Wagner And The Wonder Of Art An Introduction To Die Meistersinger:

Wagner and the Wonder of Art M. Owen Lee, 2007-01-01 In *Wagner and the Wonder of Art* renowned opera expert M Owen Lee provides an introduction to the opera and an analysis that will surprise even those veteran operagoers who may not have explored the work's intricate structure and the emotional drama at its centre *Wagner and the Wonder of Art* M. Owen Lee, 2007-12-15 Richard Wagner's *Die Meistersinger* has always called forth superlatives from those who have fallen under its spell Toscanini wanted to lay his baton down for the last time only after he had conducted a performance of it Paderewski called it the greatest work of genius ever achieved by any artist in any field of human endeavour H L Mencken declared It took more skill to plan and write it than it took to plan and write the whole canon of Shakespeare And yet Wagner's many splendoured comedy has come under severe criticism in recent years for what has been called its dark underside its fascist brutality and its ugly anti-Semitism In *Wagner and the Wonder of Art* renowned opera expert M Owen Lee addresses that criticism He also provides an introduction to the opera and an analysis that will surprise even those veteran operagoers who may not have explored the work's intricate structure and the emotional drama at its centre The book includes the on air commentary that Father Lee gave during the first radio broadcast from the Metropolitan Opera after the events of 9 11 He thought it necessary after attempting to refute the charges leveled against Wagner's opera to say something about its truthfulness its life affirming music its insight into the madness that can destroy human lives and its witness to the importance of art for the survival of our civilizations *Richard Wagner* Michael Saffle, 2010-06-10 *Richard Wagner A Research and Information Guide* is an annotated bibliography concerning both the nature of primary sources related to the composer and the scope and significance of the secondary sources which deal with him his compositions and his influence as a composer and performer **A Rhetoric of Aesthetic Power** Christian Kock, 2024-10-18 This book offers a theory of those formal properties of art that are apt to afford strong aesthetic experience a project resembling Aristotle's in the *Poetics* where he analysed structures in tragedies that condition the peculiar pleasure of tragedy However the book's scope cuts across all genres of literature and also includes classical music the formal art par excellence Drawing on a wide array of recent theoretical work and empirical evidence the book closely analyses dozens of examples of both art forms Besides Aristotle major inspiration comes from two modern master thinkers the linguist Roman Jakobson who defined the poetic function of language and the rhetorician Kenneth Burke who proposed a psychological concept of form Throughout the book argues for aesthetic experience as an end in itself and a component of quality of life one to which everyone should have access rather than just a means to other ends *Opera* George Henry Hubert Lascelles Earl of Harewood, 2008 *Music News*, 1914 **The Writers Directory**, 2013 **The Musical Times and Singing-class Circular**, 1881 *Death and the Master* Blue Magpie Books, 2019-11-27 This exceptional collection features 22 contemporaneous original obituaries personal recollections and news reports following Richard Wagner's death in 1883 taken from 17 separate publications in six

countries across the world The accounts gleaned from the archives of music journals magazines and newspapers such as The New York Times Le Figaro Berliner Tageblatt and The Times of London amount to more than 45 000 words They allow the reader to gain a unique perspective of the controversial composer and to understand how the world regarded him at the time of his death It is the immediacy of that perspective and what it tells us of the context in which Wagner lived and died that makes this compilation such an engaging and distinctive read Each account is packed with many fascinating insights into the composer s tumultuous life and the complex powerful personality of the flawed genius who revolutionised classical music In his foreword Simon Heffer the esteemed columnist on Britain s Daily Telegraph newspaper hails Death and the Master as a riveting collection and a fine addition to the long list of books on Wagner He writes The appreciations make the perfect introduction to him and his art reading them will give one a clear idea of his context and his stature Not only should they serve to welcome many new listeners to his music but they will intrigue seasoned ones too **The Musical Times** ,1907
