varied career of one of Arthur's closest associates shows how a sympathetic approach to Cei can shed new light on some particularly controversial aspects of Arthurian studies

persecution holy mothers who give up their traditional role to pursue a life of contemplation the repentant sinners who convert and voice their defiance against a society that demanded silence in women and the holy transvestites who cast off their gender identity to find absolution and salvation Their lives reach through the ages to speak to a modern audience academic and non academic forcing a re examination of women s roles in the medieval period LARISSA TRACY is Adjunct Assistant Professor of English at Georgetown University and George Mason University Series editor JANE CHANCE
