revealing and affecting study of the American Dream gone awry The play moves on many levels **The Woman's Bible**, 1895 **Love, Money, and Revenge** Robert Cory Phillips, 2014-11-02 Guyiser Blackman a millionaire is blind by the explosion of his jet airplane His factory is also in danger from a man that wants to kill him Love is big part of his life when he meets Cindy Taylor his love for her and his factory She loves him and her love for her career in television as a reporter Both loves will collide Guyiser will get his revenge when he hears News at Eleven Love money murder and revenge all play a big part in this exciting novel by Robert Cory Phillips **Action TV: Tough-Guys, Smooth Operators and Foxy Chicks** Anna Gough-Yates, Bill Osgerby, Anna Gough Yates, 2013-10-18 From re runs of TV classics like The Avengers or Starsky and Hutch to soundtracks club nights and film remakes such as Mission Impossible II the action series is enjoying a popular revival Yet little attention has been paid to the history nature and enduring appeal of the action series and its place in popular culture past and present Action TV traces the development of the action series from its genesis in the 1950s From The Saint to Knight Rider contributors explore the key shows which defined the genre addressing issues of audiences and consumption gender and sexuality fashion and popular culture They examine the institutional and cultural factors influencing the action series and relate shifts in the genre to other forms of popular culture including film pop music fashion and popular literature Chapters include Of leather suits and kinky boots The Avengers style and popular culture Who loves ya baby Kojak action and the great society A lone crusader in a dangerous world heroics of science and technology in Knight Rider Angels in chains feminism femininity and consumer culture in Charlie's Angels Who's the cat that won't cop out Black masculinity in American action shows of the sixties and seventies **A Grand Materialism in the New Art from China** Mary Bittner Wiseman, 2020-09-29 In A Grand Materialism in the New Art from China Mary Bittner Wiseman shows that material matters in the work of Chinese artists where the goal is to call attention to its subjects through the directness and immediacy of its material like dust from 9 11 1001 Chinese citizens paintings made with gunpowder written words or the specificity of its sites such as the Three Gorges Dam Artists are working below the level of language where matter and gesture texture and touch instinct and intuition live Not reduced to the words applied to them art's subjects appear in their concrete particularity embedded in the stories of their materials or their sites Wiseman argues that it is global in being able to be understood by all thanks to its materials and the stories that accompany it and the art is contemporary in having to make the case for itself that it is art Finally it satisfies Arthur Danto's characterization of art as any representation that puts its subject in a new light by way of a rhetorical figure that the viewer interprets The material art from China is the paradigm for an art that is global and contemporary The Sixties Arthur Marwick, 2011-09-28 If the World Wars defined the first half of the twentieth century the sixties defined the second half acting as the pivot on which modern times have turned From popular music to individual liberties the tastes and convictions of the Western world are indelibly stamped with the impact of this tumultuous decade Framing the sixties as a period stretching from 1958 to 1974 Arthur Marwick argues that this long decade ushered in

nothing less than a cultural revolution one that raged most clearly in the United States Britain France and Italy Marwick recaptures the events and movements that shaped life as we know it the rise of a youth subculture across the West the sit ins and marches of the civil rights movement Britain s surprising rise to leadership in fashion and music the emerging storm over Vietnam the Paris student uprising of 1968 the growing force of feminism and much more For some it was a golden age of liberation and political progress for others an era in which depravity was celebrated and the secure moral and social framework subverted The sixties was no short term era of ecstasy and excess On the contrary the decade set the cultural and social agenda for the rest of the century and left deep divisions still felt today
