Reincarnation in Christianity Geddes MacGregor,1990-03-09 In this exciting landmark work MacGregor delves into the annals of Christian history to demonstrate that Christian doctrine and reincarnation are not mutually exclusive belief systems *Perspectives on Reincarnation: Hindu, Christian, and Scientific* Jeffery D. Long,2019-01-18 This book is a printed edition of the Special Issue Perspectives on Reincarnation Hindu Christian and Scientific that was published in Religions

Walker,2010-04 Extraordinary independent scholar of comparative religion and mythology Walker examines a time when the Goddess and her consort son ruled supreme and forward into the era when the patriarchy usurped Her worship Holy Ghosts Gary Jansen,2010-09-16 In this remarkable true story the haunting of a Long Island household forces a respected writer and editor to reevaluate the mysteries of life and death as he struggles with the frightening truths of his childhood home and his town s past Growing up in Rockville Center Long Island Gary Jansen never believed in ghosts His mother a devoutly Catholic woman with a keen sense for the uncanny claimed that their family house was haunted But Jansen never found anything inexplicable in how their doorbell would sometimes ring of its own accord or in the mysterious sounds of footsteps or breaking glass that occasionally would fill their home or even in his mother s sometimes unsettlingly accurate visions of future events and tragedies Though he once experienced a supernatural encounter in a Prague church as a young man Jansen grew up into a rationalist as well as a noted writer and editor Decades later in 2001 Jansen moved back into the very same house where he had once grown up to raise a family with his wife One day in 2007 he encountered a strange physical sensation in his toddler son s bedroom As I reached into his dresser drawer I felt something very strange behind me Startled I quickly turned around but there was nothing there I shrugged it off grabbed the socks and as I was walking to the doorway experienced an odd phenomenon sort of like an electrical hand rubbing the length of my back I stopped and stood transfixed What the hell is that I said to myself The pressure then seemed to break apart and for a brief moment I felt like I had a million little bugs crawling all over my back Within seconds however the sensation was gone This became the first step in uncovering a frightening fullblown haunting in his home a phenomenon that lasted an entire year and eventually included unveiling the identities of the spirits who occupied his house discovering the chilling story of a century old murder in his hometown encountering mind boggling coincidences between local history and events in his own family and finally engaging

in a climactic exorcism with the help of Mary Ann Winkowski the real life inspiration for TV's The Ghost Whisperer The events of that year in which Jansen's family was terrified of and terrorized by ghosts in their own home forever changed how he viewed the mysteries of life and death Holy Ghosts is not only a gripping true life ghost story but a funny and touching memoir as well as a meditation on the relationship between religion and the paranormal which are often considered at odds with each other but which the author shows are intimately linked The Routledge Handbook of Early Christian Philosophy

Mark Edwards,2020-11-29 This volume offers the most comprehensive survey available of the philosophical background to the works of early Christian writers and the development of early Christian doctrine It examines how the same philosophical questions were approached by Christian and pagan thinkers the philosophical element in Christian doctrines the interaction of particular philosophies with Christian thought and the constructive use of existing philosophies by all Christian thinkers of late antiquity While most studies of ancient Christian writers and the development of early Christian doctrine make some reference to the philosophic background this is often of an anecdotal character and does not enable the reader to determine whether the likenesses are deep or superficial or how pervasively one particular philosopher may have influenced Christian thought This volume is designed to provide not only a body of facts more compendious than can be found elsewhere but the contextual information which will enable readers to judge or clarify the statements that they encounter in works of more limited scope With contributions by an international group of experts in both philosophy and Christian thought this is an invaluable resource for scholars of early Christianity Late Antiquity and ancient philosophy alike **Jesus and the Lost**

Goddess Timothy Freke,Peter Gandy,2011-08-10 Why Were the Teachings of the Original Christians Brutally Suppressed by the Roman Church Because they portray Jesus and Mary Magdalene as mythic figures based on the Pagan Godman and Goddess Because they show that the gospel story is a spiritual allegory encapsulating a profound philosophy that leads to mythical enlightenment Because they have the power to turn the world inside out and transform life into an exploration of consciousness Drawing on modern scholarship the authors of the international bestseller The Jesus Mysteries decode the secret teachings of the original Christians for the first time in almost two millennia and theorize about who the original Christians really were and what they actually taught In addition the book explores the many myths of Jesus and the Goddess and unlocks the lost secret teachings of Christian mysticism which promise happiness and immortality to those who attain the state of Gnosis or enlightenment This daring and controversial book recovers the ancient wisdom of the original Christians and demonstrates its relevance to us today *The Theosophical Path* Katherine Augusta Westcott Tingley,1914

