I Was Gone Long Before I Left Peter C. Wilcox, 2020-09-15 In St Teresa of Avila's classic spiritual book Interior Castle she describes a difficult period of time in her spiritual journey when she said When I think of myself I feel like a bird with a broken wing When I left the monastery thirty eight years ago this was exactly how I felt I Was Gone Long Before I Left is the story about my interior struggle to leave the monastery after living this lifestyle for over twenty five years It explores the reasons why I went to the monastery why I stayed why I eventually left and what I have learned Maybe more importantly it describes the many years of mental anguish confusion and depression that I went through to finally make this decision It has brought back many painful memories and experiences and called for an honesty and vulnerability that I found daunting For over thirty eight years I have been unable to write about my experience of life in the monastery because I felt ashamed For years I thought about leaving but couldn't make this decision because I felt paralyzed psychologically and emotionally Now after all these years I have found the courage to share my story

The Hidden Faces of Courage Peter C. Wilcox, 2019-01-16 Mother Teresa said to have courage for whatever comes in life everything lies in that When people think about courage they often think about those who put their lives on the line for us every day like first responders firefighters or police officers But there are so many others who quietly endure with steadfast courage whatever comes their way in life These people are like the anawim in the Old Testament the good kind people whom very few know about but who trust in the Lord He is their strength It is because of their faith in him that they live their lives with courage to face whatever comes

their way In over thirty years as a psychotherapist and spiritual director Wilcox has often been amazed at the strength and courage of so many of his clients Some have faced physical disabilities others struggle with mental emotional or psychological problems still others with personal family or career issues These people are what he calls the hidden faces of courage Often they are not well known They certainly receive no notoriety or press Yet they are always there doing the best they can each day This book is an invitation to understand and appreciate the unnoticed courage and strength of ordinary people If we can walk in their shoes it will help us to be courageous for whatever comes to us in life *The Filipino Teacher*, 1907

[A Glimpse into My Heart](#) Carol Cooper Eubank, 2013-12-23 In a loving relationship between a mother and daughter there comes a time when our daughters choose to begin to express their independence but we are not ready to stop being their mother we still have so much more to teach them about love forgiveness charity toward others about life a life of faith This book shares very intimate personal and inspired letters from a mother to a daughter during a time when the daughter was evolving from childhood to young adult and the mother was learning how to let her role evolve with this growth These letters are true glimpses into the heart and are timeless messages of love The love can be as much for mothers as they are for our children They are messages written to inspire our children to continue maturing spiritually as they also mature emotionally

yet in a simply loving way as letters from the heart **The Vows of Religious Life in a Secular Society** Judith A. Merkle, 2025-08-21 This book investigates religious vows shedding light on the type of faith that can sustain humanity in secular times It examines the personal impact of religious life as well as its potential to foster a sense of completeness within society at large Unbelief in today's society can be partially rooted in the shallowness of the sort of religion that the secular can abandon Such a religion characterized as magical shallow illusory or rooted solely in external rituals lacks the depth required to thrive in a secular society It fails to address the profound aspects of human existence the authentic freedom of the spirit and the enduring obedience of faith This study of religious vows uncovers their deeper meanings in light of these challenges It invites us to consider whether religious life despite contemporary criticisms can be seen as touching wholeness This book does not only delve into the theological foundations of these vows but also key areas which impact their understanding and living in new contexts It surveys sociological landscapes and goes beyond to encompass shifts in science psychology theology Religious life in this sense is part of the renewal of the church as well as an agent in it By focusing briefly on each vow Judith A Merkle illustrates how religious life serves as a bridge connecting the secular and the sacred It is a life focused on love of God and service of others which is a witness to the coming of Kingdom of God and values which truly matter in contemporary society
