Training Midwives A Guide For Preceptors:

Training Midwives Daphne Singingtree, 2004-01-01 Birth Emergency Skills Training Bonnie Urquhart Gruenberg, 2008-07 Birth Emergency Skills Training is the interface between the world of midwifery and the world of medicine It carries the reader from the initial steps of intervention through definitive care balancing a friendly tone and visual appeal with authoritative and clinically useful information It is loaded with mnemonics and other aids to understanding and is richly illustrated by the author *Annual Review of Nursing Education* Kathleen T. Heinrich, PhD, RN, 2003

Annual Review of Nursing Education, Volume 1, 2003 Marilyn H. Oermann, PhD, RN, FAAN, 2003-02-24 Interested in the latest trends in nursing education written by the nurse educators pioneering these innovations Then welcome to the first volume of the Annual Review of Nursing Education This Review focuses on these innovative practices of teaching It describes educational strategies you can adapt to your own settings and is written for educators in associate baccalaureate and graduate nursing programs staff development and continuing education The goal of the Review is to keep educators updated on recent innovations in nursing education across all settings Global Midwifery Mentorship Elaine Jefford, Lyn Ebert, 2025-09-22 The book begins by exploring the history of mentoring and its relationship to education and practice Theories and models of mentorship education and leadership within the context of midwifery will be discussed along with the importance of critical thinking and reflection The editors use the lens of global mentoring to focus on how mentoring in midwifery has developed and been implemented in 15 countries from North and Central America Europe Asia Africa and Australasia Each chapter explores regulation professional accountability education leadership and career pathways in the country in question This international text draws on the perspectives of Australian mentors mentees healthcare organisations and academics to highlight the complexities of mentorship in real work midwifery practice and includes a chapter discussing how to take cultural considerations into question The final chapters draw on the previous discussion to make recommendations that will support midwifery to implement and sustain a successful and supportive mentorship program for the next generation of midwives In this book authors often refer to midwives as women to reflect the gendered nature of subordination of midwifery While most midwives globally are women providing care to women not all midwives in Mexico or globally identify as women We acknowledge and celebrate the diverse identities of midwives as this is the best way to build an environment that guarantees enabling sexual and reproductive care for all people who need midwives Further the term First Nations which is used is a collective term that refers to Indigenous Australian and Aboriginal and Torres Strait Islander peoples of Australia First Nations peoples will refer to themselves by any of these terms and may also identify through language groups This term is used in acknowledgement that First Nations peoples have the right of self determination to identify however they choose to do so This book is an invaluable read for midwifery students educators and practitioners
