life as never before World War I was supposed to be the war to end all wars Over four long years nations around the globe were sucked into the tempest and millions of men died on the battlefields To this day the war stands as one of history's most senseless spasms of carnage defying rational explanation To End All Wars focuses on the long ignored moral drama of the war's critics alongside its generals and heroes Many of these dissenters were thrown in jail for their opposition to the war from a future Nobel Prize winner to an editor behind bars who distributed a clandestine newspaper on toilet paper These critics were sometimes intimately connected to their enemy hawks one of Britain's most prominent women pacifist campaigners had a brother who was commander in chief on the Western Front Two well known sisters split so bitterly over the war that they ended up publishing newspapers that attacked each other Hochschild forces us to confront the big questions Why did so many nations get so swept up in the violence Why couldn't cooler heads prevail And can we ever avoid repeating history
