A. Carl LeVan

The Voters Dilemma And Democratic Accountability Latin America And Beyond:

The Voter's Dilemma and Democratic Accountability Mona M. Lyne, 2010-11 Presents evidence that under certain widespread structural conditions democratic accountability falls prey to the same N person prisoner's dilemma that plagues any other decentralized attempt to procure collective goods Examines four prominent democracies postwar and contemporary Brazil and pre Chavez and contemporary Venezuela Provided by publisher

Curbing Clientelism in Argentina Rebecca Weitz-Shapiro, 2014-10-06 In many young democracies local politics remain a bastion of nondemocratic practices from corruption to clientelism to abuse of power In a context where these practices are widespread will local politicians ever voluntarily abandon them Focusing on the practice of clientelism in social policy in Argentina this book argues that only the combination of a growing middle class and intense political competition leads local politicians to opt out of clientelism Drawing on extensive fieldwork an original public opinion survey and cross municipal data in Argentina this book illustrates how clientelism works and documents the electoral gains and costs of the practice In doing so it points to a possible subnational path towards greater accountability within democracy

Accountability and Democracy Craig T. Borowiak, 2011-10-07 Accountability and Democracy provides a critical study of the concept of democratic accountability as it figures in democratic theory and in debates over globalization The book challenges views that emphasize political order popular sovereignty and control It instead illuminates democratic accountability as a source of mutuality participation destabilization and political transformation

Life after Dictatorship James Loxton, Scott Mainwaring, 2018-09-13 Life after Dictatorship launches a new research agenda on authoritarian successor parties worldwide Authoritarian successor parties are parties that emerge from authoritarian regimes but that operate after a transition to democracy They are one of the most common but overlooked features of the global democratic landscape They are major actors in Africa Asia Europe and Latin America and they have been voted back into office in over one half of all third wave democracies This book presents a new set of terms definitions and research questions designed to travel across regions and presents new data on these parties prevalence and frequent return to power With chapters from leading Africanists Asianists Europeanists and Latin Americanists it asks why are authoritarian successor parties so common Why are some more successful than others And in what ways can they harm or help democracy

Agents or Bosses? Özge Kemahlioğlu, 2012-12-01 Clientelism in public employment the practice of offering jobs in return for political favours to a party or politician is a problem from the perspectives of equality democratic accountability and economic efficiency Focusing on intra party competition this book presents an original explanation of why some politicians and parties engage more extensively in such practices than others Examining Argentina and Turkey in a period of economic restructuring the author argues that patronage jobs are distributed hierarchically to the politicians circle within the party Consequently the distribution of patronage is affected by competition for party leadership Analysis of original statistical and case study data at the sub national level confirms that clientelistic

practices are influenced by party characteristics Kemahliolu's research reveals a surprising and counter intuitive conclusion that when party support is crucial to politicians career progression and the leadership of the party is openly contested the proliferation of clientelism is contained and controlled

Latin American Politics Eduardo Alemán, 2020-07-23 While it is true that poverty political instability and economic under performance continue to be major problems in Latin America the region has made substantial progress in raising standards of living and overcoming military authoritarianism Latin American Politics reflects just how much the region has changed in the last two decades Eduardo Alemán draws on contemporary research in comparative studies on institutions elections and public opinion to highlight the big questions that political scientists seek to answer today What are the causes of political instability What factors have influenced changes in economic and gender inequality What are the implications of different political institutions for political outcomes

Diversity Across the Disciplines Audrey J. Murrell, Jennifer L. Petrie-Wyman, Abdesalam Soudi, 2019-12-01 Diversity research and scholarship has evolved over the past several decades and is now reaching a critical juncture While the scholarship on diversity and inclusion has advanced within various disciplines and subdisciplines there have been limited conversations and collaborations across distinct areas of research Theories paradigms research models and methodologies have evolved but continue to remain locked within specific area disciplines or theoretical canons This collaborative edited volume examines diversity across disciplines in higher education Our book brings together contributions from the arts sciences and professional fields In order to advance diversity and inclusion across campuses multiple disciplinary perspectives need to be acknowledged and considered broadly The current higher education climate necessitates multicultural and interdisciplinary collaboration Global partnerships and technological advances require faculty administrators and graduate students to reach beyond their disciplinary focus to achieve successful programs and research projects We need to become more familiar discussing diversity across disciplines Our book investigates diversity across disciplines with attention to people process policies and paradigms The four thematic categories of people process policies and paradigms describe the multidisciplinary nature of diversity and topics relevant to faculty administrators and students in higher education The framework provides a structure to understand the ways in which people are impacted by diversity and the complicated process of engaging with diversity in a variety of contexts Policies draw attention to the dynamic nature of diversity across disciplines and paradigms presents models of diversity in research and education

