*Visualizing Violence in Francophone Cultures* Magali Compan, 2015-10-13 Visualizing Violence in Francophone Cultures brings together two complex and powerful loci of meaning violence and the visual As such it offers a comprehensive overview from which one can gain a better understanding of the complexity of the visual rhetoric of violence The visual representations of violence explored in this volume include both fictional works including for example narrative films graphic novels and theatre and non fictional genres such as news media and cultural artifacts This volume s strength is also grounded in its interdisciplinary approach by bringing together scholars from a variety of academic fields to examine a broad range of visual artifacts such as photography graphic novel films paintings objects the book offers a substantive corpus focusing on the rhetoric of violence The essays collected in this volume explore the ways in which visual expressions of violence have infiltrated diverse narrative forms and as such how they both construct and challenge general understandings of contemporary violence They all chart with cultural and historical specificity the way in which images of violence shape the visual imaginary of ethical worlds

**Grief Isn't Something to Get Over** Mary C. Lamia, 2022-04-05 The loss of a loved one

can be overwhelming How do we endure grief Can we simply forget or get over it This book explains the science behind bereavement from emotion to the persistence of memory and shows readers how to understand and adapt to death as a part of life Responses to loss are typically associated with negative emotions traumatic memories or separation distress but we grieve because we care This book demonstrates how negative emotional responses experienced in grief often follow experiences with positive emotional memories Dr Lamia emphasizes an understanding and acceptance of post loss emotions Grief Isn t Something to Get Over aims to expand our understanding of bereavement placing it in alignment with how emotions work Using numerous case examples and personal vignettes this book helps readers recognize the ways in which emotions are connected to memories and influence our experiences of loss [First Responder Mental Health](#) Michael L. Bourke,Vincent B. Van Hasselt,Sam J. Buser,2023-10-12 This edited volume provides mental health clinicians with knowledge to effectively work with current and former first responders It provides strategies on how to best develop and adapt clinical assessment procedures and therapeutic interventions to better meet the unique needs found in these settings Chapters synthesize existing literature to introduce the reader to profession specific factors issues that exist in these contexts and describe the challenges that can present when working with police firefighters EMS emergency communications operators crime scene investigators and corrections personnel The book covers a range of topics that clinicians and trainees need to understand the relevant issues develop effective treatment plans and deliver appropriate psychological services in public safety settings First Responder Mental Health A Clinician s Guide will be essential reading for mental health professionals working with first responders as well as those in training [The Leader's Guide to Wellbeing](#) Audrey Tang,2023-08-11 Your practical toolkit to banish burnout create a culture of psychological safety and inclusion to keep high performance teams feeling valued motivated and energised *What Motivates Getting Things Done* Mary Lamia,2017-06-29 A marvel of evolution is that humans are not solely motivated by their desire to experience positive emotions They are also motivated and even driven to achieve by their attempt to avoid or seek relief from negative ones What Motivates Getting Things Done Procrastination Emotions and Success explains how anxiety is like a highly motivating friend why you should fear failure and the underpinnings of shame distress and fear in the pursuit of excellence Many successful people put things off until a deadline beckons them while countless others can t resist the urge to do things right away Dr Lamia explores the emotional lives of people who are successful in their endeavors both procrastinators and non procrastinators alike to illustrate how the human motivational system works why people respond to it differently and how everyone can use their natural style of getting things done to their advantage The book illustrates how the different timing of procrastinators and non procrastinators to complete tasks has to do with when their emotions are activated and what activates them Overall What Motivates Getting Things Done illustrates how emotions play a significant role in our style of doing along with our way of being in the world Readers will acquire a better understanding of the innate biological system that motivates them and how

they can make the most of it in all areas of their lives

**Developing Resilience for Social Work Practice** Louise

Grant, Gail Kinman, 2018-07-06 The term resilience refers to a person's capacity to handle difficulties, demands, and pressure without experiencing negative effects. Traditionally, social work has focused on the nature and impact of resilience in children and adults who have experienced traumatic events, but it is increasingly recognised that social workers need to develop personal resilience to manage the emotional demands of the job effectively and sustainably. *Developing Resilience for Social Work Practice* provides social workers with a tool box of strategies to help them enhance their resilience and protect their wellbeing. Written by experienced practitioners in the field, the book draws on key research to present a series of evidence-based interventions. These strategies are designed to help social work students and practitioners develop important qualities that underpin resilience, such as self-awareness, time management, relaxation skills, and empathy, as well as enable them to gain support from their personal and professional networks. Grounded in both theory and practice, each chapter explores how the various resilience techniques can be applied to help social workers manage the complexities and challenges they face in everyday practice. The use of relevant and engaging case studies throughout is particularly useful in bringing the book to life for the reader.

**Designing Second Language Study Abroad Research** Janice McGregor, John L. Plews, 2022-08-10

This edited book brings together contributions from scholars in different international and educational contexts to take a critical look at the design and implementation of second language Study Abroad Research (SAR). Examining data sources and types, research paradigms and methods, and analytic approaches, the authors not only provide insight into the field as it currently stands but also offer recommendations for future research with the aim of revitalizing inquiry in the field of SAR. This book will be of interest to applied linguists as well as educators and education scholars with an interest in researching international study.

**The Dark Side of the Internet** Paul Bocij, 2006-10-30

In less than a decade, personal computers have become part of our daily lives. Many of us come into contact with computers every day, whether at work, school, or home. As useful as the new technologies are, they also have a darker side. By making computers part of our daily lives, we run the risk of allowing thieves, swindlers, and all kinds of deviants directly into our homes. Armed with a personal computer, a modem, and just a little knowledge, a thief can easily access confidential information such as details of bank accounts and credit cards. This book helps people avoid harm at the hands of Internet criminals. It offers a tour of the more dangerous parts of the Internet as the author explains who the predators are, their motivations, how they operate, and how to protect against them.
