occult The Oxford History of Witchcraft and Magic Owen Davies, 2023 The 4000 year story of witchcraft and magic from the ancient world to Harry Potter and beyond *Magic and witchcraft [by G. Moir. Repr., with additions, from The Foreign quarterly review]*. George Moir, 1852 **Wizards** P. G. Maxwell-Stuart, 2004 From Simon Magus to Merlin Faust to Cornelius Agrippa the Comte de Saint Germain to Aleister Crowley the magician has been both feared and revered An awesome figure in real life and in literature he has retained his hold on the Western imagination in the teeth of scientific advance P G Maxwell Stuart's history of the wizard from ancient times to the present shows just how extraordinary a character the wizard has proved to be not merely a conjuring trickster or malicious egotist in league with Satan though there have been plenty of both but also a deeply religious person intent on using magic the better to understand the mind of God *Magic, Witchcraft and the Otherworld* Susan Greenwood, 2020-08-02 Anthropology's long and complex relationship to magic has been strongly influenced by western science and notions of rationality This book takes a refreshing new look at modern magic as practised by contemporary Pagans in Britain It focuses on what Pagans see as the essence of magic a communication with an otherworldly reality Examining issues of identity gender and morality the author argues that the otherworld forms a central defining characteristic of magical practice Integrating an experiential ethnographic approach with an analysis of magic this book asks penetrating questions about the nature of otherworldly knowledge and argues that our scientific frameworks need re-envisioning It is unique in providing an insider's view of how magic is practised in contemporary western culture **The Rebirth of Witchcraft** Doreen Valiente, 2018-01-31 This classic work is now available for the first time in paperback Since 1951 when the last of the Witchcraft Acts was repealed many books have been written about the reappearance of witchcraft and the development of a pagan theology Churchmen have denounced it Sociologists have wondered at it Journalists have penned sensational stories about it But until the publication of this book no one had told the real story of it from the inside as frankly as it is told here Doreen Valiente one of witchcraft's most widely known figures was a close friend of the late Gerald Gardner generally regarded as the founder of present day witchcraft Initiated by him and for a time High Priestess of his coven Doreen Valiente helped him rewrite his seminal Book of Shadows She records the break with Gardner that split his coven the controversy surrounding Alex Sanders King of the Witches and memories of many other witches whom she has known including the lady called Dafo Robert Cochrane Leslie Roberts and Sybil Leek Doreen Valiente took part in many witchcraft rituals and had strange psychic experiences as a result Described here are the clairvoyant communications she received purporting to come from John Brakespeare an eighteenth century witch The Rebirth of Witchcraft traces the lineage of the present day witchcraft from its forerunners through to modern feminist neo paganism and the new wave of interest in ecology and holistic medicine The Meaning of Witchcraft Gerald Gardner, 2025-09-12 Those of us who use the word witch with all of the pride and fortification that it offers us do so thanks to Gardner's lucid liberating vision Pam Grossman author of *Waking the Witch Reflections on Women Magic and Power* Often called the father of modern witchcraft Gerald Gardner's

life and works were ground breaking in opening the door for the modern revival of Wicca and neo paganism The Meaning of Witchcraft originally published in 1959 was the first sympathetic book written from the point of view of a practicing witch The foundation of magical beliefs Gardner wrote of which witchcraft is a form is that unseen Powers exist and that by performing the right sort of ritual these Powers can be contacted and either forced or persuaded to assist one in some way People believed this in the Stone Age and they believe it consciously or not today It is now well known that most superstition is in fact broken down ritual The meaning of witchcraft is to be found not in strange religious theories about God and Satan but in the deepest levels of the human mind the collective unconscious and the earliest developments of human society The Meaning of Witchcraft is an enduring and invaluable source book for witches today This Weiser Classics edition includes a new foreword by Pam Grossman author of Waking the Witch In it Grossman revisits the historical role and mixed legacy that Gardner has played in the revival of witchcraft and magic in modern times
