The War Correspondence Of Leon Trotsky The Balkan Wars 1912 13:

The Balkan Wars, 1912-13 Leon Trotsky, 1980 The Balkan Wars, 1912-13 Lev Davidovič Trockij, 1980 *The War correspondence* Leon Trotsky, 1980 *The Balkan Wars 1912-1913* Richard C. Hall, 2002-01-04 In *The Balkan Wars 1912 1913* Richard Hall examines the origins the enactment and the resolution of the Balkan Wars during which the Ottoman Empire fought a Balkan coalition of Bulgaria Greece Montenegro and Serbia The Balkan Wars of 1912 1913 opened an era of conflict in Europe at the beginning of the 20th century which lasted until 1918 and which established a basis for problems which tormented Europe until the end of the century Based on archival as well as published diplomatic and military sources this book provides the first comprehensive perspective on the diplomatic and military aspects of the Balkan Wars It demonstrates that because of the diplomatic problems raised and the military strategies and tactics pursued to resolve those problems The Balkan Wars of 1912 1913 were the first phase of the greater and wider conflict of the First World War

The Balkan Wars from Contemporary Perception to Historic Memory Katrin Boeckh, Sabine Rutar, 2017-01-10 This book explores the historial role of the Balkan Wars In Eastern Europe the two Balkan Wars of 1912 13 had greater importance than the First World War for the construction of nations and states This volume shows how these short wars profoundly changed the sociopolitical situation in the Balkans with consequences that are still felt today More than one hundred years later the successors of the belligerent states in Southeastern Europe memorialize the wars as heroic highlights of their respective pasts Furthermore the metaphor that the Balkans were Europe s powder keg perpetuated at the beginning of the twentieth century in the face of these wars was reactivated in both the West and the East up through the Yugoslav wars of the 1990s The authors entangle the hitherto exclusive national master narratives and analyse them cogently and trenchantly for an international readership They make an indispensable contribution to the proper integration of the Balkan Wars into the European historical memory of twentieth century warfare The Lost World of Socialists at Europe's Margins Maria Todorova, 2020-09-03 Maria Todorova s book is devoted to the golden age of the socialist idea broadly surveying the period in and around the time of the Second International It critically examines the promise for an alternative socialist utopia from 1870 to the 1920s Todorova brings in the experience of the periphery in a comparative context in the belief that the margins can often elucidate better the character of a phenomenon and de provincialize it from essentialist notions In doing so *The Lost World of Socialists at Europe s Margins* moves beyond the traditional historiographical emphasis on ideology by looking at different intersections or entanglements of spaces generations genders ideas and feelings and different flows of historical time The study provides a social and cultural history of early socialism in Eastern Europe with an emphasis on Bulgaria arguably the country with the earliest and strongest socialist movement in Southeast Europe and one that had a unique relationship to both German and Russian social democracy Based on a rich prosopographical database of around 3500 biographies of people born in the 19th century the book addresses the interplay of several generations of leftists

looking at the specifics of how ideas were generated received transferred and transformed Finally the work investigates the intersection between subjectivity and memory as reflected in a unique cache of archival materials containing over 4000 documentary sources including diaries oral interviews and unpublished memoirs A microhistorical approach to this material allows the reconstruction of structures of feeling that inspired an exceptional group of individuals *Trotsky and the Russian Revolution* Geoffrey Swain,2014-02-24 Supporters of Stalin saw Trotsky as a traitor and renegade Trotsky s own supporters saw him as the only true Leninist In Trotsky and the Russian Revolution Geoffrey Swain restores Trotsky to his real and central role in the Russian Revolution In this succinct and comprehensive study Swain contests that In the years between 1903 and 1917 it was the ideas of Trotsky rather than Lenin which shaped the nascent Bolshevik Party and prepared it for the overthrow of the Tsar During the autumn of 1917 workers supported Trotsky s idea of an insurrection carried out by the soviet rather than Lenin s demand for a party orchestrated coup d etat During the Russian Civil War Trotsky persuaded a sceptical Lenin that the only way to victory was through the employment of officers trained in the Tsar s army As well as examining Trotsky s critique of Stalin s Russia in the 1930s this seminar reader probes deeper to explore the ideas which drove Trotsky forward during his years of influence over Russia s revolutionary politics exploring such key concepts as how to construct a revolutionary party how to stage a successful insurrection how to fight a revolutionary war and how to build a socialist state War And The Marxists S. F. Kissin,2020-01-23 A study of Marxist and socialist theory and its relationship to war A history of the attempt to find a unified socialist position relating to capitalist wars War in the Balkans James Pettifer,Tom Buchanan,2015-11-20 The history of the Balkans incorporates all the major historical themes of the 20th Century the rise of nationalism communism and fascism state sponsored genocide and urban warfare Focusing on the centuries opening decades War in the Balkans seeks to shed new light on the Balkan Wars through approaching each regional and ethnic conflict as a separate actor before placing them in a wider context Although top down Great Powers historiography is often used to describe the beginnings of the World War I not enough attention has been paid to the events in the region in the years preceding the Archduke Ferdinand s assassination The Balkan Wars saw the defeat of the Ottoman Empire the end of the Bulgarian Kingdom then one of the most powerful military countries in the region an unprecedented hardening of Serbian nationalism the swallowing up of Slovenes Croats and Slovaks in a larger Balkan entity and thus set in place the pattern of border realignments which would become familiar for much of the twentieth century **Modernism, Internationalism and the Russian Revolution** David Ayers,2018-06-30 Representations of the ancient hero in the new millenium *A Convergence of Civilizations* Youssef Courbage,Emmanuel Todd,2014-10-07 We are told that Western Christian and Muslim Arab civilizations are heading towards inevitable conflict The demographics of the West remain sluggish while the population of the Muslim world explodes widening the cultural gap and all but guaranteeing the outbreak of war Leaving aside the media s sound and fury on this issue measured analysis shows another reality taking shape

