The Walkers Literary Companion:

Gleason's Literary Companion ,1864 **The Walker's Literary Companion** Roger Gilbert,Jeffrey Cane Robinson,Anne D. Wallace,2000 Walks and walking in the world s great literature A shelf mate to The Runner s Literary Companion **A Literary Companion to Rome** John Varriano,1995-05-15 Arranged as a series of walks through the city this book is both an illuminating guide for the visitor to Rome and a delight to read at home for those who love the city and want to enrich their knowledge of it Includes 10 walking tours illustrations **The Dramatic Mirror, and Literary Companion** James Rees,1842 **The Walk** Jeffrey Cane Robinson,2006 The Walk a meditation on walking and on the literature of walking ruminates on this pervasive even commonplace modern image It is not so much an argument as a journey along the path of literature noting the occasions and settings the pleasures and possibilities of different types of walking through the country or city during day or night alone or with someone and the literatures the poems essays stories novels and diaries walking has produced Jeffrey C Robinson s discussion is less criticism than appreciation with an autobiographical bent he leads the reader through Romantic modern and contemporary literature to show us the shared pleasures of reading writing and walking *A Literary Companion to Travel in Greece* Richard Stoneman,1994 A wide ranging anthology of responses evoked through the ages by the history and beauty of Greece *American Masonic Register and Literary Companion* ,1829

Travel, Writing and the Media Barbara Korte,Anna Karina Sennefelder,2022-03-03 The nexus between travel writing and media in the contemporary world is dense travel practice is increasingly interwoven with media representations in old and new media are co present and converge Digitisation has had a profound impact on the practice and mediation of travel but this volume aims to show that travel and its representation have always been enlaced with media With contributions by experts in literary and cultural studies journalism studies and informatics the book takes a multi and interdisciplinary approach and covers a wide range of media from the hand crafted album to social media It illustrates how current transformations invite us to revisit earlier periods of travel writing and their media environments and to explore the ways in which contemporary forms of mediation are prefigured by earlier practices and forms The book addresses readers interested in travel writing travel studies and cultural studies Chapters Introduction 3 7 and 9 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license Funded by University of Freiburg *The Pigskin Rabbi* Willard Manus,2000-10 Paperback release of the hilarious outrageous novel about a young rabbi who becomes an NFL superstar **Talking the Walk & Walking the Talk** Marc Shell,2015-09-01 This book argues that we should regard walking and talking in a single rhythmic vision In doing so it contributes to the theory of prosody our understanding of respiration and looking and in sum to the particular links across the board between the human characteristics of bipedal walking and meaningful talk The author first introduces the philosophical neurological anthropological and aesthetic aspects of the subject in historical perspective

then focuses on rhetoric and introduces a tension between the small and large issues of rhythm He thereupon turns his attention to the roles of breathing in poetry as a life and death matter with attention to beats and walking poems This opens onto technical concepts from the classical traditions of rhetoric and philology Turning to the relationship between prosody and motion he considers both animals and human beings as both ostensibly able bodied creatures and presumptively disabled ones Finally he looks at dancing and writing as aspects of walking and talking with special attention to motion in Arabic and Chinese calligraphy The final chapters of the book provide a series of interrelated representative case studies

Unfettering Poetry J. Robinson, 2006-04-29 This book calls attention to the pervasive but largely unacknowledged poetics of the Fancy evident in poetry written during the British Romantic period These poetics Robinson demonstrates are an early nineteenth century version of what will become the visionary experimental open form poetics of the twentieth century

Writing Place Rebecca Hutcheon, 2018-02-12 Exploring a hitherto neglected field Writing Place Mimesis Subjectivity and Imagination in the Works of George Gissing is the first monograph to consider the works of George Gissing 1857 1903 in light of the spatial turn By exploring how objectivity and subjectivity interact in his work the book asks what are the risks of looking for the real in Gissing s places How does the inherent heterogeneity of Gissing s observation influence the textual recapitulation of place In addition to examining canonical texts such as *The Nether World* 1889 *New Grub Street* 1891 and *The Private Papers of Henry Ryecroft* 1901 the book analyses the lesser known novels short stories journalism and personal writings of Gissing in the context of modern spatial studies The book challenges previously biographical and London centric accounts of Gissing s representation of space and place by re examining seemingly innate contemporaneous geographical demarcations such as the north and the south the city suburb and country Europe and the world and re reading Gissing s places in the contexts of industrialism ruralism the city in literature and travel writing Through sustained attention to the ambiguities and contradictions rooted in the form and content of his writing the book concludes that ultimately Gissing s novels undermine spatial dichotomies by emphasising and celebrating the incongruity of seeming certainties