Ethnographic Insights on Latin America and the Caribbean Melanie A. Medeiros, Jennifer R. Guzmán, 2023-02-27 Ethnographic Insights on Latin America and the Caribbean offers a compelling introduction to the region by providing a series of ethnographic case studies that examine the most pressing issues communities are facing today These case studies address key topics such as inequities during the COVID 19 pandemic anti Black racism resistance against extractive industries migration and transnational families revitalization of Indigenous languages art and solidarity in the wake of political violence resilience in the face of climate change and recent social

movements Designed for courses in a variety of disciplines this expansive volume is organized in thematic sections with introductions that draw important connections between chapters The first section provides essential background on ethnography archaeology and history while chapters in the following sections center local perspectives strategies and voices Each chapter ends with reflection and discussion questions key concepts with definitions and resources to explore further Presenting a snapshot of life during the early decades of the twenty first century *Ethnographic Insights on Latin America and the Caribbean* illuminates the structural forces and human agency that are determining the future of the region and the world

Candidate Matters Karleen Jones West,2020-03-25 In developing democracies where vote buying and charismatic politicians are the norm niche parties have been the greatest hope for advancing the interests of marginalized communities In *Candidate Matters A Study of Ethnic Parties Campaigns and Elections in Latin America* Karleen Jones West uses in depth fieldwork on political campaigns and statistical analyses of elections and public opinion to show how individual candidates undermine the policy goals of parties that were initially created to advance niche policy interests like those of indigenous communities

Votes for Survival Simeon Nichter,2018-11-15 Across the world many politicians deliver benefits to citizens in direct exchange for their votes Scholars often predict the demise of this phenomenon as it is threatened by economic development ballot secrecy and other daunting challenges To explain its resilience this book shifts attention to the demand side of exchanges Nichter contends that citizens play a crucial but underappreciated role in the survival of relational clientelism ongoing exchange relationships that extend beyond election campaigns Citizens often undertake key actions including declared support and requesting benefits to sustain these relationships As most of the world s population remains vulnerable to adverse shocks citizens often depend on such relationships when the state fails to provide an adequate social safety net Nichter demonstrates the critical role of citizens with fieldwork and original surveys in Brazil as well as with comparative evidence from Argentina Mexico and other continents

The Politics of Sub-National Authoritarianism in Russia Cameron Ross,2016-02-24 By the end of the 2000s Russia had become an increasingly authoritarian state which was characterised by the following features outrageously unfair and fraudulent elections the existence of weak and impotent political parties a heavily censored often self censored media weak rubber stamping legislatures at the national and sub national levels politically subordinated courts the arbitrary use of the economic powers of the state and widespread corruption However this picture would be incomplete without taking into account the sub national dimension of these subversive institutions and practices across the regions of the Russian Federation After the collapse of the Soviet Union sub national political developments in Russia became highly diversified and the political map of Russia s regions became multi faceted The period of 2000s demonstrated a drive on the part of the Kremlin to re centralise politics and governance to the demise of newly emerging democratic institutions at both the national and sub national levels Yet federalism and regionalism remain key elements of the research agenda in Russian politics and the overall political map of Russia s regions is far from

being monotonic Rather it is similar to a complex multi piece puzzle which can only be put together through skilful crafting The 12 chapters in this collection are oriented towards the generation of more theoretically and empirically solid inferences and provide critical evaluations of the multiple deficiencies in Russia s sub national authoritarianism including principal agent problems in the relations between the layers of the power vertical unresolved issues of regime legitimacy that have resulted from manipulative electoral practices and the inefficient performance of regional and local governments The volume brings together a team of international experts on Russian regional politics which includes top scholars from Britain Canada Russia and the USA

Segmented Representation Juan Pablo Luna,2014-04 Segmented Representation presents a new analytical framework to understand how democratic representation and social inequality interact This has implications for the quality of democracy for redistributive outcomes and for party system change and survival

Clientelism and Democratic Representation in Comparative Perspective Saskia Ruth-Lovell,Maria Spirova,2019-10-15 Since the Third Wave of democratization research on clientelism has experienced a revival The puzzling persistence of clientelism in new and old democracies inspired researchers to investigate the micro foundations and causes of this phenomenon Though the decline of clientelistic practices such as vote buying and patronage in democratic contexts has often been predicted they have proven to be highly adaptive strategies of electoral mobilization and party building This volume seeks to contribute to this new line of research and develops a theoretical framework to study the consequences of clientelism for democratic governance Under governance we understand all processes of governing whether undertaken by a government market or network whether over a family tribe formal or informal organization or territory and whether through laws norms power or language

The Rule of Law In Central America Mary Fran T. Malone,2014-03-13 The book is a thorough study that focuses on the impact of the current crime wave on citizens respect for the law in countries such as Nicaragua Panama Costa Rica Guatemala El Salvador and Honduras The work opens with a brief review of the literature on the rule of law and legal socialization followed by an historical overview of the democratization and justice reform in Central America from the 1990s to the present Set as a comparative micro level study the work then looks at an array of measures from citizens toleration of government abuses of power to vigilante justice and the reporting of crime to police Lastly an empirical model is developed to predict citizens attitudes combining both these micro level individual attributes with macro level measures of institutional performance A unique look at the process of democratization from a comparative perspective Citizens Support for the Rule of Law in Central America it will appeal to faculty researchers and students interested in Latin American politics comparative politics and democratic transition

