classic description of psychiatric disorders by diagnostic criteria from neuroses to psychoses and including depression and borderline states The second part of the book takes a closer look at specific clinical manifestations of basic emotions such as anger surprise sadness and more complex ones such as jealousy abandonment and betrayal The common thread is represented by the central place of dreaming in the psychoanalytic field as a tool to understand these clinical manifestations and to allow for their psychic representation as an emotional experience The contributions together offer a varied introduction to current ideas that are growing increasingly interesting to English speaking readers with a sufficient character of originality irreverence and creativity that bears witness to the maturity of Italian psychoanalysis Psychoanalytic Practice Today will offer new ideas to the practicing psychoanalyst and psychodynamic psychotherapist **The poetical works of**
