The Women Founders Patricia Madoo Lengermann, Gillian Niebrugge, 2006-12-31 An essential volume for anyone interested in the history of sociology the development of sociological theory or the history of women in the profession this well researched compellingly argued book makes the case for the active and significant presence of women in the creation of sociology and social theory in its founding and classic periods Further Lengermann and Niebrugge explain how the women came to be erased from the history of sociology and identify the political and intellectual currents that now make their recovery both possible and important The volume focuses on 15 women in eight chapters Each chapter begins with a biographical sketch situating each thinkers ideas in a historical social and cultural context Next the authors analyze the womans theory summarizing its underlying assumptions explicating its major themes and introducing key vocabulary The chapter concludes with excerpts from the original texts of the women founders All the theories discussed in this text share a moral commitment to the idea that sociology should and could work for the alleviation of socially produced human pain The ethical duty of the sociologist is to seek sound scientific knowledge to refuse to make the knowledge an end in itself to speak for the disempowered to advocate social reform and to never forget that the appropriate relationship between researcher and subject is one of mutuality

The Sociology of W. E. B. Du Bois José Itzigsohn, Karida L. Brown, 2020-03-24 The first comprehensive understanding of Du Bois for social scientists The Sociology of W E B Du Bois provides a comprehensive introduction to the founding father of American sociological thought Du Bois is now recognized as a pioneer of American scientific sociology and as someone who made foundational contributions to the sociology of race and to urban and community sociology However in this authoritative volume noted scholars Jos Itzigsohn and Karida L Brown provide a groundbreaking account of Du Bois s theoretical contribution to sociology or what they call the analysis of racialized modernity Further they examine the implications of developing a Du Boisian sociology for the practice of the discipline today The full canon of Du Bois s sociological works spans a lifetime of over ninety years in which his ideas evolved over much of the twentieth century This broader and more systematic account of Du Bois s contribution to sociology explores how his theories changed evolved and even developed to contradict earlier ideas Careful parsing of seminal works provides a much needed overview for students and scholars looking to gain a better grasp of the ideas of Du Bois in particular his understanding of racialized subjectivity racialized social systems and his scientific sociology Further the authors show that a Du Boisian sociology provides a robust analytical framework for the multilevel examination of individual level processes such

as the formation of the self and macro processes such as group formation and mobilization or the structures of modernity key concepts for a basic understanding of sociology

Nannie Helen Burroughs Nannie Helen Burroughs,2019-05-31 This volume brings together the writings of Nannie Helen Burroughs an educator civil rights activist and leading voice in the African American community during the first half of the twentieth century Nannie Helen Burroughs 1879 1961 is just one of the many African American intellectuals whose work has long been excluded from the literary canon In her time Burroughs was a celebrated African American or in her era a race woman female activist educator and intellectual This book represents a landmark contribution to the African American intellectual historical project by allowing readers to experience Burroughs in her own words This anthology of her works written between 1900 and 1959 encapsulates Burroughs s work as a theologian philosopher activist educator intellectual and evangelist as well as the myriad of ways that her career resisted definition Burroughs rubbed elbows with such African American historical icons as W E B DuBois Booker T Washington Anna Julia Cooper Mary Church Terrell and Mary McLeod Bethune and these interactions represent much of the existing easily available literature on Burroughs s life This book aims to spark a conversation surrounding Burroughs s life and work by making available her own tracts on God sin the intersections of church and society black womanhood education and social justice Moreover the volume is an important piece of the growing movement toward excavating African American intellectual and philosophical thought and reformulating the literary canon to bring a diverse array of voices to the table

“My Emancipation Don’t Fit Your Equation”: Critical Enactments of Black Education in the US Brian Lozenski,2022-02-28 This book takes the reader through a complex and precarious journey to understand the multitude of educational experiences and perspectives of African Americans Weaving through nearly four hundred years of history beginning in pre colonial West Africa all the way to our current time will challenge the reader to consider the debates aspirations and risks that are inherent in all education Using hip hop theory as a metaphor the book explores how fugitivity abolition and accommodation have framed the educational contexts of millions of black folks in the US Absent the understanding of the history of the racialization of education any broader exploration of education in the US is insufficient

