The Wide Turn Toward Home:

Thunderbolt to War John Anderson, Steve Sperry, 2017-05-17 *Thunderbolt to War* gives a remarkable personal insight into the structure and operations of a leading USAAF Fighter Squadron in Britain during the Second World War. This theme is explored through the recorded thoughts and feelings of Clint Sperry, a skilled fighter pilot who was seconded to England with the 353rd Fighter Group, the rarely celebrated workhorse of Eighth Fighter Command. Despite the relative anonymity of the Group, the names of its charismatic leaders still resonate today, including the eighteen victory ace Walter Beckham and the aggressive Glenn E. Duncan. Clint and his colleagues suffered many frustrating and perilous experiences during the war; they encountered enemy fighters, flak, treacherous weather, and mechanical problems throughout the bloody battles over Europe. To survive was a lottery, but Clint's experience and aptitude served him well. This account follows the soaring successes and devastating traumas that Clint experienced, culminating in a vivid picture of a fighter pilot's war. He flew 106 missions in his favoured P47 Thunderbolt and was credited with destroying or probably destroying five enemy aircraft, in addition to destroying many targets on the ground by strafing and bombing. Clint was awarded three DFCs for his courage and gained the enduring respect of his son Steve and his friend John Anderson. Their richly illustrated account of his life pays tribute to a true American hero. Illustrations: 118 black and white illustrations.

Ecodramaturgies Lisa Woynarski, 2020-11-25 This book addresses theatre's contribution to the way we think about ecology, our relationship to the environment, and what it means to be human in the context of climate change. It offers a detailed study of the ways in which contemporary performance has critiqued and reimagined everyday ecological relationships in more just and equitable ways. The broad spectrum of ecologically oriented theatre and performance included here, largely from the UK, US, Canada, Europe, and Mexico, have problematised, reframed, and upended the pervasive and reductive images of climate change that tend to dominate the ecological imagination. Taking an inclusive approach, this book foregrounds marginalised perspectives and the multiple social and political forces that shape climate change and related ecological crises, framing understandings of the earth as home. Recent works by Fevered Sleep, Rimini Protokoll, Violeta Luna Deke, Weaver Metis Arts, Lucy Jorge Orta, as well as Indigenous activist movements such as NoDAPL and Idle No More, are described in detail.

The Wide Road to Destruction Manuel Borda, 2010-11 Two diametrically opposite encounters take place at the same time but in different places. One celebrates the Goodisons' 25th wedding anniversary. The other hatches a plot to murder Paul Goodison. Pamela Goodison often reminds her husband that he is becoming spiritually and morally sterile. He no longer refers to the Gospel as his guiding light and is only concerned with accumulating wealth. The plotters build on envy and hate to commit the crime. After a failed attempt, Pamela is murdered, leaving Paul devastated. One killer is caught and sentenced, while the mastermind escapes and settles abroad. Paul decides to travel and expand his knowledge on emerging nations, particularly Barbados, Botswana, Burma, Egypt, and Zimbabwe. During his travels, he seeks new adventures. In his weakened state, Paul ends up having tawdry affairs and becomes

involved in drug trafficking He loses his self control and his self respect Paul meets Wendy on a cruise ship becomes involved and reluctantly proposes to her which makes him even more depressed because he doesn't really love her Then Paul stumbles upon the man who murdered his wife The Wide World ,1919 **Suffolk County Farm and Home Bureau News** ,1927 **The hills of the Shatemuc, by the author of 'The wide, wide world'**. House Documents United States House of Representatives,1855 *In Danger at Sea* Samuel S. Cottle,2007-05-25 Sam Cottle grew up in a fishing family and thanks to the inspiration of his grandfather Cap who nearly single handedly created the port of Point Judith in southern Rhode Island he became a successful captain in his own right Here are Sam's first hand accounts of his life at sea from the terror of a vessel sinking in the middle of the night to the excitement of dragging up unexploded depth charges and great white sharks in the nets to the grueling toil and ultimate satisfaction that comes with an honest day's haul Captain Sam introduces a whole host of colorful characters from loving grandmothers to eccentric neighbors all of whom played a role in shaping Sam's life and seafaring career **Kenneth Grahame's The Wind in the Willows** Jackie C. Horne,Donna R. White,2009-11-25 In 1908 Kenneth Grahame's *The Wind in the Willows* was published to surprisingly little critical fanfare But readers championed its cause and Grahame's novel of a riverbank life soon proved both a commercial and ultimately critical success One hundred years after its first publication Grahame's book and its memorable characters continue their hold on the public imagination and have taken their place in the canon of children's literature However little academic criticism emerged in the wake of the book's initial publication Only after the appearance of Peter Green's biocritical study did the academy begin to wrestle with Grahame's complex work though many read it in terms of Grahame's often unhappy personal life The essays in Kenneth Grahame's *The Wind in the Willows A Children's Classic* at 100 focus on recent discussions of the book in regards to class gender and nationality but also examine issues previously not addressed by Grahame criticism such as the construction of heteronormative masculinity the appeal of this very English novel to Chinese readers and the meaning of a text in which animals can be human like pets servants and even food This volume also revisits some of the issues that have engaged critics from the start including the book's dual strand narrative structure the function of home and the psychological connections between Toad and Grahame Scholars of fantasy and children's literature will find great value in this collection that sheds new light on this enduring classic The Wide World
