J. B. Bosworth, 2014-09-28 In this elegant book Richard Bosworth explores Venice not the glorious Venice of the Venetian Republic but from the fall of the Republic in 1797 and the Risorgimento up through the present day Bosworth looks at the glamour and squalor of the belle époque and the dark underbelly of modernization the two world wars and the far reaching oppressions of the fascist regime through to the Disneylandification of Venice and the tourist boom the worldwide attention of the biennale and film festival and current threats of subsidence and flooding posed by global warming He draws out major themes the increasingly anachronistic but deeply embedded Catholic Church the two faces of modernization consumerism versus culture Bosworth interrogates not just Venice's history but its meanings and how the city's past has been co-opted to suit present and

sometimes ulterior aims Venice he shows is a city where its histories as well as its waters ripple on the surface ,

Venezia resiliente/Resilient Venice Paolo Gasparoli, Fabiana Pianezze, Francesco Trovò, 2020-11-20 Il presente volume in continuità con il precedente Venezia Fragile pubblicato dagli stessi autori nel 2014 rivolge l'attenzione a tre tematiche ritenute strategiche dall'Amministrazione Comunale e dalla Soprintendenza per la fruizione e la percezione della Città Antica: residenzialità, occupazione del suolo pubblico e manutenzione degli spazi urbani. L'analisi sviluppata ha portato alla definizione di strategie di monitoraggio e di mitigazione che agendo attraverso azioni correttive facilmente gestibili in sede locale potrebbero ristabilire alcuni degli equilibri ormai in bilico. Se si pensa che la fine di questa ricerca collocabile ai primi di marzo 2020 quando l'emergenza sanitaria da Covid 19 in Italia era appena agli inizi, l'attuazione di alcuni degli scenari proposti acquisterebbe ancora più valenza strategica per l'Amministrazione rappresentando una grande opportunità per ripensare al modello sociale economico e di sviluppo anche di una città di rilievo internazionale come Venezia. *100 Facts About Best Unesco World Heritage Sites* Science-Based Language Learning Lab, 2024-07-22 Introduction to the 100 Somethings Language Learning Series Welcome to an innovative approach to language learning This series of books is crafted to help you master a new language Italian through engaging with topics that captivate your interest Best Unesco World Heritage Sites Each book is centered around a theme whether it's art, science, history or another subject and presents 100 carefully selected facts each a gem of knowledge in both English and the target language Here's how our unique format works each fact is introduced in the target language where you do your best to interpret the fact On the next page the fact is shown in English and then repeated in the target language where you can start making sense of any unfamiliar terms This method is not only repetitive to aid memorization but also concise ensuring that learning is streamlined with no excess verbiage The second half of the book presents the content in English then in the target language and finally in English again giving you the chance to translate in both directions and demonstrate true mastery of the material The benefits of this approach are manifold Concise Learning By focusing on simple one sentence facts the learning process is distilled to its essence This conciseness ensures that every word you learn is impactful and directly related to your interests making the information easier to remember Reinforcement of Learning Alternating between English and the target language with each fact helps reinforce your new vocabulary and grammatical structures naturally It bridges the gap between the two languages solidifying your learning through constant practical application Contextual and Engaged Learning Associating each new word with a fact about a topic you are passionate about not only makes the vocabulary stickier but also keeps your learning process dynamic and engaging This method not only teaches you a new language but does so through the lens of your personal passions Dual Knowledge Acquisition As you navigate through these 100 facts you're not just learning a new language you're also deepening your knowledge about a specific subject This dual focus not only enhances the language learning experience but also enriches your understanding of your chosen topic Designed for learners who thrive on clear
