Way Out Obamacare Sally Pipes:

The Way Out of Obamacare Sally C. Pipes, 2015-12-15 President Barack Obama has declared that his signature health reform law the Patient Protection and Affordable Care Act is here to stay But his days in the White House are numbered and the law has failed insurance premiums and deductibles have skyrocketed patients are losing access to doctors and economic growth has been crushed In this Broadside Sally C Pipes provides an actionable blueprint for health care reform this campaign season which the next president can implement on Day One This book provides a replacement plan for Obamacare one that will provide affordable accessible quality health care for all Americans **The Growth Deficit** James

Piereson, 2022-11-01 During the 1980s and 1990s European economies went through a period of slowing economic growth and high unemployment what some economists described as secular decline On the other side of the Atlantic the United States enjoyed a robust recovery during those years by reducing taxes eliminating regulations on business and tightening monetary policy Now after two decades of subpar growth the question is whether or not the American economy has entered into its own era of secular decline This Broadside examines this troubling development recognizing that there are no easy solutions to the problem Lacking workable solutions Americans will have to adjust to a future of slow economic growth with all that implies for inter generational progress American strength abroad and political conflict at home Why We Must Defend the Electoral College Trent England, 2020-05-05 Is the Electoral College racist and a scam as Rep Alexandria Ocasio Cortez claims Or was Alexander Hamilton right when he declared that if it be not perfect it is at least excellent In this Broadside Trent England explains why we have the Electoral College how it shapes American politics and why preserving it is necessary to maintain our republican form of government With an organized campaign trying to hijack the constitution s state by state system in favor of a direct election now is the time for Americans to come to the defense of the Electoral College The Truth About Obamacare Sally C. Pipes, 2010-07-13 In her new book The Truth About Obamacare Sally C

Pipes president of the Pacific Research Institute and an acknowledged expert on health care reform reveals what Democrats in Congress and President Obama don t want you to know Obamacare is even worse than most critics suspect Debunking the myths that the current administration has touted Pipes shows exactly what the new health care law will mean for you your family your doctor and your wallet She also reveals how contrary to its promises Obamacare will make health care more expensive limit your options lead to deteriorating medical care and weaken America s already frail economy *The Next Pandemic* Betsy McCaughey, 2020-05-19 America is suffering from two public health crises One is caused by a virus The other a brutal economic shutdown is something we have brought on ourselves Both the virus and the shutdown are deadly But many more Americans will likely die from getting laid off than from the virus The shutdown wasn t caused by the virus It was a frantic response to America s unpreparedness For more than two decades a dozen official reports sounded the alarm The career pols and federal bureaucrats did nothing Message to Washington DC No more commissions and televised hearings It s

time to act In this incendiary Encounter Broadside Betsy McCaughey shows how to battle the next pandemic without an economic shutdown including technologies to make workplaces healthier protections for hospital workers and severing dependence on China for medical supplies Despite the suffering there s reason for optimism America will be ready for the next pandemic

Getting America Back to Work Andrew F. Puzder,2020-04-21 Over the last two months the COVID 19 pandemic has thrown a robust American economy into disarray completely shutting down major business sectors and putting millions of people out of work overnight With so much at stake and with all options seemingly on the table it is crucial that we commit ourselves to the long term goal of restoring the sorts of free market policies that led to the Trump Economic Boom prior to the China Virus crisis Although massive government interventions that Barack Obama pursued following the Great Recession might presently appear beneficial or even essential a return to Obama s new normal of stagnant growth would lead to disastrous and persisting economic damage We must instead return as soon as is safely possible to the Trump model of economic prosperity that produced the strongest labor market in modern history

The False Promise of Single-Payer Health Care Sally C. Pipes,2018-03-06 A government takeover of the US health care system has never looked more plausible Support for the idea is at an all time high Two thirds of Democratic voters favor single payer health care even one in four Republicans is on board In this Broadside Sally C Pipes makes the case against single payer by offering evidence of its devastating effects on patients in Canada the United Kingdom and even the United States Long wait times substandard care lack of access to innovative treatments huge public outlays and spiraling costs are endemic to single payer Those are hardly outcomes we should consider foisting upon the American health care system

The Fracturing of the E.U. Bruce S. Thornton,2017-12-05 The long simmering crises challenging the European Union have worsened with the 2008 financial crisis the influx of Middle East refugees in 2015 several bloody terrorist attacks and England s departure from the E U in 2016 Yet these are all the wages of persistent flaws in the idea of the Union itself Excessive regulations welfare and taxes impede economic growth Centralization of power in Brussels has created a democracy deficit and lessened autonomy and freedom Populations are shrinking and unvetted and unassimilated migrants have increased crime and terrorist attacks All these problems reflect the lack of any unifying set of beliefs and principles that could unite 27 diverse cultures and peoples Europe is fractured and adrift its peoples unsure for what they should fight or die for

Checking Progressive Privilege Carrie L. Lukas,2019-07-23 Progressives have taught us that it doesn t take overt discrimination to make society unfair Privilege afforded to different groups such as whites males and heterosexuals can infect our cultural institutions creating unfair burdens for other groups But one form of privilege has been overlooked progressive privilege Today the progressive worldview is depicted as what is normal right and worth celebrating by our cultural institutions Conservatives are marginalized and stereotyped in entertainment news academia and throughout our culture Progressive privilege isn t just unfair to conservatives it has warped our entire political environment and made our country more divided Recognizing

progressive privilege is the first step to ending it so that we can have a fairer more truly inclusive society **Trump vs. the Leviathan** Chris Buskirk, 2018-07-10 The success of the Trump presidency will be judged in large part on his ability to reduce the size and scope of the deep state The unelected unaccountable permanent bureaucratic leviathan that winds itself around the body and squeezes its life out must be dismantled if Trump's legacy is to be a permanent restoration of republican government Fortunately his administration is doing that Quietly and without fanfare he is reducing oppressive regulation and reining in what has become the fourth all powerful branch of government There is much yet to be done but less than two years in President Trump has taken steps to return power to its rightful home the sovereign American citizen

Immerse yourself in the artistry of words with Experience Art with is expressive creation, **Way Out Obamacare Sally Pipes**. This ebook, presented in a PDF format (Download in PDF: *), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge.
