Trafficking in Persons Alison Siskin, Liana Sun Wyler, 2010-12-23 Trafficking in persons TIP for the purposes of exploitation is believed to be one of the most prolific areas of international criminal activity and is of significant concern to the United States and the international community According to Department of State estimates roughly 800 000 people are trafficked across borders each year If trafficking within countries is included in the total world figures official U S estimates indicate that some 2 to 4 million people are trafficked annually As many as 17 500 people are believed to be trafficked into the United States each year and some have estimated that 100 000 U S citizen USC children are victims of trafficking within the United States Since enactment of the Victims of Trafficking and Violence Protection Act of 2000 TVPA P

P.L. 106-386 the Administration and Congress have aimed to address TIP by authorizing new programs and reauthorizing existing ones appropriating funds creating new criminal laws and conducting oversight on the effectiveness and implications of U.S. anti-TIP policy. Most recently the TVPA was reauthorized through FY2011 in the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (P.L. 110-457). Obligations for global and domestic anti-TIP programs not including operations and law enforcement investigations totaled approximately 103.5 million in FY2009. Activity on combating TIP may continue into the 112th Congress particularly related to efforts to reauthorize the TVPA. Ongoing international policy issues include how to measure the effectiveness of the U.S. and international responses to TIP including the State Department's annual TIP rankings and the use of unilateral sanctions and how to prevent known sex offenders from engaging in child sex tourism. Domestic issues that may arise include whether there is equal treatment of all victims both foreign nationals and U.S. citizens as well as victims of labor and sex trafficking and whether current law and services are adequate to deal with the emerging issue of domestic minor sex trafficking i.e. the prostitution of children in the United States. Other issues are whether to include all forms of prostitution i.e. children and adults in the definition of TIP and whether sufficient efforts are applied to addressing all forms of TIP including not only sexual exploitation but also forced labor and child soldiers. On June 14, 2010 the State Department issued its 10th annual congressionally mandated report on human trafficking. In addition to outlining major trends and ongoing challenges in combating TIP the report provides a country by country analysis and ranking based on what progress foreign countries have made in their efforts to prosecute traffickers protect victims and prevent TIP. For the first time the United States was included as one of the ranked countries. The report categorizes countries into four tiers according to the government's efforts to combat trafficking. Those countries that do not cooperate in the fight against trafficking Tier 3 may be subject to U.S. foreign assistance sanctions. On September 13, 2010 President Barack Obama determined that two Tier 3 countries will be sanctioned for FY2011 without exemption Eritrea and North Korea. In addition he determined that four Tier 3 countries will be partially sanctioned Burma Cuba Iran and Zimbabwe. The 2010 TIP report also included for the first time a list of six countries that recruit use or harbor child soldiers. Inclusion on this list subjects these countries to possible U.S. assistance sanctions.

Trafficking in Persons Clare Ribando Seelke, 2008. This report discusses measures the U.S. State Department has taken on human trafficking reports on those measures and on legislation the 110th Congress has considered and implemented.
