**Proceedings of the National Conference of Charities and Correction, at the ... Annual Session Held in ...** National Conference of Charities and Correction (U.S.). Session, 1889 **Christina Rossetti** Constance W. Hassett, 2005

Although the cultural and literary influence of Christina Rossetti has recently been widely acknowledged the belatedness of this critical attention has left wide gaps in our understanding of her poetic contribution Often focusing solely on her early work and neglecting her later volumes many critics minimized her relevance by measuring her stature through either her early poems or her relationships with well known Victorian literary figures In Christina Rossetti The Patience of Style Constance W Hassett argues against this diminishment by reopening Rossetti's canon challenging both critics and readers to trade their silent appreciation of her most familiar verse for a patient and active scrutiny of her body of work which contains some of the finest lyric poetry of the nineteenth century Keeping her primary focus on the poems themselves Hassett traces Rossetti's career through her five poetry collections Goblin Market and Other Poems 1862 The Prince's Progress and Other Poems 1866 Sing Song A Nursery Rhyme Book 1872 A Pageant and Other Poems 1881 and Verses 1893 In a comprehensive account of Rossetti's evolving style and genre Hassett analyzes the strengths and failures of the poetry its attention to the resources of rhythm and the shifts of diction its momentum and reserve and the rationale for its revision The book also explores Rossetti's innovative poetry for children her daring reconfiguration of religion and poetry in a late life commentary on the Apocalypse and the influences both of female precursors she admired and outgrew and of the male circle of Pre Raphaelite poets For art historians of the Pre Raphaelites scholars of women's writing and gender studies students of children's literature and researchers in religious studies not to mention readers in Victorian poetry Christina Rossetti The Patience of Style will serve as an indispensable and eye opening guide

**Bessarion's Treasure** Sergei Mariev, 2020-12-07 The importance of Bessarion's contribution to the history of Byzantine and Renaissance philosophy and culture during the 15th century is beyond dispute. However, an adequate appreciation of his contribution still remains a desideratum of scholarly research. One serious impediment to scholarly progress is the fact that the critical edition of his main philosophical work *In Calumniatorem Platonis* is incomplete and that this work has not been translated in its entirety into any modern language yet. Same can be stated about several minor but equally important treatises on literary, theological, and philosophical subjects. This makes editing, translating, and interpreting his literary, religious, and philosophical works a scholarly priority. Papers assembled in this volume highlight a number of philological, philosophical, and historical aspects that are crucial to our understanding of Bessarion's role in the history of European civilization and to setting the directions of future research in this field.
