Gaiter, John Brecher, 2009-10-13 Choosing a bottle of wine should be fun not frightening After all one of the most important elements of enjoying wine is not so much the vintage or the vineyard but the occasion on which it is enjoyed In their new book Wine for Every Day and Every Occasion Dorothy J Gaiter and John Brecher authors of the popular weekly Tastings column in the Wall Street Journal give you the kind of honest accessible wine information that is hard to find In Wine for Every Day and Every Occasion Dottie and John as they are known to their fans answer the most frequently asked questions about what wine to drink on specific occasions They cover all the bases What wine should I put away for my newborn's twenty first birthday What wine is best with Thanksgiving turkey They also suggest ways in which wine can make every day a little bit more of an occasion how to throw a wine tasting how to start a wine tasting group even how to add wine to your tailgating party And they share scores of tips from people like you Chapters include lists of specific wines and provide readers with suggestions for choosing Champagne to ring in the New Year and for chilled whites and even reds to drink in the summer There is no stodginess about vintages and there are no numbered ratings Wine for Every Day and Every Occasion gives you simple straightforward advice to help you choose the best wines for life's best moments As Dottie and John say The problem with most wine books is that they are about wine Our book is about life So raise your glass to Wine for Every Day and Every Occasion And drink to life *The Wall Street Journal*, 2009

Falling Behind Robert Frank, 2013-09-14 With a timely new foreword by Robert Frank this groundbreaking book explores the very meaning of happiness and prosperity in America today Although middle income families don't earn much more than they did several decades ago they are buying bigger cars houses and appliances To pay for them they spend more than they earn and carry record levels of debt Robert Frank explains how increased concentrations of income and wealth at the top of the economic pyramid have set off expenditure cascades that raise the cost of achieving many basic goals for the middle class Writing in lively prose for a general audience Frank employs up to date economic data and examples drawn from everyday life to shed light on reigning models of consumer behavior He also suggests reforms that could mitigate the costs of inequality Falling Behind compels us to rethink how and why we live our economic lives the way we do The Publishers Weekly, 1881 **ASNE** American Society of Newspaper Editors.
