Meyer,2013-10-31 The sermon is under attack Many churches are increasingly forsaking formal preaching in favor of substitutes like dialogue discussion and sharing In response to this recent trend Jason Meyer has written a robust biblical and practical theology of preaching where he explores how the concept of preaching develops throughout the Bible and how it impacts one s understanding of other key doctrines In addition to offering readers a comprehensive overview of the Bible s teaching the book sets forth clear accessible answers to commonly raised questions about preaching what is it how is it done and why is it so important Combining in depth study of God s word with practical reflection on the place of preaching in the ministry of the church Meyer challenges readers to reexamine the importance of preaching for the Christian life

Groan in the Throat Vol. 1 Tony Baugh, 2021-08-05 Provocatively explaining the political and social phenomenon of white supremacy as a religion and providing a theology of redemption for disparaged communities affected by it, this book is a collection of personal and academic essays that challenge popular notions of American exceptionalism. A little bit of everything, a mixtape in the tradition of DJ Clue, episodic and rhapsodic, lifting a panoply of voices in an unexpected way, it wrestles with theology and philosophy alike, blending poetry with narrative nonfiction and memoir. It is a creation of a new and expressive literary experience that is as tragic and triumphant as the Black experience is in America, a groaning that cannot be uttered.

The Witness of Preaching Thomas G. Long, 2005-01-01 This thorough revision of this classic text is even clearer and more helpful than the first edition. Long has updated the language, expanded the key chapter on biblical exegesis, and has included more examples of sermon forms, illustrations, and conclusions.

The Witness of Preaching, Second Edition Thomas G. Long, 2005-10-20 This thorough and detailed revision of *The Witness of Preaching* is even clearer and more helpful than the first edition. Long has updated the language, expanded the key chapter on biblical exegesis, and included more examples of sermon forms, illustrations, and conclusions. He continues to critically engage the best thinkers in the field of homiletics, bringing into the conversation both important new voices and the latest works of those who appeared in the first edition. In addition, he addresses some of the new forces at work, such as the use of video clips and PowerPoint presentations in sermons.

Good News Preaching Gennifer Benjamin Brooks, 2025-10-01 In an update to her foundational work, *Good News Preaching*, Brooks frames the essential methodology of good preaching, the importance of real transformative good news. This second edition of *Good News Preaching* accounts for changes in the landscape of church and culture, including a global pandemic and shrinking congregations, and argues that the good news of God's grace and liberation is ever more essential for Christian discipleship.

Father Michael Monshau adds timely and critical new perspective to the issue by bringing together five significant voices from double feast churches whose presentations in effect become varied short textbooks on how to preach.

You Never Step into the Same Pulpit Twice Ronald J. Allen, 2022-06-23 This volume develops an approach to preaching that brings together two important forces One is process theology and the other is a homiletic of conversation based on mutual critical correlation In this approach the preacher does not unilaterally announce the Word of God but is the leader of an exciting conversation involving the biblical text process theology the congregation and voices from the larger world The preacher seeks to help the congregation identify God s invitations towards inclusive well being and to imagine how to respond in ways that are consistent with those invitations that promote inclusive well being The book begins with a crisp and clear summary of the

worldview of process theology highlighting its distinctive views on how God operates in the world through invitation and on the interrelationship of all things The work then outlines an approach to biblical exegesis informed by process perspectives and sketches a method for bringing the biblical voice into dialogue with voices from tradition contemporary theology and the congregation and preacher The volume suggests shaping the sermon to honor process theology and conversation The volume concludes by noticing how perspectives from process and conversation help the preacher embody the sermon in engaging ways

The Work of the People Marlea Gilbert, Christopher Grundy, Eric T. Myers, Stephanie Perdew, 2006-12-31 Worship is the work of the people of God Patterns of worship shape how we pray and how we live Despite its centrality to church life worship is too often taken for granted as something a congregation experiences rather than collectively creates The Work of the People simply and clearly explains the structure of worship the actions and words we use in liturgy the environment in which it all happens in other words what we are doing and why This book will guide congregations in worshiping in a way that encourages participants spiritual growth welcomes new participants into faith and sends people out as the body of Christ to transform the world Respectful of local custom and the traditions and practices of the Church as a whole The Work of the People will help worship leaders make the best use of their congregation's resources and clarify their choices about how they will worship together Built around a basic service gathering service of the Word Eucharist and sending this book is both theological and practical and encourages all worshipers active participation in Spirit led worship of the God of all Creation

Spirit Speech Dr. Luke A. Powery, 2010-10-01 That the Holy Spirit is present in preaching is something we take for granted How the Spirit is present is a question we seldom ask Luke Powery suggests that we fail to ask that question to the detriment of our preaching Drawing on the tradition of African American preaching he locates the Spirit's activity in the sermon in two primary places First in celebration the joyous acceptance of God's gifts to the church and to the world But equally as powerful is the expression of lament the lifting up of our sorrow grief and suffering In these two experiences the Spirit plays the decisive role enabling the preacher to lay the congregation's joys and sorrows at the feet of the living God and announcing God's presence in both our celebration and our lament
