War Of The World Views:

War of the World Views Ken Ham, Bodie Hodge, Carl Kerby, Dr. Jason Lisle, Stacia McKeever, Dr. David Menton, 2006-01-01 What do aliens dinosaurs and gay marriage have in common They are all part of the culture war a war between two worldviews One view is based on a biblical understanding of history the other on pure naturalism Our educational institutions and the media are on the frontlines of evolutionizing our culture From Biology 101 to World History from The Learning Channel to Sponge Bob subtle and not so subtle evolutionary messages bombard us We witness the battles and skirmishes of this war in our schools our courts and our homes All around us are casualties of the warfare Christians taken captive by an evolutionary philosophy The idea of the big bang and millions of years has duped many Christians and its effects include a deficient gospel and subjective morality How are we to respond when we hear of the latest argument for evolution How can we prepare our children to face the evolutionary indoctrination of our public schools and universities What are we to make of Christian organizations who teach the big bang and millions of years How can we build a truly biblical worldview In this powerful book you will find ammunition for the war answers to some of the most common arguments for evolution analyses of Christian compromise positions and a call for return to the true biblical authority

War of the Worldviews Ham Menton, Bodie Hodge, 2005 There is a war being fought in our culture a war between two worldviews One view is based on a biblical understanding of history the other on pure naturalism We witness the battles and skirmishes in our schools our courts and our homes All around us are casualties of the warfare taken captive by an evolutionary philosophy