rapprochement between these two civilizations benefiting from a universal movement with roots in the Enlightenment The historical and geographical sweep of this book discredits the notion of a specific Islamic demography The range of fertility among Muslim women for example is as varied as religious behavior among Muslims in general Whether agnostics fundamentalist Salafis or al Qaeda activists Muslims are a diverse group that prove the variety and individuality of Islam Youssef Courbage and Emmanuel Todd consider different degrees of literacy patriarchy and defensive reactions among minority Muslim populations underscoring the spread of massive secularization throughout the Arab and Muslim world In this regard they argue there is very little to distinguish the evolution of Islam from the history of Christianity especially with Muslims now entering a global modernity Sensitive to demographic variables and their reflection of personal and social truths Courbage and Todd upend a dangerous meme that we live in a fractured world close to crisis struggling with an epidemic of closed cultures and minds made different by religion

Pandora's Box Jörn Leonhard, 2020-05-05 Winner of the Norman B Tomlinson Jr Prize The best large scale synthesis in any language of what we currently know and understand about this multidimensional cataclysmic conflict Richard J Evans Times Literary Supplement In this monumental history of the First World War Germany's leading historian of the period offers a dramatic account of its origins course and consequences Jörn Leonhard treats the clash of arms with a sure feel for grand strategy He captures the slow attrition the race for ever more destructive technologies and the grim experiences of frontline soldiers But the war was more than a military conflict and he also gives us the perspectives of leaders intellectuals artists and ordinary men and women around the world as they grappled with the urgency of the moment and the rise of unprecedented political and social pressures With an unrivaled combination of depth and global reach Pandora's Box reveals how profoundly the war shaped the world to come An epic and magnificent work unquestionably for me the best single volume history of the war I have ever read It is the most formidable attempt to make the war to end all wars comprehensible as a whole Simon Heffer The Spectator A great book on the Great War Leonhard succeeds in being comprehensive without falling prey to the temptation of being encyclopedic He writes fluently and judiciously Adam Tooze Die Zeit Extremely readable lucidly structured focused and dynamic Leonhard's analysis is enlivened by a sharp eye for concrete situations and an ear for the voices that best convey the meaning of change for the people and societies undergoing it Christopher Clark author of The Sleepwalkers

Bosnia Tony Fabijancic, 2010-02-25 Tensions leading to World War I brewed for years and were brought to a head by the assassination of Archduke Ferdinand But who was the assassin What was his plan Not many people know the name of Gavrilo Princip Tony Fabijancic peels back the mystery surrounding Princip and explores his journey to Sarajevo his motivations idealism and Yugoslavianism Fabijancic also connects Princip to the new Bosnia that emerged from the ethnic violence of the 1990s Anyone with an interest in literary travel writing Balkan nationalism and international politics will find a wealth of historically important information folded into a remarkable story set in a fascinating land

