Smith,2015-10-14 The third edition of Issues in Cultural Tourism Studies provides a vital framework for analysing the complexity of cultural tourism and its increasing globalization in existing as well as emergent destinations of the world It focuses in particular on the need for even more creative tourism strategies to differentiate destinations from each other using a blend of localized cultural products and innovative global attractions The book explores many of the most pertinent issues in heritage arts festivals indigenous ethnic and experiential cultural tourism in urban and rural environments alike Since the second edition of this book there have been many important developments in this field and this third edition has been completely revised and updated to include New content on demand and motivation for cultural tourism sustainable cultural tourism and ethnic cultural tourism New and updated case studies from an even wider global perspective A revised up to date framework for global cultural tourism studies in the light of recent research publications and industry developments New pedagogical features within the text to aid understanding and critical thinking including questions at the end of case studies and a further reading section At the interface between the global and the local a sustainable and people centred approach to cultural tourism planning and development is advocated to ensure that benefits are maximized for local areas a sense of place and identity are retained and the tourist experience is enhanced to the full The text is unique in that it provides a summary and a synthesis of all of the major issues in global cultural tourism which are presented in an accessible way using a diverse range of international case studies It is essential and valuable reading for all tourism students

The Routledge Handbook of Tourism Geographies Julie Wilson,Dieter K. Müller,2024-10-24 The Routledge Handbook of Tourism Geographies 2nd Edition offers a comprehensive re evaluation of the recent developments conceptual theoretical and empirical debates and critical issues in this field of study Reflecting on and building from its original aim of rethinking geographical approaches to tourism the volume explores contemporary tourism contexts and concepts as marked by the present era of polycrises setting out renewed and reoriented perspectives on tourism geographies into the mid 2020s Across its diverse range of contributions the Handbook navigates the complexities of tourism as a shifting construct situating tourism geographies within the socio spatial

economic and environmental implications of tourism leisure and mobilities in the new contexts of global change ecological transition and digital transformation The volume aims to provide a nuanced and detailed analysis of established and emerging discourses and debates within tourism geographies underscoring the field's inherent criticality and ideal positioning for understanding and catalysing complex global and local scenarios in contemporary tourism leisure and mobilities Written by leading scholars in the tourism geographies field this text is an invaluable resource for students researchers and scholars working in the areas of tourism geography and related disciplines encouraging dialogue across areas of study

**Proximity and Intraregional Aspects of Tourism** Jelmer Jeurig, Inmaculada Diaz Soria, 2018-10-18 Tourism research often tends to overlook both the mundane of the exotic and the exotic of the everyday However when acknowledging that exoticism is not necessarily linked to geographical distance it is similarly possible to attribute touristic otherness to and experience unfamiliarity in a geographically proximate environment This entails a need to rethink the intertwining relationships of meanings of the exotic and the mundane as well as the ways people make meaning of their everyday environment through processes of territorialization and identification in a tourism context The articles collected in this book cover a range of examples of tourism practices in a context of geographical proximity where home and away everyday life and tourism intersect While the settings methodologies and concepts vary considerably each contribution is an attempt to rethink the hegemonic linear framing of tourism in dichotomies such as familiar and unfamiliar nearby and far host and guest mundane and exotic The examples findings and conclusions of the various authors contribute to an understanding of tourism that is multiple and relative to an open minded and critical attitude towards the institutionalized anchors of our society in which tourism takes such a prominent place that it has almost become ordinary This book was originally published as a special issue of the Tourism Geographies journal
