Developing Quality in Personal Social Services Adalbert Evers, Riitta Haverinen, Kai Leichsenring, Gerald Wistow, 2019-05-23 First published in 1997 this volume is about the challenge of introducing business originated concepts of quality assurance personal social services are currently confronted with all over Europe Undoubtedly the new orientation towards a more business like approach in social welfare settings will raise professionalism client orientation and controlling instead of mere inspection There is evidence however that the specificities of personal social services are not always taken into account if it comes to introducing market values and mechanisms Due to this development it becomes essential to promote more adequate criteria for quality standards in the very field of personal social services The challenge is to maintain a certain standard of service provision while at the same time reconsidering the preconditions for defining quality This will imply the search for a consensus between allegedly diverging approaches i e between their different basic concepts aims and standards Given the social and economic context within which these developments are taking place the focus of the contributions is on their critical assessment in different European countries An overview is given about national developments in the areas of care for older persons and other social services The contributors from Austria Belgium Denmark Finland Germany Italy the Netherlands Norway Sweden and the UK look at how and by whom quality is defined and what challenges the actors of the traditionally mixed economy of personal social services are meeting Empirical evidence about user involvement and satisfaction is given but also theoretical reasoning about the impact of business approaches on a public good Thus the book tries to fill an important gap in practice

research and policy making concerning personal social services and quality issues *Understand Social Agency* Armand Lauffer,1984-11 This revised and expanded Second Edition of the widely read *Understanding Your Social Agency* offers students and practitioners a simple yet comprehensive introduction to organizational theory and its meaning for social agencies Each of the first ten chapters is devoted to a particular perspective for understanding the agency The final chapter considers using each of the ten perspectives independently or in tandem to solve problems within or on behalf of the agency It will be a useful guide to solving problems of an organizational nature within an agency Handbook of Health Administration and Policy Anne Kilpatrick,1998-11-23 This comprehensive text offers a broad view of health care policy health services delivery and organization and health care management Drawing on the insights of over 100 scholars and leading practitioners it highlights organizational changes reflected in health care mergers networks and affiliations and describes the role of funding agencies in the direct provision of services Providing over 2350 references tables and drawings the book charts the influences of managed care on provisions funding and the configuration of providers and services and portrays the increasingly influential and challenging role of health administrators Social Work Practice with Groups, Communities, and Organizations Charles A. Glisson,Catherine N. Dulmus,Karen M. Sowers,2012-08-14 A solid theory to practice guide to contemporary mezzo and macro social work Written by a renowned team of scholars *Social Work Practice with Groups Communities and Organizations* focuses on the contemporary theory and practice of social work Each chapter delves deeply into the key theoretical considerations surrounding a particular practice area exploring the clinical implications of each Spanning the full range of both mezzo and macro practice areas the authors thoroughly look at the assessment of and interventions with group community organizational and institutional settings The most authoritative book in this field *Social Work Practice with Groups Communities and Organizations* features A focus on evidence based approaches to assessment and intervention for each practice area discussed Comprehensive coverage of the most important new and emerging practice technologies in mezzo and macro social work Current and emerging demographic social political and economic trends affecting mezzo and macro practice An array of pedagogical aids including Key Terms Review Questions for Critical Thinking and Online Resources Content closely aligned with social work accreditation standards EPAS Providing a solid review of the entire scope of contemporary mezzo and macro social work practice *Social Work Practice with Groups Communities and Organizations* is both an indispensable educational text for students and a valuable working resource for practitioners who work with groups communities and organizations of all sizes Measuring the Performance of Human Service Programs Lawrence L. Martin,Peter M. Kettner,2010 Government and nongovernmental human service organizations are under increasing pressure to demonstrate that their programs work As stakeholders demand more accountability human service organizations are increasingly utilizing performance accountability and performance measurement as a way of demonstrating the efficiency quality and effectiveness of their programs *Measuring the Performance of Human Service*

Programs Second Edition examines the reasons why performance measurement has become the major method of performance accountability today In this second edition of their classic work Martin Kettner explain in detail how to develop and utilize output quality and outcome performance measures in human service programs Special attention is given to the four types of outcome performance measures numeric counts standardized measures level of functioning LOF scales and client satisfaction

Practice of Case Management David P. Moxley,1989 The Practice of Case Management in the Human Services offers a succinct yet comprehensive guide to carrying out a case manager s responsibilities The author explores assessment of the service needs of the client facilitating the client s contact with the appropriate institutions and services monitoring the quality of services provided to the client and taking action when the client s needs are not met He also considers the therapeutic role required when needs are not met because the problems are indigenous to the client Providing an integrated look at practice technologies applicable to a variety of practice areas the volume is appropriate for both preservice and inservice education in the field of human servi

Family Assessment Adele Holman,1983-06 A practical guide for human service workers and students which describes and shows techniques for use in assessing families The author reviews a conceptual basis of family assessment in chapters that focus on the family as a system the family and its environment and the family life cycle She goes on to describe such methods of assessment as the ecomap the genogram family sculpture and the use of observation and checklists Throughout the guide case examples are used to illustrate concepts and show the techniques in use A special feature of particular value is the self teaching exercises designed to give the reader practice in applying these ideas and methods A concluding chapter relates family assessment to treatment or intervention

Creating Small Scale Social Programs Barbara Schram,1997-10-14 Built around a single case study Creating New Agency Programs clearly illustrates how to effectively plan implement and evaluate a small scale social program Each step in the planning process is introduced and described in a way that allows the reader to vicariously participate in the evolution of the program Useful charts time lines and resource lists are included and can be easily referenced and utilized This book s emphasis on planning is important not only because it is a much used and generally under taught skill but because successful planning is the process that can turn the dreams of a community into concrete reality This book is geared toward designing programs to meet specific social needs and organizing the relevant and human resources to implement them The programs are specific detail and activity oriented but are designed to support long range goals which may be handed down by a parent organization or the community in general The author s strategy of using a case study serves as a creative learning tool that leads readers through each practical step toward successfully creating their own small scale social program Filling the void of literature on designing programs Creating New Agency Programs is ideal for professionals and students in a variety fields social work human services clinical counseling psychology drugs and alcohol psychology nursing and management who are faced with the task of planning designing and evaluating a program

Advanced Case Management Norma Radol Raiff, Barbara K. Shore, 1993-08-19 This overview of issues pertinent to case management in the social services illustrates the diversity of innovative approaches which have been developed These include new forms of outreach and assessment alternative methods for engaging family members and natural supports and strategies attuned to the needs of culturally diverse constituencies The degree to which existing services are available to meet clients needs and variations in service philosophies and resources are among the issues discussed Examples from many practice settings illustrate the adaptability of case management

Effective Meetings John E. Tropman, 1996 This book shows that the value of group decision making lies in its ability to bring together people with a variety of different expertise and experiences These techniques are applied to problems such as health care homelessness and family violence

Improving Organizational Performance Gary V. Sluyter, 1998 A practical guide to recently developed management principles Improving Organizational Performance takes the reader beyond the basics of the TQM fad to the core concepts that undergird it The book provides a basic reference and field guide for mental health service organizations that are interested in learning about and applying sound management principles In addition to basic theory it presents procedures for putting quality practices in place using examples from the field to illuminate points and including a complete case study to help organizations learn the quality improvement team process Improving Organizational Performance is an effective tool for improving performance for managers in mental health human services and social services