Encyclopedia of World Religions Encyclopaedia Britannica, Inc.,2008-05-01 A guide to the religions of the world and to the concepts movements people and events that have shaped them It includes features such as entries on religious movements and concepts historical and legendary figures divinities religious sites and ceremonies images that show sacred places vestments rituals objects and texts and more **Gnostic Secrets of the Naassenes** Mark H. Gaffney,2004-04-19

Reveals the hidden meaning of the Grail and a secret Christian doctrine for achieving higher consciousness Shows that Gnosticism is not a derivative of Christianity but the revelation of the true message of Jesus Describes the ancient relationship between water and spirit Explains the doctrine of immanence taught by Jesus at the Last Supper Features the translated source text from The Refutation of All Heresies by Bishop Hippolytus the only existing record of the Naassene Sermon In the third century C E the Catholic Bishop Hippolytus composed A Refutation of All Heresies in which his chief target was the Gnostic sect the Naassenes whose writings included a recounting of Jesus actual teachings at the Last Supper Contrary to Church attacks the Naassenes were not a heretical derivative of Christianity but the authentic foundation and purveyor of Christ s message In fact much of what passes as Christianity has nothing to do with the original teachings of its founder The message recorded in the Naassene Sermon was intended for an inner circle of disciples who were prepared for advanced initiation into Jesus wisdom teachings The Grail discussed therein was not an actual chalice but a symbol of the indwelling of the divine The teachings involved the awakening of spirit and included practices aimed at restoring the soul s lost connection with God Immanence in the true sense intended by Jesus thus allows for spiritual attainment in this life by ordinary individuals without the intermediary of Church or priest This was the real meaning of the Last Supper and why the Naassenes believed that Jesus was the fulfillment of all the Mystery traditions The Journal of Latter Day Saint History ,1995 The Egypt Code Robert Bauval,2025-09-12 Why did the ancients align their monuments so precisely with the stars What were the practical and symbolic reasons behind these mysterious configurations From the author of The Orion Mystery the best selling book that introduced the revolutionary star correlation theory about the Giza pyramids The Egypt Code reveals an amazing Grand Unified Plan behind the legendary temples of upper Egypt Robert Bauval one of the world s most prominent and controversial Egyptologists completes his groundbreaking investigation of astronomy as related to Egyptian monuments and related religious texts The Egypt Code revisits the Pyramid Age and the Old Kingdom proposing a vast sky ground correlation for the Memphite Heliopolis region and presenting the possibility of a grand plan spanning three thousand years of Pharaonic civilization and involving pyramids and major temple sites along the Nile The central idea of the book is that the cosmic order which the ancients referred to as Maat was comprised of the observable cycles of the sun and stars in particular the star Sirius and that the changes that took place due to the precession of the equinoxes and the so called Sothic Cycle are reflected in the orientation and location of religious sites The Two Creation Stories in Genesis James S. Forrester-Brown,1920 The Encyclopædia Britannica Franklin Henry Hooper,1937 **Encyclopaedia Britannica** ,1929 **Gateway to The Heavens** Karen L. French,2014-05-20 Simple geometric shapes and symbols combine to make the universal powerful sacred model Karen French calls Gateway to the Heavens In this book French explains the meaning and purpose of these shapes how they mold our reality and perception of it and how they have a direct bearing on what you are and why you are here These shapes and symbols contain messages that have been consistently

represented in religion philosophy mythology mysticism the arts and sciences Their messages are built into our genetic make up and we recognize them instinctively The book is divided up into 3 parts Part 1 covers the properties of the basic geometric shapes and numbers Part 2 describes how these in turn form layers of construction creating principals that are fundamental to the purpose of the universe the spiral sustains reality the cross highlighting the central point of existence and the heart is where we weigh up our choices Part 3 describes how we can use these principals to create positive change in our lives by helping us to expand our awareness of reality
