The Whispering City A Novel:

The Whispering City Sara Moliner, 2015-11-15 Barcelona 1952 General Franco's fascist government is at the height of its oppressive powers casting a black shadow across the city. When wealthy socialite Mariona Sobrerroca is found dead in her mansion in the exclusive Tibidabo district, the police scramble to seize control of the investigation. Ana Mart Noguera, an eager young journalist, is surprised to be assigned this important story shadowing Inspector Isidro Castro. But Ana soon realizes that a bundle of strange letters unearthed at the scene point to a sequence of events dramatically different from the official version. She enlists the help of her cousin Beatriz, a scholar, and what begins as an intriguing puzzle opens up a series of revelations that implicate the regime's most influential figures. The two women have placed themselves in mortal danger. As the conspiracy unfolds, Ana's courage and Beatriz's wits will be their only weapons against the city's corrupt and murderous elite.

"An Inward Necessity" Patricia Lorimer Lundberg, 2003 As Lucas Malet, Mary St Leger Kingsley Harrison 1852-1931, published seventeen novels and many short stories during a dramatic time of change for women, a daughter of Charles Kingsley, Malet was compared favorably with George Meredith, Henry James, and George Eliot. Praised for her craftsmanship, she shocked readers with daring treatments of seduction and betrayal, illicit love, disability, despair, and gender politics. Malet's work spans the Victorian, fin de siècle, Edwardian, and modernist periods and makes contributions to realism, naturalism, aestheticism, Gothic, and modernist experimental writing, as well as to gender politics and lesbian studies. Once one of England's most critically acclaimed writers, she counted Henry James and Thomas Hardy among her friends, even influencing their fiction. Although her novels were books of the year in 1891 and 1901, *The Wages of Sin* and *The History of Sir Richard Calmady*, she died in penury. Drawing extensively from unpublished archives, this biography contributes the essential framework for the burgeoning study of Lucas Malet's fiction.

Murder in the Multinational State Stewart King, 2019-05-23 As Spaniards set out to transform the

political social and cultural landscape of the nation following the death of dictator Francisco Franco in 1975 its crime fiction traces challenges and celebrates these radical changes Crime Fiction from Spain Murder in the Multinational State provides a comprehensive exploration of the relationship between detective fiction and national and cultural identities in post Franco democratic Spain What sort of stories are told about the nation within the state in the crime genre How do the conventions of the crime story shape not only the production of national and cultural identities but also their disruption Combining criminological theories of crime and community with an analysis of the genre s conventions this study challenges the simple classification of Spanish crime fiction as texts written by Spaniards set in Spain and with Spanish characters Instead it develops a dramatic new reading practice which allows for a greater understanding of the role of crime fiction in the construction and articulation of different and at times competing national and cultural identities including in the Basque Country Catalonia and Galicia The book provides a stimulating introduction to the key debates on the study of crime fiction and national and cultural identities in the context of a multinational state

Against Redemption Franco Baldasso,2022-12-06 WINNER HELEN AND HOWARD R MARRARO PRIZE IN ITALIAN HISTORY Discloses the richness of ideas and sheds light on the controversy that characterized the transition from fascism to democracy examining authors

works and memories that were subsequently silenced by Cold War politics How a shared memory of Fascism and its cultural heritage took shape is still today the most disputed question of modern Italy crossing the boundaries between academic and public discourse Against Redemption concentrates on the historical period in which disagreement was at its highest the transition between the downfall of Mussolini in July 1943 and the victory of the Christian Democrats over the Left in the 1948 general elections By dispelling the silence around the range of opinion in the years before the ideological struggle fossilized into Cold War oppositions this book points to early postwar literary practices as the main vehicle for intellectual dissent shedding new light on the role of cultural policies in institutionalizing collective memory During Italy's transition to democracy competing narratives over the recent traumatic past emerged and crystallized depicting the country's break with Mussolini's regime as a political and personal redemption from its politics of exclusion and unrestrained use of violence Conversely outstanding authors such as Elsa Morante Carlo Levi Alberto Moravia and Curzio Malaparte in close dialogue with remarkable but now neglected figures stressed the cultural continuity between the new democracy and Fascism igniting heated debates from opposite political standpoints Their works addressed questions such as the working through of national defeat Italian responsibility in World War II and the Holocaust revealing how the social racial and gender biases that characterized Fascism survived after its demise and haunted the newborn democracy

Good News Edward Abbey, 1991-01-30 In Good News Edward Abbey's acclaimed underground classic the West is wild again American civilization as the twentieth century knew it has crumbled In the great Southwest a new breed of settler whites and Indians together is creating a new way of life in the wilderness a pastoral economy with skills and savvy resurrected from the pre industrial past Meanwhile in a last surviving bastion of urban life the remnants of the power elite are girding their armed forces to re impose the old order This is a land of horses and motorcycles high tech weaponry and primitive courage and the struggle for the American future is mounting in intensity No quarter is asked or given and the outcome hangs in perilous balance against a background of magnificent nature and eternal human verities With this boldly satirical imaginary world Abbey asks us to look around and take stock of what we value before it is too late