Routledge Handbook of Comparative Political Institutions Jennifer Gandhi,Rubén Ruiz-Rufino,2015-04-10 The Routledge Handbook of Comparative Political Institutions HCPI is designed to serve as a comprehensive reference guide to our accumulated knowledge and the cutting edge of scholarship about political institutions in the comparative context It differs from existing handbooks in that it focuses squarely on institutions but also discusses how

they intersect with the study of mass behaviour and explain important outcomes drawing on the perspective of comparative politics The Handbook is organized into three sections The first section consisting of six chapters is organized around broad theoretical and empirical challenges affecting the study of institutions It highlights the major issues that emerge among scholars defining measuring and analyzing institutions The second section includes fifteen chapters each of which handles a different substantive institution of importance in comparative politics This section covers traditional topics such as electoral rules and federalism as well as less conventional but equally important areas including authoritarian institutions labor market institutions and the military Each chapter not only provides a summary of our current state of knowledge on the topic but also advances claims that emphasise the research frontier on the topic and that should encourage greater investigation The final section encompassing seven chapters examines the relationship between institutions and a variety of important outcomes such as political violence economic performance and voting behavior The idea is to consider what features of the political sociological and economic world we understand better because of the scholarly attention to institutions Featuring contributions from leading researchers in the field from the US UK Europe and elsewhere this Handbook will be of great interest to all students and scholars of political institutions political behaviour and comparative politics Jennifer Gandhi is Associate Professor Department of Political Science Emory University Rub n Ruiz Rufino is Lecturer in International Politics Department of Political Economy King s College London

Political Vices Mark E. Button, 2016 This book explores our uniquely political vices hubris willful blindness and recalcitrance According to Mark Button this overlooked class of vice encompasses those persistent dispositions of character and conduct that threaten the functioning of democratic institutions and the trust that citizens place in these institutions to secure a just political order Political Vices provides an account for how citizens can best contend with our most troubling political sins without undermining core commitments to liberalism or pluralism

The Ideational Approach to Populism Kirk A. Hawkins, Ryan E. Carlin, Levente Littvay, Cristóbal Rovira Kaltwasser, 2018-10-11 Populism is on the rise in Europe and the Americas Scholars increasingly understand populist forces in terms of their ideas or discourse one that envisions a cosmic struggle between the will of the common people and a conspiring elite In this volume we advance populism scholarship by proposing a causal theory and methodological guidelines a research program based on this ideational approach This program argues that populism exists as a set of widespread attitudes among ordinary citizens and that these attitudes lie dormant until activated by weak democratic governance and policy failure It offers methodological guidelines for scholars seeking to measure populist ideas and test their effects And to ground the program empirically it tests this theory at multiple levels of analysis using original data on populist discourse across European and US party systems case studies of populist forces in Europe Latin America and the US survey data from Europe and Latin America and experiments in Chile the US and the UK The result is a truly systematic comparative approach that helps answer questions about the causes and effects of populism

Clientelism and Economic Policy Aris

Trantidis,2016-04-28 With its deep economic crisis and dramatic political developments Greece has puzzled Europe and the world What explains its long standing problems and its incapacity to reform its economy Using an analytic narrative and a comparative approach the book studies the pattern of economic reforms in Greece between 1985 and 2015 It finds that clientelism the allocation of selective benefits by political actors patrons to their supporters clients created a strong policy bias that prevented the country from implementing deep cutting reforms The book shows that the clientelist system differs from the general image of interest group politics and that the typical view of clientelism as individual exchange between patrons and clients has not fully captured the wide range and implications of this phenomenon From this the author develops a theory on clientelism and policy making addressing key questions on the politics of economic reform government autonomy and party politics The book is an essential addition to the literatures on clientelism public choice theory and comparative political economy It will be of key interest to scholars and students of European Union politics economic policy and party politics Routledge Handbook of Latin American Politics Peter Kingstone,Deborah J. Yashar,2013-03-05 The Routeldge Handbook of Latin American Politics brings together the leading figures in the study of Latin America to present extensive empirical coverage and a cutting edge examination of the central areas of inquiry in the region *Dictators and Democracy in African Development* A. Carl LeVan,2015 This book argues that the structure of the policy making process in Nigeria explains variations in government performance better than other commonly cited factors

The Voters Dilemma And Democratic Accountability Latin America And Beyond Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading The Voters Dilemma And Democratic Accountability Latin America And Beyond free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading The Voters Dilemma And Democratic Accountability Latin America And Beyond free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading The Voters Dilemma And Democratic Accountability Latin America And Beyond free PDF files is

convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading The Voters Dilemma And Democratic Accountability Latin America And Beyond. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading The Voters Dilemma And Democratic Accountability Latin America And Beyond any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About The Voters Dilemma And Democratic Accountability Latin America And Beyond Books

What is a The Voters Dilemma And Democratic Accountability Latin America And Beyond PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Voters Dilemma And Democratic Accountability Latin America And Beyond PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Voters Dilemma And Democratic Accountability Latin America And Beyond PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Voters Dilemma And Democratic Accountability Latin America And Beyond PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Voters Dilemma And Democratic Accountability Latin America And Beyond PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing

PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