Race for Citizenship Helen Heran Jun,2011-02-23 Original and compelling Bringing her considerable knowledge of historical and contemporary political theory to bear on her readings of African and Asian American literature and film Jun analyzes how discourses of race gender and national belonging American orientalism and American feminism have shaped African and Asian American lives in relation to each other Simultaneously sophisticated and accessible Race for Citizenship fills a critical lacuna in race relations studies ELAINE KIM University of California Berkeley

Global Origins of the Modern Self, from Montaigne to Suzuki Avram Alpert,2019-04-16 In Global Origins of the Modern

Self from Montaigne to Suzuki Avram Alpert contends that scholars have yet to fully grasp the constitutive force of global connections in the making of modern selfhood Alpert argues that canonical moments of self making from around the world share a surprising origin in the colonial anthropology of Europeans in the Americas While most intellectual histories of modernity begin with the Cartesian inward turn Alpert shows how this turn itself was an evasion of the impact of the colonial encounter He charts a counter history of the modern self tracing lines of influence that stretch from Michel de Montaigne's encounter with the Tupi through the writings of Jean Jacques Rousseau into German Idealism American Transcendentalism postcolonial critique and modern Zen Alpert considers an unusually wide range of thinkers including Kant Hegel Fanon Emerson Du Bois Senghor and Suzuki This book not only breaks with disciplinary conventions about period and geography but also argues that these conventions obscure our ability to understand the modern condition Frantic Panoramas Nancy Bentley, 2012-05-23 Late nineteenth century America saw an explosion in mass culture from sensationalist tabloid newspapers to amusement parks to Wild West shows Historians and critics have traditionally observed the advent of mass culture as undermining literature's central role in the public sphere Literary writers of the time either reacted with a public show of disdain or retreated to conduct their own private experiments in style and form In Frantic Panoramas Nancy Bentley questions these narratives of opposition For literary writers Bentley explains the confrontation with mass culture was less a retreat than a transformation an ordeal through which habits of contemplative appreciation could be refashioned into new forms of critical thought By grappling with the energies that marked mass culture authors came to recognize kinds of human experience that were only then becoming visible as public William Dean Howells shaped the plots of his novels around tabloid events like rail and trolley accidents and the public chaos of apartment house fires Although Henry James was distressed at the way dime fiction had changed the very definition of literature his meditations on mass culture led him to reimagine the novel as a collective workshop in which authors and readers jointly discovered new meaning Bentley offers close readings of these and other writers such as Edith Wharton James Weldon Johnson Pauline Hopkins and Gertrude Bonnin to demonstrate how leading artists took inspiration from commercial culture to create new and distinct literary forms Drawing on original archival research and a historically grounded theory of realism Frantic Panoramas is an innovative and comprehensive study of how the emergence of mass culture affected literary culture in America *The Philosophical Treatise of William H. Ferris* Tommy J. Curry, 2016-07-18 There exists a very rich but largely untapped well of African American philosophical thought in which many Black thinkers were debating the role philosophy played in racial advancement among themselves One such work that demonstrates this vibrant tradition is William H Ferris's *The African Abroad or His Evolution in Western Civilization Tracing His Development under Caucasian Milieu* In 1913 Ferris composed and published one of the most authoritative encyclopedias of Black African American thought and Black civilization *The African Abroad* was well known and widely engaged with in Black debates about philosophy politics and history through the mid 1900 s yet has largely

disappeared from contemporary scholarship The text itself offers readers the first evidence of a Black idealist philosophy of history that seeks to explain the evolution of the Negro race the world over The African Abroad establishes a system of thought starting from God the revelation of knowledge God offers humanity through history and finally the Negro problem Ferris offers the world a Black philosophical perspective currently unavailable in any collection of Black authors He is a racial idealist who offers systematic thinking about the world faced by the Negro in the first decade of the 20th century This edition includes Ferris s Philosophical Treatises from Sections I III from The African Abroad Tommy J Curry includes two comprehensive introductory essays highlighting the significance of Ferris s text in the study of African American philosophy and the possible contributions Ferris s thoughts on ethnological thought the philosophy of history and the role of race play in the larger field of American philosophy Convergences Maria del Guadalupe Davidson, Kathryn T. Gines, Donna-Dale L. Marcano, 2010-10-01 Black Feminism and Continental Philosophy in dialogue
