The Wackiest Fifth Grade First Week Ever A Fifth Grade Story:

The Wackiest Fifth Grade First Week Ever Barbara H. Holland, 2013-10-03 Twenty one year old Jamie Thompson reluctantly takes her identical twin's place as fifth grade teacher on the first day of school when her sister isn't able to go. Can she get by without revealing she isn't the person hired to teach? Another teacher, the self-appointed school police reports Jamie's unorthodox teaching methods. Will she get her sister fired before the first week is out? What will happen when the real teacher shows up and everyone sees double?

Sister Savior Brittanie Richardson, 2023-11-07 What is savior hood that truly brings liberation? Is it only the white male Jesus figure dying on the cross to save us from hell? A missionary crossing oceans to save the lost. In this searing memoir Brittanie Richardson remembers begging God to save her from sexual abuse at the tender age of three and takes us on her journey where her initial understanding of savior hood was stolen and she became steeped in white evangelicalism, white saviorism, and trying to change herself to please God. She eventually moved to Kenya to rescue young girls from sexual exploitation and bring them the good news of salvation. Instead, these girls by showing up and saving each other everyday reintroduced her to sister savior hood which defied the limitations of white savior hood and centered the power of marginalized girls. Richardson denounces white evangelicalism, deconstructs her faith, and embraces all of herself including her queerness. Through her story, you will also be moved to embark on your own journey of liberation and self acceptance.

Resources in Education, 1990-04 *A Community of Voices on Education and the African American Experience* Hazel Arnett Ervin, Lois Jamison Sheer, 2016-02-29 This book offers a history of African American education while also serving as a companion text for teachers, students, and researchers in cultural criticism, American and African American studies, postcolonialism, historiography, and psychoanalytics. Overall, it represents essential reading for scholars, critics, leaders of educational policy, and all others interested in ongoing discussions not only about the role of community, family, teachers, and others in facilitating quality education for the citizenry but also about ensuring the posterity of a society via equal access to and attainment of quality education by its constituents of color. Particularly, this volume fills a void in the annals of African American history and African American education by addressing the vibrancy of an education ethos within Black America which has unequivocally served as cultural, historical, political, legal, and theoretical references.