The Serbs Tim Judah, 2008-10-01 Who are

the Serbs Branded by some as Europe's new Nazis they are seen by others and by themselves as the innocent victims of nationalist aggression and of an implacably hostile world media In this challenging new book Timothy Judah who covered the war years in former Yugoslavia for the London Times and the Economist argues that neither is true Exploring the Serbian nation from the great epics of its past to the battlefields of Bosnia and the backstreets of Kosovo he sets the fate of the Serbs within the story of their past This wide ranging scholarly and highly readable account opens with the windswept fortresses of medieval kings and a battle lost more than six centuries ago that still profoundly influences the Serbs Judah describes the idea of Serbdom that sustained them during centuries of Ottoman rule the days of glory during the First World War and the genocide against them during the Second He examines the tenuous ethnic balance fashioned by Tito and its unraveling after his death And he reveals how Slobodan Milosevic later to become president used a version of history to drive his people to nationalist euphoria Judah details the way Milosevic prepared for war and provides gripping eyewitness accounts of wartime horrors the burning villages and ethnic cleansing the ignominy of the siege of Sarajevo and the columns of bedraggled Serb refugees cynically manipulated and then abandoned once the dream of a Greater Serbia was lost This first in depth account of life behind Serbian lines is not an apologia but a scrupulous explanation of how the people of a modernizing European state could become among the most reviled of the century Rejecting the stereotypical image of a bloodthirsty nation Judah makes the Serbs comprehensible by placing them within the context of their history and their hopes *Virtuous War* James

Der Derian,2009-01-28 *Virtuous War* is the first book to map the emergence and judge the consequences of a new military industrial media entertainment network James Der Derian takes the reader from a family history of war and genocide to new virtual battlespaces in the Mojave Desert Silicon Valley Hollywood and American universities He tracks the convergence of cyborg technologies video games media spectacles war movies and do good ideologies that produced a chimera of high tech low risk virtuous wars In this newly updated edition he reveals how a misguided faith in virtuous war to right the wrongs of the world instead paved the way for a flawed response to 9 11 and a disastrous war in Iraq Blinded by virtue emboldened by technological superiority seized by a mimetic terror the US blundered from one foreign fiasco to the next Taking the long view as well as getting up close to the war machine *Virtuous War* provides a compelling alternative to the partisan politics instant analysis and technical fixes that currently bedevil US national security policy *Burn This House* James

Ridgeway,2000-10-31 An account of the rise and fall of Yugoslavia by the people who live there The pieces have been written by the people protesting in the streets of Belgrade now the voices of the antiwar opposition regardless of ethnic background

Mythopoetic Cinema Kriss Ravetto-Biagioli,2017-08-08 In *Mythopoetic Cinema* Kriss Ravetto Biagioli explores how contemporary European filmmakers treat mythopoetics as a critical practice that questions the constant need to provide new identities a new Europe and with it a new European cinema after the fall of the Soviet Union *Mythopoetic cinema* questions the perpetual branding of movements ideas and individuals Examining the work of Jean Luc Godard Alexander Sokurov

Marina Abramovi and Theodoros Angelopoulos Ravetto Biagioli argues that these disparate artists provide a critical reflection on what constitutes Europe in the age of neoliberalism Their films reflect not only the violence of recent years but also help question dominant models of nation building that result in the general failure to respond ethically to rising ethnocentrism In close readings of such films as Sokurov s Russian Ark 2002 and Godard s Notre Musique 2004 Ravetto Biagioli demonstrates the ways in which these filmmakers engage and evaluate the recent reconceptualization of Europe s borders mythic figures and identity paradoxes Her work not only analyzes how these filmmakers thematically treat the idea of Europe but also how their work questions the ability of the moving image to challenge conventional ways of understanding history

The Christian-Muslim Frontier Mario Apostolov, 2004-03 An examination of the civilisational interface between Christianity and Islam from the unique perspective as a zone of contact rather than a distinct boundary

Religion in the Military Worldwide Ron E. Hassner, 2014 This volume is the first to offer a comparative analysis of religion in militaries worldwide

The Balkans Mark Mazower, 2007-12-18 Throughout history the Balkans have been a crossroads a zone of endless military cultural and economic mixing and clashing between Europe and Asia Christianity and Islam Catholicism and Orthodoxy Subject to violent shifts of borders rulers and belief systems at the hands of the world s great empires from the Byzantine to the Habsburg and Ottoman the Balkans are often called Europe s tinderbox and a seething cauldron of ethnic and religious resentments Much has been made of the Balkans deeply rooted enmities The recent destruction of the former Yugoslavia was widely ascribed to millennial hatreds frozen by the Cold War and unleashed with the fall of communism In this brilliant account acclaimed historian Mark Mazower argues that such a view is a dangerously unbalanced fantasy A landmark reassessment The Balkans rescues the region s history from the various ideological camps that have held it hostage for their own ends not least the need to justify nonintervention The heart of the book deals with events from the emergence of the nation state onward With searing eloquence Mazower demonstrates that of all the gifts bequeathed to the region by modernity the most dubious has been the ideological weapon of romantic nationalism that has been used again and again by the power hungry as an acid to dissolve the bonds of centuries of peaceful coexistence The Balkans is a magnificent depiction of a vitally important region its history and its prospects
