Sharon Jaynes

Watch Love Notes Online:

Love Notes Chicago Tribune Staff, 2013-09-17 Collected from the Chicago Tribune column of the same name *Love Notes* is an intimate look at the charms and challenges of love in the modern age Containing 50 profiles each a personal account of a couple finding love this uplifting collection tells the unique story of a real life people and the love that keeps them together After each profile there is a set of mini love stories comprising short reader submitted accounts of their own coming together tales *Love Notes* presents the stories of relatable couples from all walks of life sharing their diverse experiences and inspiring happiness This book reveals the challenges and commonalities of couples young and old newly engaged and long lasting as well as traditional and nontraditional These stories celebrate relationships through their turbulence and triumph leaving readers with a broader view of the surprising paths that lead one person to another and inspire them to find love notes of their own

Black Dignity Vincent W. Lloyd, 2022-11-15 Why Black dignity is the paradigm of all dignity and Black philosophy is the starting point of all philosophy This radical work by one of the leading young scholars of Black thought delineates a new concept of Black dignity yet one with a long history in Black writing and action Previously in the West dignity has been seen in two ways as something inherent in one's station in life whether acquired or conferred by birth or more recently as an essential condition and right common to all of humanity In what might be called a work of observational philosophy an effort to describe the philosophy underlying the Black Lives Matter movement Lloyd defines dignity as something performative not an essential quality but an action struggle against domination Without struggle there is no dignity He defines anti Blackness as an inescapable condition of American life and the slave's struggle against the master as the primal scene of domination and resistance Exploring the way Black writers such as Frederick Douglass Langston Hughes and Audre Lorde have dealt with themes such as Black rage Black love and Black magic Lloyd posits that Black dignity is the paradigm of all dignity and more audaciously that Black philosophy is the starting point of all philosophy

Timeless Love Olaniyi Olaleye , *Timeless Love* is your ultimate guide to building deep lasting and meaningful relationships in today's fast paced world In a culture where love often fades and connections are lost in the noise of modern life this book offers a refreshing and powerful roadmap to creating love that truly stands the test of time Whether you're searching for love strengthening a current relationship or healing from heartbreak *Timeless Love* provides the tools insights and inspiration to help you thrive Drawing from psychology real life stories and spiritual wisdom Olaniyi Olaleye explores the essential pillars of lasting love trust communication vulnerability forgiveness and emotional intimacy Through practical advice and heartfelt reflection this book will help you Understand the difference between infatuation and enduring love Communicate openly and resolve conflict with grace Reignite passion and emotional connection Embrace self love as the foundation for healthy relationships Navigate the digital age without losing authenticity Heal past wounds and build unshakable trust *Timeless Love* is not just about finding the right person it's about becoming the right person and building a relationship rooted in purpose

Humanism and the Challenge of Difference Anthony B. Pinn,2018-10-03 This book explores the implication of diversity for humanism Through the insights of academics and activists it highlights both the successes and failures related to diversity marking humanism in the US and internationally It offers a timely depiction of how humanism in general as well as how particular humanist communities have wrestled with the nature of our changing world and the issues that surface in relationship to markers of difference USAREC Family News ,1999

Love in the Time of Algorithms Dan Slater,2013-01-24 If online dating can blunt the emotional pain of separation if adults can afford to be increasingly demanding about what they want from a relationship the effect of online dating seems positive But what if it s also the case that the prospect of finding an ever more compatible mate with the click of a mouse means a future of relationship instability a paradox of choice that keeps us chasing the illusive bunny around the dating track It s the mother of all search problems how to find a spouse a mate a date The escalating marriage age and declining marriage rate mean we re spending a greater portion of our lives unattached searching for love well into our thirties and forties It s no wonder that a third of America s 90 million singles are turning to dating Web sites Once considered the realm of the lonely and desperate sites like eHarmony Match OkCupid and Plenty of Fish have been embraced by pretty much every demographic Thanks to the increasingly efficient algorithms that power these sites dating has been transformed from a daunting transaction based on scarcity to one in which the possibilities are almost endless Now anyone young old straight gay and even married can search for exactly what they want connect with more people and get more information about those people than ever before As journalist Dan Slater shows online dating is changing society in more profound ways than we imagine He explores how these new technologies by altering our perception of what s possible are reconditioning our feelings about commitment and challenging the traditional paradigm of adult life Like the sexual revolution of the 1960s and 70s the digital revolution is forcing us to ask new questions about what constitutes normal Why should we settle for someone who falls short of our expectations if there are thousands of other options just a click away Can commitment thrive in a world of unlimited choice Can chemistry really be quantified by math geeks As one of Slater s subjects wonders What s the etiquette here Blending history psychology and interviews with site creators and users Slater takes readers behind the scenes of a fascinating business Dating sites capitalize on our quest for love but how do their creators ideas about profits morality and the nature of desire shape the virtual worlds they ve created for us Should we trust an industry whose revenue model benefits from our avoiding monogamy Documenting the untold story of the online dating industry s rise from ignominy to ubiquity beginning with its early days as

computer dating at Harvard in 1965 Slater offers a lively entertaining and thought provoking account of how we have for better and worse embraced technology in the most intimate aspect of our lives

Exploring Masculinities Martha Albertson Fineman, Michael Thomson, 2016-04-15 While masculinities theory has had much to say on relationships of subordination few feminist legal scholars have examined the implications of masculinities theory for feminist legal theory This volume investigates the ways in which emerging masculinities theory in law could inform feminist legal theory in particular and law in general As many of the chapters in this collection illustrate law is constantly in a dynamic interaction with masculinities it has both influenced existing masculinities and has been influenced by those masculinities The contributions focus feminist and critical theoretical attention on masculinities and consider the implications of masculinities theory for law and legal theory The book sets out the theoretical trajectory of masculinities studies as a field and its application in law and uses insights from a masculinities approach to study socio political construction of gender identities in specific settings It also explores how understanding historical construction of gender identities can inform more effective public policy and activism Written by leading experts in the area the book poses important questions about the development of the relationship between feminisms and masculinities theory and will be essential reading for those working in law and gender and related areas
